**Date:** Thursday, June 08, 2017 1:43:14 PM

---

We do not have any written comment from either the Bears Ears Commission or the InterTribal Coalition on the review of the Bears Ears Monument.

For a summary document (b) (5), is it more accurate to say that both groups expressed to you in the May 25 meeting their opposition to any changes to the monument, or their opposition to any reduction in size of the Monument? Alternatively, is there some other statement that more accurately reflects their comments?
