Got it. This is what I plan to include. Let me know if its OK.

OF NOTE: Yesterday Interior released the Secretary's memo to the President providing an interim recommendation of his review of the Bears Ears National Monument as directed by the President's Executive Order.

Key Recommendations are:

- The existing boundary of Bears Ears be modified to be consistent with the intent of the Act- which is that monuments are to be confined to the "smallest area compatible" to protect the objects
- That Congress authorize tribal co-management of designated cultural areas.
- That Congress designate selected areas within the existing Bears Ears as national recreation areas or national conservation areas.
- That Congress clarify the intent of the management practices of wilderness or wilderness study areas (WSA) within a monument.

The Department should conclude the full review under the order before more specific recommendations are made regarding Bears Ears.

Do you want him to say "Yesterday Interior released the Secretary's memo to the President providing an interim recommendation of his review of the Bears Ears National Monument"?

I suggested he say instead that the Secretary delivered the report to the President on Saturday, and he was OK with that

The interim report notes that concerns have been raised regarding

- The use of the Antiquities Act (the Act) to designate large “landscape” monuments-often to prevent or restrict land rather than to protect and preserve objects of significance
- The public outreach and coordination process with State, Tribal, and local officials
- The potential losses of economic opportunity and jobs because of monument designations

Recommendations

The existing boundary of Bears Ears be modified to be consistent with the intent of the Act- which is that monuments are to be confined to the “smallest area compatible” to protect the objects

- (b) (5) DPP [REDACTED]

Congress authorize tribal co-management of designated cultural areas

- (b) (5) DPP [REDACTED]

Congress designate selected areas within the existing Bears Ears as national recreation areas or national conservation areas.

- (b) (5) DPP [REDACTED]

Congress clarify the intent of the management practices of wilderness or wilderness study areas (WSA) within a monument

- (b) (5) DPP [REDACTED]

The Department of the Interior should conclude the full review under the order before more specific recommendations are made regarding Bears Ears.

- (b) (5) DPP [REDACTED]

Deliberative- For Internal Use Only
