[Monthly Hot Topic Snapshot for week of June 12.docx](#)
[FY2017 Tracking Spreadsheet.xlsx](#)

Hi Nikki and Sally, the Monthly Hot Topic Snapshot for the week of June 12 and the WO410 tracking spreadsheet are attached. I am on leave June 12-16 so won't be at Monday's check-in to go over the Snapshot. Please let me know if you have edits or if I should sent to Chris and WO410. Thanks!

Hi Nina and Peter, Suzanne is recommended for DTH 2245. NCA for the Southeastern States PRMP/FIS. WDCSD reviewed the RMP and there are no outstanding issues. The planning area contains the higher value Lighthouse CHAN/NC, WSA, and WDHT. The WDCSD SP can be found at: <https://doi.google.com/>

Comments provided on the Federal Register Notice include the notice should state the RMP establishes National Trail Management Candidates for segments of the Potomac, National Heritage Scenic Trail and the Washington-Rochester Revolutionary Route National Historic Trail, and suggested adding to the notice that in other rule-making package materials.

The MAN/CA program reviewed and doesn't have comments on the notice package. The RMP program concurs with the PRM comments. Call ID is an ID not based on the WDR program but it should be fine with the language added to the PRM in the stipulations described above. No waterway meet the WDR at

Please let me know if additional information is needed.

To Shira, Heather, Ryan, Nina, Carol
Thanks for the update!
Is Nina included in the meeting with Eastern States? Since the DTH is a National Conservation Lands unit, Nina should be included in discussions in the NCSC meeting.

Thanks,

Britta Nelson

nello Britta,

WDR comments were addressed and the brief was done. So, all briefing took place. There were some issues regarding overlapping designations between initiation and NCSC. Additionally making sure that the purpose and need statement captures the spirit and content is also essential. I think Eastern States is working intensively to

complete what the Federal Register package is, I'd and we will submit that the issues raised at the AD briefing are addressed. We will need help and support from BLM to work this will help you in the long regarding any further developments.

I will keep you updated.

All the best,
Shira

Hi Shira, I was hoping you could provide some information on the Southeastern States PRMP/FIS. WDCSD has the NCA for the Southeastern States PRMP/FIS in DTH. There are remaining issues that were to be worked out by Eastern States, WDCSD, and WDCSD but I am not sure if those discussions have not occurred yet.

Thanks!

Hi Shira, I was hoping you could provide some information on the Southeastern States PRMP/FIS. WDCSD has the NCA for the Southeastern States PRMP/FIS in DTH. There are remaining issues that were to be worked out by Eastern States, WDCSD, and WDCSD but I am not sure if those discussions have not occurred yet. Should we set something up to discuss or is that something I'd will handle.

Hi Nina and Peter, Suzanne is recommended for DTH 2245. NCA for the Southeastern States PRMP/FIS. WDCSD reviewed the RMP and there are no outstanding issues. The planning area contains the higher value Lighthouse CHAN/NC, WSA, and WDHT. The WDCSD SP can be found at: <https://doi.google.com/>

Comments provided on the Federal Register Notice include the notice should state the RMP establishes National Trail Management Candidates for segments of the Potomac, National Heritage Scenic Trail and the Washington-Rochester Revolutionary Route National Historic Trail, and suggested adding to the notice that in other rule-making package materials.

The MAN/CA program reviewed and doesn't have comments on the notice package. The RMP program concurs with the PRM comments. Call ID is an ID not based on the WDR program but it should be fine with the language added to the PRM in the stipulations described above. No waterway meet the WDR at

With Britta,
WOI comments were addressed and the brief was done. So, all briefing took place. There were some issues regarding one-topping designations between recreation and NCE. Additionally making sure that the program and need statement captures the spirit and content is also essential. I think Eastern States is working internally w/ long-term of where the Federal Register package, 101 and not address that the issues raised at the AD briefings are addressed. We will need help and support from NCE to get the long-term of any further developments.
I will keep you updated.

All the best,
Steve

At 10:00 AM on 11/04, your review is recommended for 270022111, NCL for the proposed Deep South Expansion Project. Please connect with David Mendenhall who indicated that BLM will update the relevant wilderness characteristics inventory before writing the EIS for the mine expansion, and they will incorporate

Updates were made to the NCL project release to the wilderness characteristics as an issue, and to the NCL briefing paper to state: "In 2017, the Battle Mountain District will update its wilderness characteristics inventory as part of making the District's BLM. In the process, staff will make wilderness characteristics updates to the wilderness characteristics inventory will inform the NCL analysis."

These documents have been updated into EIS and are attached. Please let me know if you need additional information. Thanks.

Peter, Bob,

Based on CHC's direction, let's actually check in early with Al and find out what their plan is for addressing/extracting wilderness characteristics in the NISs now that have completed the inventory.

Thanks!

Hi Britta,

I made one generic edit on the BP, but otherwise the package looks good - We'll need to keep in touch with Al as they move forward to see how they are addressing wilderness characteristics.

Hi Doug,

Tim's in DC this week and is looking at this. We also got input of the exchange recently. We should be able to coordinate tomorrow I expect.

Britta or Tim, anything else I missed?

Sally

Hi NMA and USF!

I hope this finds you both doing well. I just noticed that this land exchange is in NPS, so I thought I'd reach out and ask if you had any questions about it or if there's anything holding it up. It's an exchange between NMA and the Alaska National Monument of Columbia Indians right here in Pikes Springs.

For also of Tom Wicks, our NMA/MW monument manager, and back, our project manager.

Thanks!

Best,

Doug

Hi Sally, curranite is recommended of DOW 1626 Notice of Closure, Kaiba-Katwe Tent Rocks National Monument. I did not route the notice package to the programs but can if necessary.

The notice material indicates the Monument would be closed to the public on twelve days each year to allow for Pueblo de Cochiti cultural observances and BLM scheduled maintenance activities. The closure will remain in effect annually until further notice is posted in the Federal Register. The closure is 7294.

The notice documents are attached. Please let me know if additional information is needed. Thanks.

Just corrected. I repeated your W&R comment in my surname in the comment section.

Thanks, Sally

Hi Sally, curname is recommended for DTS# 1545, NDA of the DIMP/DGGS for Carlsbad (shared with you). An edit was made to the FRN, adding wilderness characteristics to the list of issues addressed by the plan. The updated FRN has been uploaded into DTS. A comment was made in the DTS comment box to please add to

The WO610 EP on Carlsbad has been shared with you.

WO212 indicated that the NM State and front office are in communication regarding changes in alternative C, preferred alternative. NM SO thinks that since there are no acreages in the NOA notice about alternatives, NOA is not going to change with the modifications that they plan to do and wanted the NOA.

Please let me know if you have any questions. Thanks.

Hi Bob and Carbi, your review is requested of DISE IGIS, NDR of the DIMP/IGIS for the BLM Carlsbad Field Office. The notice package, which has been shared with you, addresses special designations and wilderness values. The Notice does not address wilderness characteristics, WSA, or WSR. Please provide feedback by June 15, 2021.

The briefing paper on the WOI10 review has also been shared with you. WOI12 indicated that the NM State and front office are in communication regarding changes in alternative C, preferred alternative. NM SO thinks that since there are no acreages in the NOA notice about alternatives, NOA is not going to change

Please let me know if you have any questions. Thanks.

Irrespective of where the Federal Register package is, SO and we will ensure that the issues raised at the AD briefings are addressed. We will need help and support from 400 as well. We will keep you in the loop regarding any further developments.

☐ I will keep you updated.

Shiva

Hi Ryan, I hope you are well. W04 10 has the NGA for the Southeastern States PMPT/ETS in OYS. There are remaining issues that were to be worked out by Eastern States, W02 10, and W04 10 but those discussions have not occurred yet. Should we set something up to discuss or is that something 210 will coordinate?

Thanks,

Thanks for the update!

is NKK included in the meeting with Eastern States? Since the ONK is a National Conservation Lands unit, NKK should be included in discussions on the ACEC overlap.

Thanks, Ray. Just noticed that I used "incubation" in the closing of my email. I meant "nurture." Sorry about that...must be time for the weekend!
Have a good one, Sally

Nathan, Cynthia
Apr 14 (7 days ago)

To: Sally, Ray, Andy, Matthew, me, Niki, Ryan, Timothy
All

We would like to propose language for the Drafting Paper and section 3.4.1 of the EE that would easily clarify the issue. This involves changing the words "incubation" to "nurture with". Throughout the document, including the Program and Bond, section 3.4.1 and section 3.4.2 we use the word "incubation" in the EE and 3.4.1 would read:

Given that the Proclamation provides the BLM with the discretion to coordinate landback grazing consistent with managing objects identified in the Proclamation, Alternative C provides a balance of landback grazing that recognizes the importance of working to the local custom and culture with managers.

Let me know if this will work with everyone.

Thanks!

Heidi and I do,

I rearranged and edited the response to NMA's question on the 430 comments document. I don't know if this helps anyone understand our response, but I just felt the need to do it after the briefing today. I haven't sent it to Andrew or NMA.

2. We would like to better understand how over 50% of the soil can be damaged by wildfire and at a level to reduce the breeding habitat for sage grouse by 30%, but grazing is only being reduced in the preferred alternative by a few hundred AUMs. We would like to see stronger rationale on how fire zone has not been reduced?

Regarding this, Eric did not reply of "increasing wildlife response time" and "success rates of restoration efforts." These were goals in the original 2007 Plan and the National Fire Health Plan, and these are still in effect. But they are outside the scope of this currently focused plan amendment. Restoration efforts are usually more fire, reduction in forested grazing is required to focus is not about our planning but decision. Grazing management after a fire is a site specific mission, and is not appropriate for a broad open range LUP decision. This work is done under the guidelines of Management Consideration and Restoration Plans and is outside the grazing strategy presented after the rehabilitation work and is not allowed on a burned area until desirable grasses and/or forbs have been re-established, typically two or more growing seasons. To date, previously burned areas have been seeded if the native plant community was not able to recover naturally. Once firebreak is set while many of our plant communities of the Monument do lack saplings, forested grazing is not the causal factor for this. Removing forested would not have the effect of restoring saplings. Please see the discussion on Vegetation Condition in Chapter 3 of the 430.

Planning efforts are always contingent on available funding. There is never any guarantee of funding, but there is an understanding there will be significant effort to implement any plan the BLM selects and publishes.

Heidi if I'm inaccurate on any of this.
Thanks,
Eric

Ch. 3 Special Status Species, § 115-116

Winding flow has resulted in a lack of asphragmites cover, and is largely responsible for habitat loss. The seasonal requirements for open-water in many areas of the Monument. Specifically the areas identified as unsuitable (% of unsuitable) for breeding habitat in the Monument, 73.1% of the sites were found to be unsuitable solely because asphragmites cover was lacking, and a lack of asphragmites was a contributing factor in 20% within the Monument identified as unsuitable for breeding habitat, 2.6% of the sites were solely due to low herbaceous cover, and a lack of herbaceous cover was a contributing factor on 27% of unsuitable sites, including the aforementioned 2.6%. Extensive grazing by domestic livestock during the late 1800s and early 1900s, coupled with severe drought, has significantly impacted asphragmites ecosystems (Jenick et al., 2008). Long-term effects from this overgrazing, including changes in plant communities and soil, persist today (Jenick et al., 2008). Degradation continues erosion and spread of nonnative and invasive plants (Jenick & Sandoz, 2004).

livestock grazing "future anticipated trends" is in Ch. 4, 208-209. Future changes to livestock grazing in the Monument are likely, as both the BLM's and operators' management shift over time, based on resource considerations and business needs. Some reasonably foreseeable scenarios that may change livestock grazing for the operators are changes in precipitation, temperatures and wet upping, or changes that may need to occur due to monitoring and data collection.

Within the Monument, vegetation communities are influenced by livestock grazing management, wildfires, rehabilitation efforts, fuel break projects, and climate. All activities that affect vegetation communities indirectly affect livestock grazing. These influences all interact to affect changes in the vegetation communities, and thus the forage base for livestock grazing.

Appendix C. Idaho and Southwestern Montana Greater Sage-Grouse Approved Resource Management Plan Amendment Attachment 1- Chapter 2, and Required Design Features p. 153

For vegetation and successful establishment of seeded species within burned ESR areas. All new seedlings of grasses and forbs should not be grazed until at least the end of the second growing season.

MO FWS 35: Adjust, as appropriate, livestock management on adjacent unburned areas to mitigate the effect of the burn on local GRSU populations.

MO LG 1: Maintain existing areas designated as available or unavailable for livestock grazing.

At the broad scale, though the number of AUMs available on an allotment may be adjusted based on site-specific conditions to meet management objectives during term permit renewal.

adjustments can be made annually to forecast numbers, the number of NABs, and season of use in accordance with applicable regulations.

Hi Nancy and Lisa,

I reviewed and edited the response to NARA's question on the 4/10 comments document. I don't know if this helps anyone understand our response, but I just felt the need to do it after the briefing notes. I haven't sent it to Andrew or NARA.

2. We would like to better understand how over 50% of the soil can be damaged by wildfire and at a level to reduce the breeding habitat for sage grouse by 50%, but grazing is only being reduced in the preferred alternative by a few hundred acres. We would like to see stronger rationale on how the new "how and what when funding?"

Response: This ER does not seek ways of "increasing wildlife response time" and "increase rates of restoration efforts." These were goals in the original 2007 Plan and the Revised Fire Mitigation Plan, and these are still in effect. But they are outside the scope of this narrowly focused plan amendment. Restoration efforts are usually more

Also, reduction in livestock grazing in response to fire is not a land use planning tool decision. Grazing management after a fire is a site-specific decision, and is not appropriate for a landscape-scale LUP decision. This work is done under the guidance of Emergency Stabilization and Restoration Plans and is outside the

Grazing already restricts the fire rehabilitation work and is not allowed on a burned area until desirable grasses and/or forbs have been re-established, typically two or more growing seasons. To date, previously burned areas have been seeded if the native plant community was not able to recover naturally. Once livestock is not

While many of the plan components of the Amendment do such as riparian, livestock grazing is not the causal factor for this. Removing livestock would not have the effect of restoring riparian. Please see the discussion on Vegetation Condition in Chapter 1 of the EIS.

Planning efforts are always contingent on available funding. There is never any guarantee of funding, but there is an understanding there will be a good faith effort to implement any plan the BLM selects and publishes.

Hopeful if no occurrence in any of this.

Thanks,

Eric

Comment: Britta Nelson

Nelson, Britta (brikenw@blm.gov)
Apr 20 11:45 AM (UTC)

To: Timothy

Using Timothy for pseudonym and don't see a direct relationship between him and AUSA (per Sally's question), but there was a few places where an association is described.

On 3 Special Service Species: 4.1.15-1.16

Recent fires from 2014 burned approximately 16,800 acres of the monument, including areas

identified as providing suitable components of riparian-edge-grass habitat. Adjustments to habitat determinations as a consequence of these fires has not been completed. Adjustments to habitat determinations were not completed because BLM lacks the site-specific data assessments to substantiate changes in herbaceous components.

