VI. Weekly Report:

Week Ahead Announcements and Actions

On October 10 - 11, BLM-AK Fire Service will host the Alaska Wildfire Coordinating Group Interagency Fall Review in Fairbanks. The annual interagency review is a forum for federal, state, local and tribal wildland fire partners, land managers and agency administrators to focus on the response to this season's fires, issues with the Wildland Fire Decision Support system and fire management plans and other issues of interest to various agencies in Alaska. The event also includes presentations by the Alaska Fire Science Consortium on climate impacts and management options to wildland firefighting. BLM-AK Acting State Director Karen Mouritsen is tentatively planning to attend.

On October 11, BLM-WY Casper Field Office will meet with local ranchers to discuss their concerns about tribal consultation on split-estate and wells built on private surface that intersect both private and federal minerals in Douglas. Supervisory Natural Resource Specialist Ben Bigalke, acting Field Manager Chris Durham, Assistant Field Manager for Minerals and Lands Kathleen Lacko, Deputy Preservation Officer/Tribal Consultation and NAGPRA Coordinator for BLM-WY Kathy Boden and a representative from the State Historic Preservation Office will be on-hand to answer questions and document landowner concerns. The public and media are not invited to attend.

On October 11, BLM Senior Planning and Environmental Analyst Andrew Strasfogel and Outdoor Recreation Planner Terina Dorothy Morgan will meet in Washington, D.C., with an International Visitor Leadership Program group from Peru to discuss planning with community involvement and tourism.

On October 12, Petroleum Engineer Subijoy Dutta will meet in Washington, D.C., with an International Visitor Leadership Program group from Iraq to discuss natural gas development.

On October 11 - 13, BLM-AK Acting State Director Karen Mouritsen will serve on the opening panel at the 5th biennial U.S. Canada Northern Oil & Gas Forum 2017, "Taking Stock: Sharing Best Practices and Identifying Needs for Viable Beaufort Sea and Adjacent Lands Development" in Anchorage. The panel, "Science-Informed Decision-Making," will also feature Bureau of Safety and Environmental Enforcement Alaska Regional Director Mark Fesmire, Bureau of Ocean Energy Management Alaska Regional Director James Kendall, a representative yet to be determined from the Government of the Northwest Territories in Canada, and Natural Resources Canada Chief Scientist Donna Kirkwood. North Slope Science Initiative Deputy Director Mark Miller will chair three panels and BLM-AK Supervisory Planning and Environmental Coordinator Serena Sweet will serve on a panel. Find the full agenda at: <https://www.uscanada2017nogf.com/>. The event is sponsored by the Bureau of Ocean Energy Management and the Nuka Research and Planning Group.

30 - 60 Day Look-Ahead

On October 16, the 45-day public comment period concludes for the BLM-NV Draft Environmental Impact Statement for a proposed expansion of the Phoenix Mine. The gold and copper mine currently employs about 500 people and is located approximately 12 miles southwest of Battle Mountain in Lander County, NV.

On October 17, BLM-CA will host the annual California Youth Summit at the California State University, Sacramento campus for the 5th year. BLM-CA External Affairs Chief Martha Maciel will be a keynote speaker, and Acting Director Michael Nedd will give a video welcome speech. This year's event is expected to draw about 500 participants and will include speakers, workshops, and a job fair.

On October 17, BLM-MT will hold a sealed-bid competitive coal lease sale for a 320-acre tract in McLean County, ND, containing an estimated 2.2 million tons of in-place Federal coal resources. The BLM is offering the tract in response to an application filed by the Falkirk Mining Company in November 2013. Located approximately two miles northeast of Underwood, the tract is within and adjacent to the Falkirk Mine, which employs more than 500 workers and produces more than 8 million tons of lignite coal per year. The BLM analyzed the impacts of leasing the coal in an EA and signed a Finding of No Significant Impact and Decision Record earlier this year.

On October 17 - 19, BLM Acting Deputy Director John Ruhs and Wild Horse and Burro Program Division Chief Dean Bolstad will attend the Wild Horse and Burro Advisory Board Meeting in Grand Junction, CO, to discuss program updates.

