Analysis

Citizenship Ruling May Spell Trouble For Plenary Power

In ruling Monday that it's unconstitutional to treat mothers and fathers differently regarding the transmission of U.S. citizenship, experts say the U.S. Supreme Court dealt a major knock to the plenary power doctrine, which says courts should take a more hands-off approach to immigration. [Read more »](#)

Sessions Denies Lying, Invokes 'Privilege' On Trump Comms

Attorney General Jeff Sessions struck an indignant tone in Senate testimony Tuesday when he categorically denied taking part in any inappropriate meetings with Russian officials, or lying about those discussions, even as he drew Democrats' ire by repeatedly refusing to discuss conversations with the president. Rosenstein Sees No Reason To Fire Special Counsel

Deputy Attorney General Rod Rosenstein told a Senate panel on Tuesday that he has no reason to fire special counsel Robert Mueller amid rumors that President Donald Trump was looking to ax the head investigator probing Russian interference in the U.S. presidential election. [Read more »](#)

Analysis

Sessions' Privilege Maneuver May Fly With GOP Senate

Attorney General Jeff Sessions on Tuesday refused to provide answers about his conversations with President Donald Trump on the firing of former FBI Director James Comey by saying the president may wish to invoke executive privilege at some point, a move observers said could be hard to challenge given the balance of power in the Senate. [Read more »](#)

Bar Association Urges Congress To Reject Tort Reform Bill

The American Bar Association on Tuesday asked Congress to vote against a tort reform bill that would impose a nationwide cap on noneconomic damages in medical malpractice cases, saying that such matters are better left in the hands of the states. [Read more »](#)

Tax Lawmaker Floats 5-Year Phase-In For Border Tax Plan

The leader of the House tax-writing committee on Tuesday proposed phasing in a controversial border adjustment plan that would exempt exports, but not imports, from taxation to make the plan more palatable to critics who say it would lead to higher prices on everyday imported products. [Read more »](#)

House Rep. Floats Bill To Incentivize Broadband Investment

Rep. Doug Collins, R-Ga., has floated a bill to encourage broadband deployment that would create state-designated "gigabit opportunity zones" where private investment would be incentivized, following a plan floated by Federal Communications Commission Chairman Ajit Pai. [Read more »](#)

Biz Groups Call For Steady Hand In NAFTA Revamp

The nation's most influential business and trade associations implored the White House on Monday to take a measured approach in renegotiating the North American Free Trade Agreement and not toss some of the agreement's most valuable provisions overboard, including its chapters on government procurement and intellectual property. EPA Enforcement Nominee Vows To Target Worst Polluters

President Donald Trump's pick to lead the U.S. Environmental Protection Agency's enforcement office faced a grilling Tuesday at a Senate committee hearing where she promised to team with states and EPA staffers to tackle the nation's worst polluters. [Read more »](#)

Analysis

The Biggest Energy Rulings Of 2017: Midyear Report

While the suspension of legal challenges to several Obama-era regulations to accommodate a rollback by President Donald Trump certainly grabbed headlines, the first half of 2017 also saw the affirmation of California's cap-and-trade program and the Federal Energy Regulatory Commission's enforcement authority. Here are five significant energy-related court developments so far this year. [Read more »](#)

EPA Proposes 2-Year Methane Emissions Rule Delay

The U.S. Environmental Protection Agency on Tuesday proposed extending by two years its delay of key parts of a rule aimed at curbing methane emissions from new and modified oil and gas infrastructure. [Read more »](#)

Courts Taking Narrow View Of ADEA, EEOC Acting Chair Says

Ambiguities in the Age Discrimination in Employment Act have allowed courts to narrow the law's reach at a time when the percentage of older workers on the job is growing, making the U.S. Equal Employment Opportunity Commission's job tougher, acting Chair Victoria Lipnic told Law360 in an exclusive interview Tuesday. [Read more »](#)

Ill. Should Not Keep Paying State Employees, Justices Told

The Illinois attorney general's office on Tuesday urged a state appellate court to overturn a lower court ruling that has allowed 102,000 state employees to continue receiving paychecks while the state has been without a budget for nearly two years, kicking off oral arguments in a suit originally brought by workers to ensure they would be paid through a budget impasse. [Read more »](#)

Chamber Of Commerce Renews Fight Over Philly Wage Law

The Chamber of Commerce of Greater Philadelphia on Tuesday renewed its challenge to a new city ordinance barring employers from asking about a prospective worker's salary history, two weeks after its complaint was tossed by a federal judge. [Read more »](#)

Pa. Bills Would Expand AG's Power To Charge Local Officials

In the wake of a report detailing the limitations state prosecutors faced in pursuing criminal charges over funds misappropriated from a municipal incinerator project, a group of Pennsylvania lawmakers introduced bills Monday to give the Office of Attorney General broader authority to go after local officials. [Read more »](#)

EXPERT ANALYSIS

Restricting Rights Through Class Action Evisceration

Currently pending before the Senate Judiciary Committee, the Fairness in Class Action Litigation Act proposes a new Rule 23 which renders class actions often impractical. If signed into law, only the most obvious of cases would be taken where liability is nearly certain and damages large, says Fred Isquith of Wolf Haldenstein Adler Freeman & Herz LLP. [Read more »](#)

An Interview With Ex-USPTO Director Todd Dickinson: Part 2

During a recent conversation with us, Q. Todd Dickinson, former director of the U.S. Patent and Trademark Office, offered his thoughts on intellectual property legislative and judicial activity in recent years, the policies that could use improvement, and the challenges that lie ahead for patent holders, say David Haas and Scott Weingust of Stout Risius Ross LLC. [Read more »](#)

FCC And Congress May Reshape The Media Landscape

In the near future, actions taken by Congress and the Federal Communications Commission are likely to pave the way for greater media consolidation without violating the commission's media

ownership rules. As a result, the media landscape is likely to look different in a few years from now, say Rebekah Goodheart and Samuel Jacobson of Jenner & Block LLP. [Read more »](#)

Trump Cybersecurity Order Makes Electric Grid A Priority

Last month, President Donald Trump signed an executive order requiring a comprehensive review of the federal government's cybersecurity risk management policies and procedures. The order is notable for its emphasis on the electric power industry. The comprehensive review this order requires may well trigger a significant response at agencies regulating the electric power industry, say attorneys with Paul Hastings LLP. [Read more »](#)

Due Diligence From The Lateral Partner's Perspective

Lateral candidates interested in making the last — or perhaps only — move of their career cannot afford to simply stand by and let a law firm's vetting process unfold on its own, says Howard Flack, a partner at Volta Talent Strategies Inc. who previously led lateral partner recruiting and integration at Hogan Lovells.
