I've added a column to this sheet with the BLM people who I was asked to share each monument folder with, for follow up questions. We don't have specific contacts for the FS-managed monuments but Randy is coordinating the sharing of information for those, I think. Whitney Boone is the contact for NPS. I'm not sure who the contact for FWS is but Jeff Rupert added a lot of the documents for Hanford Reach so I would probably start with him.

Hi Christian,

Thanks for doing this.

Ben

Greetings from Denver,

I've made a first cut at grouping the Monuments by State and region. My thought was that it may be efficient for lead authors to have a geographic focus, if States or regions have common issues or material for write-ups. If this grouping doesn't work, we can always scrap it.

Ann has already delivered a draft of the Bears Ears write-up to Randy, and Sarah has already started on Grand Staircase-Escalante. I've grouped the remaining 20 Monuments into 5 groups of four as follows:

AZ

CA

CA,NV

ID,MT,OR,WA

CO,NM,ME (Katahdin Woods and Waters has Adam's name next to it already)

Bye for now,
Christian

Benjamin Simon has invited you to **edit** the following spreadsheet:

National Monuments review (1996-2017) 2017-05-04

Hi Everyone -- here is the google sheet which we can use to track who has the lead for the write-up for each monument. There are 22 monuments on the list, excluding the marine monuments. So we each need to select 3 or 4 monuments.

The model for the write-ups would be what we have put together for Bears Ears and Grand Staircase. The Bears Ears paper is on the O drive; the Grand Staircase paper is close to being completed and has not been pulled into a Word doc yet.

Ann is pulling together a spreadsheet that will have the socio-economic and demographic information for all of the monuments, so we all can pull from that.

BLM has uploaded quite a bit of information. As a first step, it might be helpful to have a look in the google drive folders to see what information has been uploaded.
