August 22, 2017

FROM: Scott Hommel, Chief of Staff, U.S. Department of the Interior

SUBJECT: Interior Department Weekly Update for the Week of August 22, 2017

DOI 30-Day Policy Look Ahead

Presidential Initiatives and Awareness

1. **MONUMENT REVIEW:** We are preparing the report to comply with Executive Order 13792 of April 26, 2017 calling for a review of National Monuments. The Secretary has visited 5 states and met with countless stakeholders to conduct the review. The report will give general recommendations. Specific recommendations will be submitted separately as draft proposals for the President's consideration. The Secretary has briefed White House staff on preliminary recommendations and advised the White House Chief of Staff on the Department's rollout plan.
Timing: August 24, 2017
Contact: Downey Magallanes, Acting Deputy Chief of Staff
2. **NAITONAL PARK SERVICE FUNDING INITIATIVE:** August 25th is the 101st birthday of the National Park Service. The Secretary has submitted a funding initiative to OMB to create a maintenance account to address the \$11.5 billion in backlog maintenance. Addressing the backlog is critical to the park experience of over 300 million people every year. Secretary Zinke will announce his commitment to the parks on August 25th and requests POTUS involvement in the weeks after the event to announce a funding/restore our parks initiative.
Timing: August 25, 2017
Contact: Todd Willens, Acting Assistant Secretary for Fish, Wildlife, and Parks
3. **NPS SENIOR PASS INCREASE:** The Department announced in July that beginning August 28, federal agencies would begin selling the new America the Beautiful Senior Pass, which allows lifetime access to certain federal lands. The new price for the Lifetime Senior Pass will be \$80, which is an increase from \$10. The annual senior pass will be \$20. This increase is mandated by the National Park Service Centennial Act, passed in December of 2016. Existing passes will be grandfathered.
Timing: August 28, 2017
Contact: Todd Willens, Acting Assistant Secretary for Fish, Wildlife, and Parks
4. **CRITICAL MINERALS REPORT:** USGS will release a new report presenting resource and geologic information for 23 critical mineral commodities important to our national economy and national security, many of which are sourced entirely outside of the United States. This is the first update since the last assessment undertaken in 1973. The Department has proposed to the White House consideration of a draft Executive Order directing Interior to help coordinate the appropriate agencies to undertake a government-wide approach to facilitate the domestic mining and processing of critical minerals. Discussion on the contents of the E.O. is continuing. Interior is hosting a roundtable with mining executives on August 24 to discuss the issue.

Timing: August 2017

Contact: Dr. Andrea Travnicek, Acting Assistant Secretary for Water and Science

5. **VENTING AND FLARING RULE:** BLM will publish a proposed rule to suspend or delay requirements from the “Waste Prevention, Production Subject to Royalties and Resources Conservation” (Venting and Flaring) for 18 months until July 17, 2018. BLM is currently reviewing the final rule and wants to avoid imposing temporary or permanent compliance costs on operators for requirements that may be rescinded or significantly revised in the near future. The rule was sent to OMB on August 15, 2017.

Timing: Late August 2017 / Early September 2017

Reports to Congress and Congressional Testimony

1. **DOI RECEIVED TWO PERTINENT MINORITY OVERSIGHT REQUESTS:** The Department received two politically-driven requests from Minority members. One is from the House, the other from the Senate. The House letter from five Maryland Democrats requests the Secretary to remove the statue of Gen. Lee from Antietam National Battlefield. The Secretary recently visited Antietam to announce NPS Battlefield grants where he made comments specific to the statue. Three Democrat Senators (Carper, Heitkamp, and Udall) sent an oversight letter to Secretary Zinke requesting information on the Secretary’s decision to reassign SES staffers, how it aligns with Congressional intent, and whether or not tribes were consulted.
Timing: August 21, 2017
Contact: Micah Chambers, Deputy Director, Congressional Affairs
2. **HILL NOTIFICATIONS FOR UPCOMING REPROGRAMMING REQUEST:** Pending OMB approval, the Department intends to notify the relevant authorizing and appropriating Committees (Senate Energy and Natural Resources, House Natural Resources, Senate Interior Appropriations Subcommittee, House Interior Appropriations Subcommittee) about the reorganization and realignment of the Office of the Special Trustee for American Indians (OST). DOI’s Program Management and Budget office and OMB are currently coordinating to secure approval. Notification to the Hill will entail formal letters and briefings for Committee staff, which OCL will coordinate.
Timing: September 2017
Contact: Amanda Kaster, Policy Adviser, Congressional Affairs
3. **SENIOR FWS OFFICIAL TO TESTIFY BEFORE THE SENATE HOMELAND SECURITY AND GOVERNMENTAL AFFAIRS COMMITTEE:** Gary Frazer (Assistant Director for Ecological Services, U.S. Fish and Wildlife Service) will testify before the Permanent Subcommittee on Investigations regarding implementation of FAST-41. This provision was part of the FAST Act, which passed December 2015. The intent of the legislation is to coordinate the review process for infrastructure projects between all of the involved government agencies. This hearing is intended to highlight the reform and remind the Administration that this review process already exists as we seek to expedite/streamline the

