## Communication Plan

### *Presidential Action on Secretarial Recommendation for Grand Staircase-Escalante National Monument and Bears Ears National Monument*

#### INTRODUCTION

BLM Utah currently manages two national monuments: Grand Staircase Escalante National Monument (GSENM) established by President Clinton in 1996 and Bears Ears National Monument (BENM) established by President Obama in 2016. The establishment of both monuments has been the subject of intense media scrutiny and controversy. In April 2017, President Trump released an Executive Order requesting review of certain monuments, including GSENM and BENM. Secretary Zinke conducted a field visit to both monuments and prepared a recommendation.
