Hi Randy,

We have completed our review of the initial responses provided in response to the April 26, 2017 Executive Order 13792 and initial data request. The executive summary, detailed response for the requested items, and supporting sources of information have been uploaded to the respective Google Drive folder for the Bears Ears National Monument.

Per your request, I have also attached the additional information requested in a word document along with a zip drive that contains supporting data and documents.
