Greetings,

I saw the press release that Secretary Zinke submitted the interim report on Bears Ears National Monument to the President. I'm wondering whether you know when the transcript from the tribal listening session on national monument review in Phoenix will be prepared and posted. I have looked on the Regulations.gov web site and the transcript doesn't appear to be posted there yet. Has the transcript perhaps been posted to somewhere else on the web?

Thank you for any information you may have regarding the availability of the listening session transcript.
