Here are two sets of comments I didn't see on the mass mailer report - ran across them while try to clear up some uncoded comments; about 7800 comments

Comment attachments June 13

The attached Microsoft Word documents contains 6,562 letters from individuals addressed to you asking that "you leave the Bears Ears National Monument boundary alone," and recommend "No Action" to President Trump regarding the Executive Order Review. This batch is from the Navajo Mountain Tribal Community

The **four** attached **x** Word documents **contain 1,304 comments that were submitted to us yesterday and today, all asking that x the Bears Ears National Monument boundaries remain intact. 226 of these comments are from Utah residents and 214 are from Native Americans.**

There were a few records that overlapped my earlier analysis. So I removed those.

I distilled his spreadsheet to the two significant columns.

Perhaps my ignorance of spreadsheets, but I can't find a total here - what was the total number of comments in all the attachments? Answer can wait until tomorrow, as I need to run some errands now.

Hi Marcia,

Attached is a spreadsheet that summarizes the mass mailers in PDF files. The 98th file from the July 20th download is fully uploaded and indexed. The duplicate detection is running now and I will give you an update Monday on how that is going.

Thanks,
Stu
