GSENM requested \$50,000 in unfunded needs for our 2 Law Enforcement Officers. Budgeting for the 2 law enforcement positions did not account for the approval for these 2 positions for AUO. AUO adds up to be about an additional \$25,000 each. We do not have enough flexibility in our lapse to account for the \$50,000.

This is our top priority, as we currently do not have excess funds to cover this cost.

I would like to have a quick call this week to discuss unfunded needs for L1711 that could be spent in FY17. I am suggesting Thursday at 11 am. We have \$48K to spread. The money must be able to be obligated this fiscal year.

If you would like to compete for funding, please "reply all" with your top 1-2 projects (up to \$48K) and include a brief description of the project and the amount of funding requested. If you do not have any additional shovel-ready projects that can be obligated this FY, please let us know and you do not need to participate in the conference call.

We will hold a brief call to determine funding priorities. If we can come to consensus, I'll have Tiffany obligate the money immediately.

Thanks!

Hi Allison,

WO provided an additional \$ 48,000 in L1711 at AWP. This funding was not attached to a specific project/earmark. It would be great if you can hold a call and provide us with a recommendation on where the funding should be allocated.

FYI... GSENM did submit a unfunded request of \$ 50,000 for Law Enforcement costs.

Please call with questions. Have a good day!

Tiffany-

Aaron mentioned that we might have some additional L1711 funds this year. If so, I will hold a call with Bears Ears, GSENM and the SGFO NCAs to determine how best to put them to use.

Do you have a ballpark figure of the unallocated funds? No hurry. Thanks!
