Hi Randy— Is this 3pm ET today a firm deadline? I ask this from the perspective of the additional time usually needed for Department-to-Department level review and coordination. That said, we are currently reviewing the draft you sent late yesterday. Thanks for clarifying.

Attached are drafts of the interim report on the monument review process and the economic report on the Bears Ears monument. Please review and have any comments back to me by 3 pm tomorrow, June 8.

Due to late edits to the draft economic report there are some formatting issues there that will be corrected; no need to comment on those.

I regret the short turn-around, but that is likely to be the norm for this process.

My only concern is that if we have to go with it on short notice, you might lose your opportunity for input. I don't know that this would happen, but I am trying to be prepared,

Also, FYI - at the request of our Secretary's office, I spoke Tuesday with Brian Klippenstein and Sam Clovis, both political appointees with OSEC email addresses, about the review and that I was working with you as the FS contact. I sent them copies of the 2 documents this morning, after fixing a few typos that people pointed out in early responses. Lastly, our Acting Deputy Secretary met yesterday afternoon with Dan Jiron, your Acting Undersecretary for Natural Resources and Environment, and Jiron was not aware of FS participation in the monument review. I don't know if Brian and Sam report to him or the other way around, but in either case its likely he will get information on the process today from one or both of them, or from me.

Thx for the clarification and update Randy. I believe there were briefings between FS and USDA yesterday (and previously as well). Lots of moving pieces and folks to loop in at multiple levels... Appreciated.

**Subject:** 2 Monument review documents for review, deadline 2 pm Thursday June 8

Attached are drafts of the interim report on the monument review process and the economic report on the Bears Ears monument. Please review and have any comments back to me by 3 pm tomorrow, June 8.

Due to late edits to the draft economic report there are some formatting issues there that will be corrected; no need to comment on those.

I regret the short turn-around, but that is likely to be the norm for this process.
