[Data Request Related to Review of National Monuments-CR highlights.docx](#)

Hi David and Kirstie,

In response to the DOI review of designations under the Antiquities Act (EO 13792), NPS has been asked to compile a variety of data about Craters of the Moon and Grand Canyon Parashant. As part of its review, the Department is requesting information about cultural resources contained within and around each monument under review. I have highlighted the cultural resources related information in the attached data request.

Are you able to identify folks who could help compile this information for CRMO and PARA? Chad Corey and Wade Vagias have been given a heads up on the data request, and I just spoke with Steve Daron at Lake Mead, but I thought I would check with you to see whether there are regional office folks who could assist with data gathering.

The Department would like this information by June 2.

Thanks in advance for any information you can provide. Feel free to give me a call if you have any questions or would like to discuss.

Thanks,
Whitney
