Thanks for the information. I have not heard back from Keith or Casey. I will send an email right now.

Talk to you tomorrow.

I'm happy to pass on the 1711 funds, and I would like some additional one-time funds. Patrick is officially acting as it is his month, but we met with Don this morning and he said that if it is recreation related I could act and if Patrick was out, I was acting for the office in general. I thought we could talk about it tomorrow after we discuss the status of the on-going projects with Casey and Kieth. Did you hear back from Kieth? Is he on board for tomorrow?

I'll let Allison know that we will not compete this year and will let the other units work it out.

Amber,

Just wanted you to be aware of this since Don is out of the office. I am assuming you are his acting? We still have a lot of one-time funds to spend. Not sure that we need the 1711 money unless you have a specific project in mind. Let me know your thoughts.

I would like to have a quick call this week to discuss unfunded needs for L1711 that could be spent in FY17. I am suggesting Thursday at 11 am. We have \$48K to spread. The money must be able to be obligated this fiscal year.

If you would like to compete for funding, please "reply all" with your top 1-2 projects (up to \$48K) and include a brief description of the project and the amount of funding requested. If you do not have any additional shovel-ready projects that can be obligated this FY, please let us know and you do not need to participate in the conference call.

We will hold a brief call to determine funding priorities. If we can come to consensus, I'll have Tiffany obligate the money immediately.

Thanks!

Hi Allison,

WO provided an additional \$ 48,000 in L1711 at AWP. This funding was not attached to a specific project/earmark. It would be great if you can hold a call and provide us with a recommendation on where the funding should be allocated.

FYI... GSENM did submit a unfunded request of \$ 50,000 for Law Enforcement costs.

Please call with questions. Have a good day!

Tiffany-

Aaron mentioned that we might have some additional L1711 funds this year. If so, I will hold a call with Bears Ears, GSENM and the SGFO NCAs to determine how best to put them to use.

Do you have a ballpark figure of the unallocated funds? No hurry. Thanks!
