Subject: DOI comment period for national monuments created in the past 20 years

Hi Diane,

Here are the links to information about Executive Order 13792, review of certain national monuments:

<https://www.doi.gov/pressreleases/interior-department-releases-list-monuments-under-review-announces-first-ever-formal>

<https://www.regulations.gov/document?D=DOI-2017-0002-0001>

I misspoke earlier today. There are 15 days to comment on Bears Ears National Monument and 60 days to comment on all of the others.
