[GSENM Funding Project.xlsx](#)

Attached is a spreadsheet with all of the data that you requested. I wasn't sure how to answer the question about types of projects so I just made a tab with a list of all of the completed projects and the total number of acres. You can group them into what ever groups that you want. Let me know if you have any questions on this.

Hi Alison,
Thank you for your help. Yes, we are looking just within Grand Staircase-Escalante NM.
The boundary provided already is correct. Let me know if you need anything else.

I can work on this today. I had an appointment out of the office this morning so I am just heading in on the train. I will need ArcGIS to complete this query so I won't be able to work on it until I get to the office.
Just to clarify your query, you want this info for just within the monument, correct? Do you have a shapefile of the monument that you could send to me fairly easily? If not I can extract it from a landownership layer. If you had one it would just save me a couple extra steps.

I should be in the office in less than an hour and will give you a call if I run into any questions.

Can you help Matt Betenson and crew out with this request?
If not I can get working on this later today.

Hi Tyler,

We are responding to a data request on the Monument's participation in WRI. Our local contacts (Raymond Brinkerhoff/Cameron McQuivey) are remotely spiked out in the field for project work and cannot be reached. Please give me or Alan Bate ([435-644-1224](tel:435-644-1224)) a call, we think need access in to the WRI database to help answer these questions. We have quick a turnaround, anything you can do to help would be appreciated.

Questions specific to GSENM for WRI:

What is the total number of projects submitted per year, and how is this trending over time?

What are the types and numbers of projects that have been completed in the monument?

How much funding has the BLM contributed to WRI projects in FY 2017, and how many projects have been selected to receive funds? Do we have any FY 2018 estimates yet?

Thanks again.
