## **Communication Plan**

### ***Presidential Action on Secretarial Recommendation for Grand Staircase-Escalante National Monument and Bears Ears National Monument***

#### **INTRODUCTION**

President Trump will visit Utah in early December to announce action on Interior Secretary Zinke's recommendations for the Bears Ears National Monument and Grand Staircase-Escalante National Monument. This plan provides key messaging and information to use during the roll-out of the new decisions when responding to both the public and media.

#### **BACKGROUND**

BLM Utah manages two national monuments: Grand Staircase-Escalante National Monument established by President Clinton in 1996 and Bears Ears National Monument established by President Obama in 2016. Both monuments have been the subject of intense media scrutiny and controversy.

In April 2017, President Trump issued an Executive Order requesting review of certain monuments, including the GSENM and BENM. Secretary Zinke conducted a thorough review and prepared his recommendation to the President.
