Utah BLM GSENM Lands Identified For Disposal 11-2017.xlsx

Laurie:

As you may know, GSENM does not have lands available for disposal as per the Proclamation and MMP. I used the spreadsheet to reference the Proclamation and MMP language/ decisions. You may not need all that information, but I provided it in case you do.

Mark: Will you please file this data call response in the GSENM Lands & Realty folder on the Z drive. I do not have permission to save documents there.

Thanks

The feedback I'm getting from the Field Offices is that we will need about a week to provide the information requested by Senator Hatch's Office. Please use the attached Excel Spreadsheet to provide the requested information by COB, Tues November 14, 2017. If you need assistance or have any questions, please let me know.

Hi everyone,

We have received a request from Senator Hatch's staff for a listing of BLM lands potentially suitable for disposal throughout Utah as follows:

1. Land Use Plan Official Name
2. Year Land Use Plan Finalized
3. Field Office Associated with the Land Use Plan
4. A listing of lands potentially suitable for disposal separated by land use plan
5. Identify the acreage per parcel
6. Identify the county or counties associated with each parcel
7. Provide all data in an Excel spreadsheet

**Please let me know by COB tomorrow 11/7/2017, if you have the requested information in electronic format, if not, in what format could the information be provided, and how much time would be necessary to provide the requested information for your Field Office?**

If you have questions pertaining to this request, please feel free to contact me.

Thank you,

Laurie Ford

**Subject:** Request from Sen. Hatch's office: Lands potentially suitable for disposal

Hi Mike,

As discussed in our meeting with Sen. Hatch's staff last Thursday, they have requested a list of lands potentially suitable for disposal throughout Utah. Please provide the following information as soon as possible.

1. An inventory of lands potentially suitable for disposal separated by land use plan
2. Identify each plan's official name and year finalized, identify the field office associated with the plan
3. Identify the county or counties associated with each parcel
4. Identify the acreage per parcel
5. Provide all data in an Excel spreadsheet

Let me know if you have any questions! Please confirm that you've routed this inquiry. Thanks Mike!