Wildfire has resulted in a lack of riparian cover, and is largely responsible for habitat not meeting the essential requirements for riparian cover in many areas of the monument. Specifically, the areas identified as a suitability (5% of availability) for breeding habitat in the monument, 73.5% of the sites were found to be unsuitable only because riparian cover was lacking, and a lack of riparian cover is a confounding factor on 57% of unsuitable sites, including the aforementioned 40%. Factors limiting riparian habitat during the late 1980s and early 1990s, coupled with severe drought, has significantly impacted riparian ecosystems (Joshi et al., 2002). Long-term effects from this overgrazing, including changes in plant composition and soil, persist today (Joshi et al., 2004). Degradation limits establishment and spread of riparian and riparian plants (Joshi & Smith, 2002).

Long-term grazing "Toxins Anticipated in water"

In O.S. p. 288-289: Current changes to livestock grazing in the monument are likely, as both the BLM's and operators' management shift over time, based on resource considerations and business needs. Some reasonably foreseeable scenarios that may change livestock grazing for the operators are changes in permitted use, temperatures, and wet/dry, or changes that may result in lower density monitoring and data collection.

Within the monument, vegetation communities are influenced by livestock grazing management, wildfire, rehabilitation efforts, fuel break projects, and climate. All activities that affect vegetation communities indirectly affect livestock grazing. These influences all interact to affect changes in the vegetation communities, and thus the long-term for livestock grazing.

Appendix C: Idaho and Southwestern Montana Greater Sage-Grouse Appraisal Resource Management Plan Amendment Attachment 3 – Chapter 2, and Required Design Features p. 353

Reference to required forest Chapter 2 of Attachment 3 of the Idaho and Southwestern Montana

BLM for reference purposes. The guidance in this document is common to all Centers of the Mount National Monument Final Plan Amendment alternatives.

For:

vegetation and successful establishment of riparian species within burned/US areas. All new seedlings of grass and herbaceous forage plant and/or seed of the riparian grazing areas, and long-term as needed to allow plants to mature and develop robust root systems which will stabilize the site, compete effectively against shrubs and other invasive species, and remain sustainable under long-term grazing management. Adjust other management activities, as appropriate, to meet OSR objectives.

and 100-15-1 (b)(1), in riparian, forested, or riparian areas in riparian watershed areas to mitigate the effect of the forest on forest habitat populations.

and 100-15-1 (b)(1) following existing conditions, modify grazing management practices if needed to achieve long-term vegetation and habitat objectives.

and 100-15-1 (b)(1) following existing conditions, modify grazing management practices if needed to achieve long-term vegetation and habitat objectives.

Existing active BLM for livestock grazing within the planning area will not be changed.

in the final rule, though the number of cattle available on an allotment may be adjusted based on the specific conditions to meet management objectives during long-term management.

ADP development, or other riparian management planning, additional, temporary adjustments can be made annually to livestock numbers, the number of cattle, and number of use in accordance with applicable regulations.

Comment: Britta Nelson
Nelson, Britta <bknelson@bing.gov>
Apr 20 (1 day ago)

I dug through the amendment and don't see a direct relationship between fire and AGMs (per Sally's question). But there are a few places where an association is described

Recent fires from 2014 burned approximately 46,800 acres of the Monument, including areas identified as providing valuable components of seasonal upgush habitat. Adjustments to habitat delineations as a consequence of these fires has not been completed. Adjustments to habitat delineations were not completed because BLM lacks the site-scale data assessments to substantiate changes in herbaceous components.

Wildlife loss has resulted in a loss of sagebrush cover, and is largely responsible for habitats not meeting the seasonal requirements for sagebrush in many areas of the Monument. Specificity of the areas identified as a suitable (3% of unsuitable) for breeding habitat in the Monument, 73.3% of the sites were found to be unsuitable solely because sagebrush cover was lacking, and a lack of sagebrush was a contributing factor in 40% of the unsuitable areas. The areas identified as unsuitable for breeding habitat, 2.8% of the sites were unsuitable due to both sagebrush cover, and a lack of herbaceous cover, was a contributing factor in 37% of the unsuitable areas, including the *gambelii* (24%). Excavation and grazing by domestic livestock during the late 1800s and early 1900s, coupled with severe drought, has significantly impacted sagebrush ecosystems (Jenks et al., 2003). Long-term effects from this overgrazing, including changes in plant community and soil, persist today (Jenks et al., 2003). Degradation continues

Livestock grazing "Future Anticipated trends"

Within the Monument, vegetation communities are influenced by livestock grazing management, wildfires, rehabilitation efforts, fuel break projects, and climate. All activities that affect vegetation communities indirectly affect livestock grazing. These influences all interact to affect changes in the vegetation communities, and thus the forage base for livestock grazing.

Appendix C. Idaho and Southwestern Montana Greater Sage-Grouse Approved Resource Management Plan Amendment Attachment 1-- Chapter 2, and Required Design Features p. 151 of Attachment 1 of the Idaho and Southwestern Montana

vegetation and successful establishment of seeded species within burned/ISR areas. All new
 erks should not be grazed until at least the end of the second growing
 to allow plants to mature and develop robust root systems which will stabilize the site, compete effectively against cheatgrass and other invasive annuals, and remain sustainable under long-term grazing management. Adjust other management activities, as appropriate, to meet ISR objectives.

MO FWS 15: Adjust, as appropriate, livestock management on adjacent unburned areas to mitigate the effect of the burn on local GRSB populations.

MO FWS 16: Following seedling establishment, modify grazing management practices if needed to achieve long-term vegetation and habitat objectives.

designated as available or unavailable for livestock grazing. Existing access across the livestock grazing within the planning area will not be changed on the broad scale, though the number of AUMs available on an allotment may be adjusted.

use in accordance with [redacted] planning. Additionally, temporary [redacted] members, the number of AUMs, and season of [redacted]

Check in re: response to WD comment on Idaho-Challin/Sabinov/Tupper Snake prep plan and updated prep plan

to Robert, Cathy, Deborah, Sally

After reviewing the [redacted] and the updated prep plan, questions I had are [redacted]

2. The total budget for Data and GIS Needs (page 8) shows a total of \$1,000,000. Is this a reasonable amount to cover costs?

Programs, the responses from Idaho on WO comments on the Challin, Salmon, and Upper Snake RMP prep plan and the revised prep plan have been shared with you. Please let me know if you have any follow up to Idaho's responses by May 15.

The WO410 BP on the prep plan review has also been shared with you.

Thanks,

Challis, Salmon, and Upper Snake RMP Prep Plan, Challis, Salmon, Upper Snake RMP Prep Plan w/Idaho's response to Challis, Salmon, Upper Snake

To: BLM_WO_RMP_REVIEW_TEAM@blm.gov

ID has responded to WO comments and revised to prep plan for Idaho Chulavita/Salmon/Copper Snake BSEP. Please review their responses to your comments and any changes made to the prep plan itself. Both the annotated comment form and revised prep plan are pasted here as Word documents. If you have any concerns do not

Thanks for your time,

	Section Natural Gas Pipeline	Double Natural Gas Pipeline	Adverse	A meeting with BLM district was held on February 27 to discuss future Forest land of concern within the Draft project, specifically the Silver Lake National Historic Trail. Although it is not feasible to get a BLM consultation for affected lands, BLM district is working to get comments into NEPA for the project, including mitigation for impacts to the trail.																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																							</

Comment: Bitter Nelson:
Revised final draft ROD for the Transliver Translocation Project and the NOD package sent for review by Sharon Knowlton on 05-13-14. Comments requested by COB, 5-24-14. National Trails comments on ROD provided on 05-24-14, 05-26-27. Followed-up on the Mitigation and Monitoring appendix which is missing details regarding the project. It will most likely contain several options including the purchase of land in nearby designated wilderness. The WFO has drafted a plan and it is now waiting our Director's approval. Once ready, it can be shared internally with the larger BLM group.

Subject: Here are the Transmitted Project Draft Final RSD, RSP and RSD package for review in 3 emails

With everyone this is the first of 3 emails providing the draft RSD package described above. We are pleased to provide the revised draft RSD for the Transmitted Transmission Project and the RSD package for review. The body of the RSD is attached, along with the Mitigation and Monitoring appendices, which is at the end of the RSD. Appendix 1: Mitigation and Monitoring with the regulatory appendices, Appendix 2: Response to Governor's comments and FERC comments, Appendix 3: Alternatives eliminated from further analysis and Appendix 4: NPS requirements for access to BLM lands. Appendix 5 is the Plan of Development and

All comments received on the draft RSD and RSP given that they have been submitted except those noted here or call highlighted in the document. For those who have previously reviewed documents, please verify we've adequately addressed your comments. The purpose of this review is to identify show stopping

Our Wyoming External Affairs Office will be working directly with other states and the WDO to finalize the RSD package.

We anticipate finalizing the governor's group and regulatory first mitigation after the technical advisory group completes its task in the first half of June. We'll add that mitigation then. When WDO provides the bonds with wilderness characteristics details for inclusion in the mitigation and monitoring appendices,

in order to maximize our efficiency and allow for robust review and comment we are providing this package out now for final review and comment. Still pending completion are the Final RSD and the PA.

Please respond with any suggested revisions by close of business May 18th, 2016. Subsequent emails will contain a courtesy copy of the TNE Plan of Development in 3 parts due to size limitations.

Regards,
Sharon

Re: RSD 175 0124

Our records show the following project issues:

- 1) The project area includes eligible and suitable WSA streams including additional segments of the Rio Grande. The proposed route crosses the Rio Grande River. Section 7 of the WSA and Sonoran Desert Act requires looking at "increment" projects that are upstream, downstream or on a tributary of a designated river. Based on the project area, the project would cross two National Historical Trails (the Camino Real on Tierra Adentro & Old Spanish NHTs). The project needs to be considered per BLM 16C203.

- 2) There are no lands with wilderness characteristics per existing inventories. Inventories may have been conducted as part of the BLM's Ten Year Draft Office WSP Amendment of 2012. Additional inventories may need to be conducted to prepare a complete and defensible DSI for this project.

Additional project information follows:

Teresa, Steve, and Georgeanna - Thank you for sending us the BDN NHD for a quick review. We did notice that the NHD language used for other transmission projects appears to be missing. To meet policy requirements, we recommend the following language be added to the National Conservation Lands NHD section on
To meet the policy and purposes of the National Trails System Act (NTSIA Sec. 1002) to permit a project which will not substantially interfere with the nature and purposes of the trail (NTSIA Sec. 1002), and to safeguard the nature and purposes of the National System and Historic Trails (NHSAT), BLM M-43882-1 A.A.3 x 13,
Avoidance and minimization measures to mitigate impacts to National Trails System components, including the Oregon National Historic Trail (Oregon NHT), will be applied for the duration of the impacts from the Project. For avoided (i.e. unavoidable) effects to the values and settings of the Oregon NHT, the new National Trails System components, and will be required to be applied for the duration of the impacts. All mitigation measures will be feasible, additional, timely, monitored, adaptively managed, and reported upon.
The terms and conditions within the permit will include all identified NHD-related avoidance, minimization, and compensatory mitigation measures, which may include appropriate proposed mitigation measures (e.g. design features), including the associated monitoring, adaptive management, and reporting requirements.
Please let me know if you have any questions!

Thanks,
Nikki Moore

Britta,

At this time, I'm not sure what our plans are relative to the DLS. I'll consult with our local management team here in New Mexico and our WFO Coordinator and get back to you on that question.

WFO review of the draft report is scheduled for March 15-16. A review kick-off webinar is planned for March 15. The review will be a simultaneous SGO-WFO review. Information has been gathered from the SoyoOs, other agencies, stakeholders, and tribes for the report. The draft review report includes a summary of public comment on policy issues and if the decisions or recommendations in the draft report are supported. The SOs with the notice package will follow the review.

As a refresher, here is a press release about the Section 348 Energy Corridor Regional Review: https://www.bln.gov/wp/vt/en/info/newsroom/2016/september/se_09_02_2016.html

Follow up to update re: review of Section 308 Energy Corridor Region 1 Recommendations Report

Nelson, Britta [britten@blm.gov]
9:11 AM - 9 hours ago

To: Kelly, Peter; Connelly, Robert; Curtis, Deborah

National Conservation Lands Programs, another couple updates on the Section 308 Energy Corridor Region 1 Recommendations Report follow. First, the BLM Corridor Team has indicated we can expect to see the draft report for review on March 23.

Next, in response to a question about GSI maps, the corridors and National Conservation Lands units have been engaged on the on the BLM request found at: <http://dls.blm.gov/section308/pdfs/>, or we can request the GSI maps. If you would like the maps, please let me know and we'll follow up.

Subject: Question re GSA Report for Section 308 Energy Corridor Region 1 draft review report
To: "Teresa, Ainsworth" <teresa@blm.gov>, Kristin Nelson <nelsonk@blm.gov>
Cc: Sally Kucis <kucis@blm.gov>, Peter Mat <pmat@blm.gov>

Hi Georgetown and Michael, thanks again for meeting with me earlier this month to discuss MCHC's review of the Section 308 Energy Corridor Region 1 draft review report. Following up, can WOOD get GSA Report(s) if the corridor is we can check against our report to determine which units are affected? Thanks!

National Conservation Lands Programs, a quick heads up about the 901 review of the Section 308 Energy Corridor Region 1 draft review report. The report focuses on review of energy corridors in southern California, southern Nevada, and western Arizona.

WD review of the draft report is scheduled for March 28-30. A review Web of website is planned for March 31. The review will be a comprehensive 12/2017 review. Information has been gathered from the GSA, other agencies, stakeholders, and others for the report. The draft review report includes a summary of public comment on public issues and the findings or recommendations in the draft review report are requested. The GSA will be the review package will follow the review.

As a reference, here is a press release about the Section 308 Energy Corridor Region Review: http://www.blm.gov/wildlife/pressroom/2016/06/06/20160606_03_03_2016.html

Please let me know if you have any questions at this point. Thanks.

Call: 878

Comment: Kristin Nelson:

in update WOOD and with WOOD on April 10 to address questions raised for how National Trails were addressed in the draft review report (position statement for comment). Confirmation is provided that the draft review report uses BLM map application covering actions from 1982-2013. The screening criteria is used to assess the National policy, the BLM may provide one that not substantially interfere with the criteria and purpose of the National Trails. The final rule and WOOD BLM-2013-001-001 provides screening criteria for categorizing value and avoid applications. The final rule does not specifically include National Trails without rule and WOOD rule because they are parts of the National Conservation Lands.

Hi Molly, Mike, and Terry - I hope you are all well and have had a great week. I wanted to check in with you on the Verde Transmission project BMP amendments/DLS. I am hoping you can keep me updated on the progress of this project and let me know if support is needed from WDCD in the draft, being a rep.

Our records show the following project items:

1) The project area includes eight and includes BLM resources including additional segments of the Rio Grande. The proposed route crosses the Rio Grande River. Section 7 of the WDCD and Science Review Act requires looking at "outstream" projects that are upstream, downstream or on a tributary of a designated river. Based

2) The project would cross two National Historical Trails (the Camino Real de Tierra Adentro & Old Spanish NHTs). The project needs to be consistent per BLM NACMDS.

3) There are no lands with wilderness characteristics per existing inventories. Inventories may have been conducted as part of the BLM's Two-Step (a BLM amendment of 2013). Additional inventories may need to be conducted to prepare a complete and defensible DLS for this project.

Comments on the Review of Section 308 Energy Corridor Region 2 Recommendations Report

From: Cathy Bailey
Subject: Review of Section 308 Energy Corridor Region 2 Recommendations Report Follow-Up
Hi Terry, another couple updates on the Section 308 Energy Corridor Region 2 Recommendations Report follow. First, the BLM Corridor Team has indicated we can expect to see the draft report for review on March 20.

Next, in response to our question about GIS layers, the coordinates and National Conservation Lands which have been mapped on the on the BLM map are found at: <http://dglp.usa.gov/section308/layer/>, or we can request the GIS layers. If you would like the layers, please let me know and we'll follow up.

Thanks,

Krista Nelson

National Conservation Lands/Verde/OTM Program Lead
A meeting for the review of the Section 308 Energy Corridor Region 2 Recommendations Report is scheduled for March 20.
A draft map of the Section 308 Energy Corridor Region 2 Recommendations Report is planned for March 20th through April 20th.
Following is a list of the Section 308 Energy Corridor Region 2 Recommendations Report.
Please let me know if you have any questions.

Thanks,

Follow up to update on review of Section 308 Energy Corridor Region 1 Recommendations Report

Hi Kelly, Peter, Kimberly, Robert, Cindi, Deborah

We're going to get another update on the Section 308 Energy Corridor Region 1 Recommendations Report follow. First, the BLM Corridor Team has indicated we can expect to see the draft report for review on March 23.

Next, it requests 10-12 questions about GIS layers, the corridors and National Conservation Lands units have been mapped on the on the BLM mapserver found at: <http://blm.gov/section308/section308/section308/>, or we can request the GIS layers. If you would like the layers, please let me know and I will follow up

National Conservation Lands Programs, a quick heads up about the WFO review of the Section 308 Energy Corridor Region 1 draft review report. The report focuses on review of energy corridors in southern California, southern Nevada, and western Arizona.

WFO review of the draft report is scheduled for March 14-16. A review kick-off webinar is planned for March 15. The review will be a synchronous, 50/50 review. Information has been gathered from the GAO/O, other agencies, stakeholders, and others for the report. The draft review report includes a summary of public comment on policy issues and if the decisions or recommendations in the draft review report are supported. The DTR with the policy package will follow the review.

As a reflector, here is a press release about the Section 368 Energy Corridor Regional Review: https://www.btr.gov/ea/et/efc/newsroom/2016/september/br_09_02_2016.html

Please let me know if you have any questions at this point. Thanks.

Section 368 Energy Corridors - Region 1 "Level 2" Review.

This email forwards for the planned BLM, USFS and cooperating agency "Level 2" Review, the attached DRAFT Section 368 Energy Corridor Region 1 Recommendations Report. This non-NEPA corridor revision recommendation report product is the result of the recent Section 368 West-wide Energy Corridor - Region

Please provide your review comments and suggested revisions within the attached document comment review form by COB Friday, April 14th, 2017. This provides a three (3) week review period.

Identified Region 1 "Level 2" reviewers include:
 Region 1 (AZ, CA, NV) ILM Field Office, District Office and State Office program and line management;
 Region 1 USPS Pacific Southwest Region program and line management as appropriate;
 ILM WO-200, WO-300 and WO-400 program staff;
 Region 1 cooperating agency program and line management within the FWS, BCR, NPS, BIA and DoD;

You have been previously notified through a recent calendar event of a planned Region 1 "Level 2" Review Webinar scheduled for this coming Wednesday, March 29th at 1:00 PM ET/11:00 AM MT/10:00 AM PT that will provide an overview of the Draft Region 1 Recommendation Report, address review coordination

It is important note, that the Draft Report is comprised of five (5) separate file sets as follows:

Gift Report in Microsoft Word (attached 14-KB file size) or accessed via the Box link below:
Appendix A in Microsoft Excel (attached 3.3-KB file size) or accessed via the Box link below:

Appendix B - Part 3 as a PDF file (44-MB to large to attach) to be accessed via the Box link below.

ience email problems with receiving the large Draft Report attachment, all five file sets can be accessed and download using Argonne National Laboratory's Box Sec. 248 Project file site at the following link

https://app.box.com/files/vr/2250980066/03-Region_1_Corridor_Recommendations_Report_-_For_Level_2_Review

For each Region 1 BLM State and the USFS can be accessed and downloaded using the ANL Box 148 Project file site as follows:

https://app.box.com/files/t/y/22526234829/Corridor_Abstracts

To ease your review and comment effort, please first focus your initial attention on Section 2, Section 3 and respective BLM State or USFS Corridor Recommendations. If time allows, review Section 1.0 which provides background on the 2008 Sec. 368 FDS and RCD, subsequent lawsuit / settlement agreement

Now you've had a chance to familiarize yourself with the Draft Report, I believe you'll see the very comprehensive and high quality product that Argonne and the Region 1 Core Team has developed that is intended for use by Region 1 BLM / USFS land use planners in the future. We look forward to the next steps in the process.

For review comments using the attached comment form to me and/or Georgann Smale, WFO Transmission / Sec. 368 Program Lead by COB Friday, April 14th.

For more information, please contact me as provided below, or contact Georgann Smale at (202) 912-7219 or Kenna Wiscott, Project Manager, Argonne NS, (630) 252-5798.

your assistance with the Level 2 Review.

- Hi Molly, Mike, and Terry - I just saw you are all well and have had a great week. I wanted to check in with you on the Verde Transmission project BMP amendments/EIS. I am hoping you can keep me updated on the progress of this project and let me know if support is needed from WFO403 in the draft, being a map. Our records show the following project items:
- 1) The project area includes riparian and scrubby BLM resources including additional riparian of the Rio Grande. The proposed route crosses the Rio Grande River. Section 7 of the WOE and Science Review Act requires looking at "footprint" projects that are upstream, downstream or on a tributary of a designated river. Based
 - 2) The project would cross two National Historical Trails (the Camino Real de Tierra Adentro & Old Spanish NHTs). The project needs to be considered per BLM NHP-2003.
 - 3) There are no lands with wilderness characteristics per existing inventories. Inventories may have been conducted as part of the BLM's Two-Step EIS/BMP Amendment of 2013. Additional inventories may need to be conducted to prepare a complete and defensible EIS for this project.

Thanks,

10/3/16

Nathan, Britta <nathan@blm.gov>
9/23/2019 10:00 AM

To: Sally, Penny, Dorothy, Robert, Cath, Deborah
National Conservation Lands Programs, another couple updates on the Section 308 Energy Corridor Region 1 Recommendations Report follow. First, the BLM Corridor Team has indicated we can expect to see the draft report for review on March 27.

Next, in response to a question about GSA types, the corridor and National Conservation Lands units have been mapped on the on the BLM report found at: <http://dmg.mn.gov/section308/portal/>, or we can request the GSA types. If you would like the types, please let me know and I will follow up.

9/23/2019 10:00 AM

To: Sally, Penny, Dorothy, Robert, Cath, Deborah
National Conservation Lands Programs, another couple updates on the Section 308 Energy Corridor Region 1 Recommendations Report follow. First, the BLM Corridor Team has indicated we can expect to see the draft report for review on March 27.