environmental review process. This hearing was previously scheduled for July 26, 2017 but was postponed and has now rescheduled.

Joe Balash (Assistant Secretary, Land & Minerals) was officially nominated and is set to appear before the Committee for his nomination hearing on September 7, 2017. Ryan Nelson (Solicitor) was officially nominated Wednesday August, 2nd. His committee paperwork has been submitted and Committee plans to include him in the hearing on the 7th with Mr. Balash.

Other/Awareness Only

1. **DOI POSTPONES ADVISORY BOARD MEETINGS.** The Department is continuing to review the charter and charge of the more than 200 boards, committees, and advisory panels to ensure they are structured to receive maximum public input and comply with the Federal Advisory Committee Act. The Department spends more than \$10 million to facilitate these boards and many are not meeting their charter obligations, are not meeting regularly, and have little turnover or numerous unfilled positions. Meetings have been postponed until September 2017 following the Department's review unless justified on a case-by-case basis.

IMPORTS OF AFRICAN ELEPHANT TROPHIES FROM ZIMBABWE: The Fish and Wildlife Service (FWS) plans to publish in the *Federal Register* a change to the permitting status for imports of African elephant trophies from Zimbabwe. After receiving information from Zimbabwe on a number of substantial improvements to their management program and elephant conservation efforts, FWS has determined that taking of African elephant trophy animals in Zimbabwe on or after January 21, 2016 (the date that Zimbabwe's new management plan was officially adopted) through 2017 would enhance the survival of African elephants, and import permits can be issued for these trophies.

3. GATEWAY WEST TRANSMISSION LINE: This week BLM will issue a Notice of Intent for an Environmental Assessment to propose an alternate route for the Gateway West Transmission Line in Idaho. 4. MINUTE 323 – U.S./MEXICO COOPERATION ON THE COLORADO RIVER.

The Colorado River is shared among seven states in the U.S., and is also shared between the U.S. and Mexico. The Colorado is experiencing an extended period of historic drought since 2000 and a Drought Contingency Plan is being developed amongst states. Negotiations have been underway for a 9-year agreement with Mexico to provide operation certainty regarding deliveries to Mexico, referred to as "Minute 323," to include reductions and water savings at specific Lake Mead elevations, investment to conserve Colorado River water supplies, and enhancement of environmental and riparian resources. The U.S. State Department is proceeding with their

clearance process so that DOI can proceed with review and clearance of the domestic agreements, to finalize and adopt the domestic agreements that are necessary to implement Minute 323 by the end of September 2017.

6. **NAVAJO GENERATING STATION.** On July 2, the Navajo government approved a two-year lease extension for continuing operation of the Navajo Generating Station through 2019. The Department's Bureau of Reclamation is a part owner of the power generated by the plant and thus the Administration has a role in the ultimate decision associated with the plant. Interior is helping to identify a possible future owner to keep the plant generating power indefinitely, since the current owners will exit the plant at the end of 2019. On July 19, Navajo representatives met with the Bureau of Reclamation and requested another stakeholder meeting. A multiple stakeholder meeting is being discussed for September. On July 28, Peabody Energy and Lazard (investment banking) met with representatives from DOI to discuss potential of investors. Initial discussions sound positive and Lazard hopes to have initial bid proposals by mid-September.
