Cindy and Matt,

The Department is asking for a map on GSENM ROVs. Can you produce a map that shows approximately the ROVs listed in Exhibit B of the attachment?

I'm glad to have a phone call about this if that's helpful. I'm available 12-1:30 and 4-5 today.

Thanks so much, Sally

Sally & Matt:

Another excellent source of info on the GSENM Objects is the 8-15-96 Secretarial Memo to the President. It is located in the 2nd Google Drive, but not the 1st one ( the 1st drive includes the Secretarial Memo to the BLM Director).

The Memo to the President not only includes the list of all of the objects and a bibliography of resources, but also includes a very articulate rationale for the area needed to protect the objects. It is labeled 7.2 8-15-96 SecretarialMemo.pdf

I attempted to attach it here as well.

Thanks so much Matt for the thorough and quick response. I'm going to look over the docs you posted so I'm familiar and then share the folder with Cally Younger in WO-100 who's working with the Secretary's office on this.  
Thanks again, Sally

Another great resource is the Google Drive set-up for the initial review request of GSENM information and maps:
