Hi Vince and Kate --

I know there's a lot going on in the energy space now at DOI and I want to make sure we are accurately capturing it.

Attached please find our attempt at a "DOI Accomplishments" list for the first 6 months of the admin.

Welcome edits in case we missed anything in the energy portfolio.

Ideally I'd like to pull together a 1 pager or a series of graphics but we can work on that after we have the raw data.

This is not urgent but I'd like to have something by next week.

Thanks!

My best,

L