Next, in response to a question about GSA types, the corridor and National Conservation Lands units have been mapped on the on the BLM report found at: <http://dmg.mn.gov/section308/portal/>, or we can request the GSA types. If you would like the types, please let me know and I will follow up.

Hi Molly, Tasha, and Terry - I hope you are all well and have had a great week. I wanted to check in with you on the Verde Transmission project BWP amendments/DO. I am hoping you can keep me updated on the progress of this project and let me know if support is needed from WCA10 as the draft is being prep.

Our review shows the following project items:

1) The project area includes eight (8) miles of National BLM lands including additional segments of the Rio Grande. The proposed route crosses the Rio Grande River. Section 7 of the WMA and BLM's Watershed Act requires looking at "downstream" projects that are upstream, downstream or on a tributary of a designated river. Based

2) The project would cross two National Historical Trails (the Camino Real de Tierra Adentro & Old Spanish NHTs). The project needs to be considered per BLM 562360.

3) There are no lands with wilderness characteristics per existing inventories. Inventories may have been conducted as part of the BLM's 2015 Draft EIS/BWP Amendment of 2012. Additional inventories may need to be conducted to prepare a complete and defensible EIS for this project.

Additional project information follows.

Mike,

At this time, I've not seen what our plans are related to a WDA study of this DLS. I'll consult with our local management team here in New Mexico and our WDA Coordinator and get back to you on that as well.

Subject: Field Check in on the Verde Transmission Project RMP amendment/DLS

Hi Terry, I've been a mp of the Verde Transmission Project RMP amendment/DLS. I am hoping you can keep me updated on the progress of this project and let me know if support is needed from WDA as the staff is being a mp. I also have a question - how this project is identified on the priority project transmission d

Thanks,

Adrian

I was provided the e-mail below from Melya Adler from the New Mexico State Office. I wanted to let you know that I have been assigned as the Project Manager for the Verde Transmission Project. I'm also stationed here at the BLM NM State Office so with. Please ensure that you include me in all future e-mailing to me about the project and the DLS/DLS.

Correction: We are anticipating having response ready to send back to your office by November 7, not December. My apologies for the confusion.

[REDACTED]

We are getting close to having our responses ready to send back to the WOs. We are meeting today to further discuss the greenhouse gas end-user analysis. We are anticipating having responses ready to send back to your office by December 7.

Thanks for keeping this on your radar.

Chad

Hi Britta,

No further action about the status of our response. I appreciate you keeping it on your radar.

We have decided to go ahead and include the end-user greenhouse gas emission (GHG) estimates into the RMP and this effort is taking some time due to the complexity involved in generating current and forecast oil/gas production in our field office. We are close to having the production estimates sent to it.

Thanks,
Chad

To: Tom, Lisa, Mark, Christopher

Any further on the GHG response and we are making a few adjustments to the status response. We are also close to completing the GHG and user estimates.

Thanks again for

Happy New Year!

Hi Britta,

No further action about the status of our response. I appreciate you keeping it on your radar.

We have decided to go ahead and include the end-user greenhouse gas emission (GHG) estimates into the RMP and this effort is taking some time due to the complexity involved in generating current and forecast oil/gas production in our field office. We are close to having the production estimates sent to it.

With the upcoming holidays it may be a few weeks before we are able to have this done.

If you have any other questions I would be glad to answer them.

Thank,

Chad

We have decided to go ahead and include the end-user greenhouse gas emissions (GEMS) estimate into the BMP and this effort is taking some time due to the complexity involved in generating current and forecasted village production in our opening offices. We are close to having the production estimate sent to us.

With the spreadsheet information may be a few weeks before we are able to have this done.

If you have any other questions I would be glad to answer them.

Thanks,
Chad

Hi Peter,

Last update with Don Bruckhiser, lead for the consultation Draft BMAP, he indicated the contractor is in the process of making all the recommended changes for the WCA. He hopes to send the final draft version back to us for another review in approximately 2 to 3 weeks.

Let me know if you have questions.

Thanks,

John

Hi Bette,

In mid-December we briefed some Director Amy Lueders on the WGA response and we are making a few adjustments to the memo response. We are also close to completing the GRS and user estimate.

The holidays have slowed us down a bit but submitting this response to your office promptly remains high on the priority list.

Thanks again for keeping this on your radar.

 May 10 11 day 2001 [REDACTED]

Hi Ryan, I hope you are well. WDA 50 has the following suggestions for the Cedar City OMBP/CEIS briefing presentation.

Slide 1. It isn't clear what "No AEEC" means. Does this mean no AEEC is designated?

Slide 8. The slide says WSR are 2.5 miles. My records show 4 miles. Have adjustments been made?

Slide 8. Spell out UWC. Replace "Managed for their wilderness characteristics: 68,430 acres (2% of CFO; 27% of lands found to have wilderness characteristics)" with "Prioritize other uses on 190,545 acres (77%) while not protecting wilderness characteristics. 68,430 acres (27%) would be managed to protect wilderness

Please do not mark it any more to discuss

National Conservation Lands (NCL-610)

2000, 2001, 2002, 2003, 2004, 2005, 2006, 2007, 2008, 2009, 2010, 2011, 2012, 2013, 2014, 2015, 2016, 2017, 2018, 2019, 2020, 2021, 2022, 2023, 2024, 2025, 2026, 2027, 2028, 2029, 2030, 2031, 2032, 2033, 2034, 2035, 2036, 2037, 2038, 2039, 2040, 2041, 2042, 2043, 2044, 2045, 2046, 2047, 2048, 2049, 2050, 2051, 2052, 2053, 2054, 2055, 2056, 2057, 2058, 2059, 2060, 2061, 2062, 2063, 2064, 2065, 2066, 2067, 2068, 2069, 2070, 2071, 2072, 2073, 2074, 2075, 2076, 2077, 2078, 2079, 2080, 2081, 2082, 2083, 2084, 2085, 2086, 2087, 2088, 2089, 2090, 2091, 2092, 2093, 2094, 2095, 2096, 2097, 2098, 2099, 2100, 2101, 2102, 2103, 2104, 2105, 2106, 2107, 2108, 2109, 2110, 2111, 2112, 2113, 2114, 2115, 2116, 2117, 2118, 2119, 2120, 2121, 2122, 2123, 2124, 2125, 2126, 2127, 2128, 2129, 2130, 2131, 2132, 2133, 2134, 2135, 2136, 2137, 2138, 2139, 2140, 2141, 2142, 2143, 2144, 2145, 2146, 2147, 2148, 2149, 2150, 2151, 2152, 2153, 2154, 2155, 2156, 2157, 2158, 2159, 2160, 2161, 2162, 2163, 2164, 2165, 2166, 2167, 2168, 2169, 2170, 2171, 2172, 2173, 2174, 2175, 2176, 2177, 2178, 2179, 2180, 2181, 2182, 2183, 2184, 2185, 2186, 2187, 2188, 2189, 2190, 2191, 2192, 2193, 2194, 2195, 2196, 2197, 2198, 2199, 2200, 2201, 2202, 2203, 2204, 2205, 2206, 2207, 2208, 2209, 2210, 2211, 2212, 2213, 2214, 2215, 2216, 2217, 2218, 2219, 2220, 2221, 2222, 2223, 2224, 2225, 2226, 2227, 2228, 2229, 2230, 2231, 2232, 2233, 2234, 2235, 2236, 2237, 2238, 2239, 2240, 2241, 2242, 2243, 2244, 2245, 2246, 2247, 2248, 2249, 2250, 2251, 2252, 2253, 2254, 2255, 2256, 2257, 2258, 2259, 2260, 2261, 2262, 2263, 2264, 2265, 2266, 2267, 2268, 2269, 2270, 2271, 2272, 2273, 2274, 2275, 2276, 2277, 2278, 2279, 2280, 2281, 2282, 2283, 2284, 2285, 2286, 2287, 2288, 2289, 2290, 2291, 2292, 2293, 2294, 2295, 2296, 2297, 2298, 2299, 2300, 2301, 2302, 2303, 2304, 2305, 2306, 2307, 2308, 2309, 2310, 2311, 2312, 2313, 2314, 2315, 2316, 2317, 2318, 2319, 2320, 2321, 2322, 2323, 2324, 2325, 2326, 2327, 2328, 2329, 2330, 2331, 2332, 2333, 2334, 2335, 2336, 2337, 2338, 2339, 2340, 2341, 2342, 2343, 2344, 2345, 2346, 2347, 2348, 2349, 2350, 2351, 2352, 2353, 2354, 2355, 2356, 2357, 2358, 2359, 2360, 2361, 2362, 2363, 2364, 2365, 2366, 2367, 2368, 2369, 2370, 2371, 2372, 2373, 2374, 2375, 2376, 2377, 2378, 2379, 2380, 2381, 2382, 2383, 2384, 2385, 2386, 2387, 2388, 2389, 2390, 2391, 2392, 2393, 2394, 2395, 2396, 2397, 2398, 2399, 2400, 2401, 2402, 2403, 2404, 2405, 2406, 2407, 2408, 2409, 2410, 2411, 2412, 2413, 2414, 2415, 2416, 2417, 2418, 2419, 2420, 2421, 2422, 2423, 2424, 2425, 2426, 2427, 2428, 2429, 2430, 2431, 2432, 2433, 2434, 2435, 2436, 2437, 2438, 2439, 2440, 2441, 2442, 2443, 2444, 2445, 2446, 2447, 2448, 2449, 2450, 2451, 2452, 2453, 2454, 2455, 2456, 2457, 2458, 2459, 2460, 2461, 2462, 2463, 2464, 2465, 2466, 2467, 2468, 2469, 2470, 2471, 2472, 2473, 2474, 2475, 2476, 2477, 2478, 2479, 2480, 2481, 2482, 2483, 2484, 2485, 2486, 2487, 2488, 2489, 2490, 2491, 2492, 2493, 2494, 2495, 2496, 2497, 2498, 2499, 2500, 2501, 2502, 2503, 2504, 2505, 2506, 2507, 2508, 2509, 2510, 2511, 2512, 2513, 2514, 2515, 2516, 2517, 2518, 2519, 2520, 2521, 2522, 2523, 2524, 2525, 2526, 2527, 2528, 2529, 2530, 2531, 2532, 2533, 2534, 2535, 2536, 2537, 2538, 2539, 2540, 2541, 2542, 2543, 2544, 2545, 2546, 2547, 2548, 2549, 2550, 2551, 2552, 2553, 2554, 2555, 2556, 2557, 2558, 2559, 2560, 2561, 2562, 2563, 2564, 2565, 2566, 2567, 2568, 2569, 2570, 2571, 2572, 2573, 2574, 2575, 2576, 2577, 2578, 2579, 2580, 2581, 2582, 2583, 2584, 2585, 2586, 2587, 2588, 2589, 2590, 2591, 2592, 2593, 2594, 2595, 2596, 2597, 2598, 2599, 2600, 2601, 2602, 2603, 2604, 2605, 2606, 2607, 2608, 2609, 2610, 2611, 2612, 2613, 2614, 2615, 2616, 2617, 2618, 2619, 2620, 2621, 2622, 2623, 2624, 2625, 2626, 2627, 2628, 2629, 2630, 2631, 2632, 2633, 2634, 2635, 2636, 2637, 2638, 2639, 2640, 2641, 2642, 2643, 2644, 2645, 2646, 2647, 2648, 2649, 2650, 2651, 2652, 2653, 2654, 2655, 2656, 2657, 2658, 2659, 2660, 2661, 2662, 2663, 2664, 2665, 2666, 2667, 2668, 2669, 2670, 2671, 2672, 2673, 2674, 2675, 2676, 2677, 2678, 2679, 2680, 2681, 26

Slide 1: It isn't clear what "No ACCESS" means. Does this mean they were not even on the site or designated?

Slide 2: Spoil out UWC and WSA. Add "National" before "Historic Trail" if it's the intent, otherwise add "Old Spanish National Historic Trail" to the list.

Slide 3: Spoil out WGR are 3.5 miles. My recollection 4 miles. How adjustments have made?

Slide 4: WGR is the only designation that has miles listed. The others seem to be for how many miles are in the planning area but not miles or acreage. Suggest showing the units and miles/acre consistently across designations.

Slide 5: Spoil out UWC. Replace "Managed for the historic characteristics" 68,400 acres (78% of CPO 27% lands found to have wilderness characteristics" with "Prioritize other uses on 180,545 acres (73%) while not protecting wilderness characteristics. 48,400 acres (27%) would be managed to protect wilderness lands." Suggest adding about 478 that this is the total lands with wilderness characteristics across the FPO.

Please let me know if we need to discuss. Thanks.

Comment: Britta Nelson:

Cohen, Ilana

Dec 20 (9 days ago)

Hi Nikki,

I think this package looks good. In the initial BLM section of the Order (on page 2), I would like to request the following change:

Replace this:

"BLM's 32 million-acre National Conservation Lands System."

With this:

"BLM's 35 million-acre National Conservation Lands."

Thank you,

-Ilana

Nikki, Britta:

Thanks for the opportunity to review the BLM's response/strategy to the Secretarial Order signed by Secretary Jewell in October.

I see no [redacted] in the response/strategy. Surname is recommended from my perspective.

[redacted] There may be future opportunities for us to also formulate ways to work with Tribes leading up to the 50th anniversaries of the Wild and scenic Rivers Act and National Conservation Lands System Act (2018) based on this SO; however, we are not prepared at this time to offer such an initiative in the response, given the imminent deadline. We could consider this idea as we develop our 50th strategies, as appropriate.

**NATIONAL
CONSERVATION
LANDS**

**June 2017
Monthly Hot Topic Snapshot
WO-410 RMP and EIS Review
Updated 06/12/17**

Chris McAlear
Acting Assistant Director
Assistant Director (WO-400)