On Oct 23 - 24, the Sage Grouse Task Force is scheduled to meet in Denver to discuss any additional issues or concerns raised by stakeholders, specific proposed policy changes, and any remaining issues that may require a plan amendment in connection with Secretary's Order 3353. The task is led by the Governors of Wyoming and Colorado and includes membership from the 11 sage-grouse States, BLM, Forest Service, Natural Resources Conservation Service, USGS, and the Fish and Wildlife Service.

On October 26, BLM-NV will hold a competitive geothermal lease sale for five parcels totaling 12,615 acres in Elko, Eureka, and Lander Counties, NV. At this time, the BLM cannot predict the level of bidding interest.

In mid-to-late fall, BLM-CO expects to grant a royalty rate reduction for West Elk Mine. The BLM proposes to approve Mountain Coal Company, LLC's application for a royalty rate reduction from 8 percent to 5 percent for 10.3 million tons of coal in the West Elk Mine in southwest Colorado's North Fork Valley. Colorado Governor John Hickenlooper expressed support for the royalty rate reduction, contingent on Mountain Coal Company exploring methane capture at the mine.

In mid-to-late fall, BLM-CO expects to modify GCC Energy's King II Mine in Montezuma County in southwest Colorado by 951 acres. The modification will allow GCC to access an estimated 4.66 million tons of recoverable Federal coal reserves for an additional 6.5 years of mining. Montezuma County supports the modification, noting Federal mineral development's positive impacts on the region through jobs and tax revenue. The BLM hopes to issue the decision this fall, pending final approval from the Department.

On November 6, BLM Acting Director Mike Nedd will attend the National Mining Association/BLM Sustainable Development Awards in Washington, D.C. The awards are presented by the BLM in recognition of outstanding reclamation activities that restore land to other productive uses following mining operations, and community outreach programs that provide valuable infrastructure and conservation services to local communities.

On November 7, BLM-AK Glennallen Field Office staff will attend the Ahtna Land Committee Meeting in Glennallen in an annual face-to-face consultation effort to improve communication and cooperation between the BLM and Alaska Regional Native Corporation Ahtna Inc. BLM agenda items will include staffing changes, Unit 13 Federal Subsistence hunting, mining and mining access within the district,

mitigating off-road travel within the Tangle Lakes Archaeological District, upcoming youth events, and BLM summer 2018 internship opportunities.

On November 13-15, Kathy Benedetto, Special Assistant to the Secretary, will attend the Idaho Cattle Association Annual Convention in Sun Valley to discuss the Sage-Grouse issues, including the Sage-Grouse Secretary's Order.

On December 1-2, BLM will attend the Western Governors' Association Annual Meeting in Phoenix, AZ. A BLM representative is to be determined. An agenda is not yet available.

On December 6, BLM-AK will hold an oil and gas lease sale for 900 tracts in the NPR-A. This will be BLM-AK's first online oil and gas lease sale, coordinated through the National Operations Center. Currently, 189 authorized leases in the NPR-A cover more than 1,372,688 acres. This lease sale, the 13th since 1999, is also the first NPR-A oil and gas lease sale to occur via video livestream. At this point, the sale's controversy is unknown. The sale will be expected to be controversial if BLM-AK modifies the Integrated Activity Plan prior to the sale. Bidding is expected to be moderate due to the size of the sale, which is another potential source of controversy.

On December 7, BLM-NM will hold an oil and gas lease sale for 7 parcels totaling 2,104 acres in Eddy and Lea Counties. The sale is expected to be controversial and is likely to be protested by environmental groups who regularly protest all BLM-NM lease sales. The bidding is expected to be robust.

On December 7, BLM-CO will hold an oil and gas lease sale for 10 parcels totaling 1,227 acres in Garfield and Mesa Counties. The sale will likely be controversial due to recent media coverage regarding leasing in the Grand Junction area overlapping with potential solar sites. Bidding is expecting to be robust.

On December 7, Special Assistant to the Secretary Kathy Benedetto will give the keynote address for the Public Lands session at the American Exploration and Mining Conference in Reno, NV. Topics for the speech have not yet been determined.
