Attached are the final maps from BLM-UT. Please let me know if you need any additional changes. They sent two options for the Bears Ears map. One is the size of the map that included the old BE boundaries so it shows more of the landscape. The other is a more zoomed in version that allows you to see the new units a little better. Whichever one you choose, I would just be sure to rename the file BENM 12012017.pdf to be consistent with the naming convention on the GSENM file. I'm at my desk if you want to discuss.

I already had them change the monuments to units. I can have them pull the dates off in the morning.

Yes, definitely. Josh, can you work with BLM-UT on that?

We're in the process of vetting this (i.e., (b)(5) DPP (b)(5) ACP) as part of reviewing the procs. Can this wait until we get that done?

BLM-UT is doing this for GSENM.

For Bears Ears we just need to be sure that everyone is alright with the (b)(5) DPP (b)(5) ACP
