PUBLIC LANDS DAY IS YOUR DAY

Dear Sally,

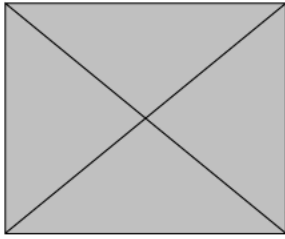

YOU ARE THE PUBLIC IN PUBLIC LANDS and this weekend **you are our partner on the ground** as hundreds of thousands of our neighbors, colleagues and friends get to work and give back in celebration of **National Public Lands Day** - our nation's single biggest day of service.

Be a part of the #NPLD community - [click here to DONATE](#)

Dozens of our Friends Grassroots Network groups are partnering with Bureau of Land Management offices and volunteers to hold service projects, inspire environmental stewardship and connect communities to public lands on #NPLD.

Here are just a few of the ways our groups are giving back on #NPLD:

- building trails in [Organ Mountains-Desert Peaks National Monument](#)
- repairing fences in [Bears Ears National Monument](#)
- installing signs in [Gold Butte National Monument](#)
- cleaning up and weeding in [Sand to Snow National Monument](#)

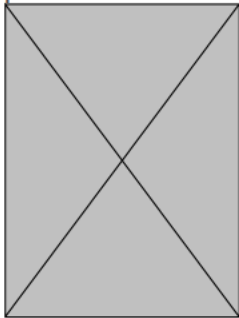

You can be a part of these projects and long-term stewardship of our public lands by [making a gift](#) to the Conservation Lands Foundation in honor of #NPLD today.

Public lands are where we adventure, play and connect to the outdoors and **we - along with our partners at [Osprey Packs](#) - want to gear you up to get out and explore** with a Daylite Plus Pack or Trillium 30L Duffel!

Here's how the pack can be yours:

1. [CLICK](#) to become a monthly-donor at \$15/month, or
2. Make a one-time #NPLD gift of \$150 or more [HERE](#).

With your gift to the Conservation Lands Foundation, you are supporting a powerful network of grassroots advocates across the West in **protecting, defending and stewarding our public lands**. As the Trump Administration looks to shrink boundaries and dismantle protections for our wildlife, wilderness and cultural artifacts, it is up to us to

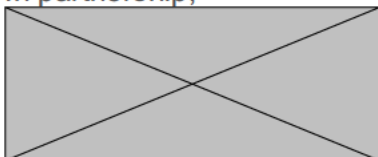

defend them.

These lands are your lands, [please donate today](#) so we can send your Osprey Pack in time for your next outdoor adventure!

Thank you for showing your love for our public lands!

In partnership,

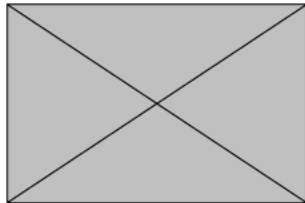

Brian Sybert,
Executive Director

P.S. There are plenty of ways to be part of the #NPLD community:
