Thanks, Allison. I can follow-up with the SOL and see if they are available for a meeting. I can talk to them and see what makes sense. It may be valuable to give them some time to review the document that we have prepared and then meet with us so that they can discuss the document verbally.

Tyler-

I would like to have a 1-2 hour call with SOL to discuss, and would like to invite MtFO, District and UTSO specialists to call in. I think it's important for the ID team to be on the same page and GSENM staff have responded positively to engagement from SOL on similar issues.

Don,

Allison asked me to see when the SOL are available to look at the Monument Objectives and Values document. I don't anticipate any meeting at this point. I believe we will simply provide them the document that was assembled by the Field Office and State for review.

Allison, Monticello completed this. I haven't heard back from anybody in Moab.

Did any of the dates we talked about work for the Solicitors? (Others: I don't have the dates with me now to share.)