RMPS AND PROJECTS WITH ISSUES TO ELEVATE/DIRECTORS PRIORITIES

- **DTS# 1624. Notice of Closure, Kasha-Katuwe Tent Rocks National Monument.** New Mexico.
 - Surnamed by WO410 on June 5. **NOI package has not reached WO400.**
- **DTS# 1545. NOA of the DRMP and DEIS for the BLM Carlsbad Field Office,** New Mexico.
 - Surnamed by WO410 on June 8. **NOI package has not reached WO400.**
- **DTS# 1527. NOA of the DRMP and DEIS for the Cedar City Field Office Planning Area.** Utah.
 - Surnamed by WO410 on May 2. **NOA package has not reached WO400.**
- **DTS# 1471. NOA for the Grand Staircase-Escalante National Monument administrative draft MMP-A/DEIS.** Utah.
 - Surnamed by WO410 on April 14. **NOA package has not reached WO400.**
- **DTS# 1542. NOI to Amend the RMP for the Ukiah Field Office, California and Prepare an Associated Environmental Assessment for the Berryessa Snow Mountain National Monument.** California.
 - Surnamed by WO410 on May 2. **NOI package has not reached WO400.**
 - **Update:** the BLM Federal Register Notices update indicates the NOA is on hold at California's request.
- **Challis, Salmon, Upper Snake RMP Prep Plan.** Idaho.
 - **Update:** WO410 provided follow up comments to the responses to WO feedback (May 19), requesting data and GIS funding needs for National Trails be identified in the prep plan and following up on a WSR comment that was not responded to re: if USFS and BLM coordination on joint WSR studies would be considered. **WO410 has not received the response to comments.**
- **Appalachian Basin RMP Prep Plan.** Eastern States.
 - **Update:** WO410 provided feedback on the prep plan on March 10, 2017 (NSHT and WSR should be addressed if located in the planning area). **WO410 has not received the response to comments.**
- **Boardman to Hemmingway ROD.** Oregon, Idaho.
 - **Update:** The June 6, 2017 Renewable and Transmission Projects Dashboard indicates that coordination is continuing with the WO on the NOA for the ROD and incorporating compliance discussions with the Executive Order of March 28, 2017 and Secretarial Order 3349 of March 29th, as it relates to mitigation. **It is unknown if WO410 will participate in the process.**
- **Environmental Assessment to Reconsider the ROD Approving Segments 8 and 9 for the Gateway West Transmission Line Project.** Idaho.
 - **Update:** The BLM is directed, through the Morley Nelson Snake River Birds of Prey NCA Boundary Modification Act, 2017, to issue a ROW for the lands described in Sec. (b)(2) of the Modification Act for portions of Gateway

West segments 8 and 9. The Modification Act moved the lands for this ROW from NCA status, stipulated that the mitigation framework presented in the Final Supplemental EIS will apply to the authorized segments, and stipulated a timeframe for issuance of the ROW. **It is unknown if WO410 will participate in the process.**

- **Section 368 Energy Corridor Region 1 draft review report.** Southern California, southern Nevada, and western Arizona.
 - **Update:** Draft recommendations to be circulated to WO100 and 300 for review the week of June 5.
 - **Issues:** Outdated policy that categorized National Trails as 'medium potential for conflict' was used in the original draft review report. Updated solar and wind policy now categories National Trails as 'high potential for conflict'. This was addressed with WO301. WO301 indicated no further follow up needed at this time.
- **Section 368 Energy Corridor Region 2 review.** Eastern Arizona, southern Utah, and New Mexico.
 - **Update:** A schedule is being developed for the Region 2 review.
- **Donlin Natural Gas Pipeline.** Alaska.
 - **No update.**
 - Meeting with BLM Alaska was held on February 27 to discuss State Patent lands of concern within the Donlin project, specific to the Iditarod National Historic Trail. Although it is not feasible to get a ROW reservation for affected townships, BLM Alaska is working to get comments into NEPA for the project, including mitigation for impacts to the NHT.
- **Verde Transmission ADEIS.** New Mexico.
 - **Issues:** Potential impacts to WSR and National Trails.
 - Proposed route crosses Rio Grande River. Eligible and suitable WSR streams in area including additional segments of the Rio Grande WSR.
 - Project would cross the Camino Real de Tierra Adentro NHT and Old Spanish NHT.
 - **Next milestone is review of ADEIS (TBD). Any review is to be coordinated through New Mexico as amendment is not on WO210 priority list for WO review.**
 - **Update:** The schedule is being revised because the public scoping period was extended. Approval of the revised project schedule is pending.
- **Mancos Shale RMP-A NOI, Farmington, New Mexico.**
 - **Issues:** **Unknown** but WO410 is tracking because the RMP-A proposes to amend four decision types including lands with wilderness characteristics and will analyze potential impacts from oil and gas decisions to the Old Spanish NHT (RMP decisions for the NHT will not be made).
 - **As the RMP-A/EIS moves forward (alts development, impact analysis, etc.). WO410 will participate to ensure that the National Conservation Lands units are adequately considered.**
 - **Update:** draft alternatives will be completed this summer. Public release of the DRMP/DEIS is not anticipated until calendar year 2018. NMSO will coordinate with WO210 on WO review.

UPCOMING BRIEFINGS (NEXT 30 DAYS)

- **Sonoran Desert National Monument PRMP-A/FEIS.** Arizona.
 - **Combined AD/Director's Brief TBD is scheduled for June 14.**
 - **No issues.** This target shooting focused amendment **has a court ordered deadline** (ROD by 9/30/17).

- **Grand Staircase-Escalante National Monument administrative draft MMP-A/DEIS.** Utah.
 - **AD Brief TBD.** Staff pre-brief was held April 25.
 - **No issues.** 471,700 acres contain wilderness characteristics. The draft MMP did not specifically address management of lands with wilderness characteristics, however these lands receive incidental management in the following zones:
 - The primitive zone (281,800 acres) allows for an undeveloped, primitive, and self-directed visitor experience without mechanized or motorized access.
 - The outback zone (149,600 acres) is intended for an undeveloped, primitive, and self-directed visitor experience, while allowing motorized and mechanized access on designated routes. Facilities are rare and are provided only when needed for resource protection.
 - The remaining lands with wilderness characteristics (40,300 acres) are in the front country and passage zones which contain more facilities and are the focal points for visitation.
- **Lewistown DRMP/DEIS.** Montana.
 - **TBD.**
 - **No issues.** 202,730 acres contain wilderness characteristics.
 - Prioritize other uses on 70,000 acres while not protecting wilderness characteristics. Underlying prescriptions include open to mineral material sales, non-energy leasables, cross-country mechanized travel, fluid minerals with minor constraints (CSU), and livestock; limited to designated routes yearlong; 400 acres of ERMA prescription (potentially); and mostly VRM III.
 - 30,000 acres would be managed to minimize impacts to wilderness characteristics while managing for other uses (13,000 acres of ACECs and approximately 15,000-20,000 acres where actions are in place to protect GRSG).

100,410 acres (49%) would be managed to protect wilderness characteristics as a priority over other multiple uses.

- **Carlsbad Field Office DRMP/DEIS.** New Mexico.
 - **TBD.**
 - **Update: WO212 has indicated Carlsbad anticipates a 1-2 year delay and New Mexico is submitting a schedule change request for the plan.**
 - **Discrepancies in acreages for lands with wilderness characteristics was found in DRMP/DEIS and range from 24,072 to 41,772 acres. Carlsbad FO is revisiting the alternatives.**
 - **WSR rationale:** The Delaware River segment was not included in the Preferred Alternative because this area has been identified as an area with high oil/gas development potential. Portions of the Delaware River segment are currently leased for oil and gas development and are surrounded by state lands. Much of the Delaware River segment carries protective allocations associated with the proposed Gypsum Soils ACEC which is included in the Preferred Alternative C.
- **Rio Puerco PRMP/FEIS.** New Mexico.
 - **TBD.**
 - **No issues.** There are seven areas totaling 37,524 acres of wilderness characteristics.
 - Prioritize other uses on 1,663 acres (4%) while not protecting wilderness characteristics.

- 6,920 acres (18%) would be managed to minimize impacts to wilderness characteristics while managing for other uses. Travel limited to designated routes, closed to leasable minerals, avoid for saleable minerals and ROW, minimizing impacts and requiring use of existing routes for forest product removal, and VRM III.
- 28,941 acres (77%) would be managed to protect wilderness characteristics as a priority over other multiple uses. Travel would be closed except as authorized, closed to leasable and saleable minerals, no new ROWs, closed to forest product removal, and VRM II.

Age Group	Percentage
18-24	10%
25-34	15%
35-44	20%
45-54	25%
55-64	30%
65+	35%
