Hi Jim,

The Bears Ears Commission asked me to forward you a copy of the attached letter regarding the Commission's view of the review process and, in particular, the Commission's role in the management of the National Monument. As you know, the Presidential Proclamation provides the Commission with a role in the management of the Monument. Under the Proclamation, the Commission asks that it be included in management discussions related to Secretary Zinke's Interim Report due on June 10th.

Please feel free to contact me to schedule these management discussions. Thanks,

Rollie Wilson

BEARS EARS

June 7, 2017

The Honorable Ryan Zinke
U.S. Department of the Interior
1849 C Street, N.W.
Washington, D.C. 20240

Dear Secretary Zinke:

The Bears Ears Commission, made up of the Hopi Nation, Navajo Nation, Ute Mountain Ute Tribe, Ute Indian Tribe of the Uintah Ouray, and Pueblo of Zuni, appreciates your efforts to continue discussions with the Commission and its tribes who hold sacred the lands and resources of the Bears Ears National Monument. As you know, on May 25, 2017, representatives of the Tribes who make up the Commission met with Acting Deputy Secretary James Cason to let him know that the President does not have the authority to modify or revoke any national monument, and in particular Bears Ears. These representatives also provided an overview of the substantial data and information supporting the size and scope of the Bears Ears National Monument, including voluminous information about cultural, anthropological, paleontological, biological, and geological sites and resources. As we explained, the area within the Monument is a vital part of the traditions of our people, and our Tribes use sites within the Monuments for ceremonies and traditional activities, such as hunting and herb gathering. We reiterate here that there is no statute authorizing any review of monuments, nor statutory authority for any public comment period, and certainly no authority—statutory or otherwise—to diminish or revoke any monument. Therefore, although we have no choice but to respond, the public process created by this order is unauthorized and void.

If you decide to move forward with the review process, the Presidential Proclamation establishing the Bears Ears National Monument provides the Commission with an essential role in the management of the Monument. The Proclamation requires that the Departments of Interior and Agriculture “meaningfully engage” the Commission in management of the monument. Under this existing law, the Commission must be involved in proposals that you put forward in your June 10th Interim Report.

While our tribes have always managed the lands and resources within what is now the Bears Ears National Monument, we began our work as the Commission in early 2017. As you can see in the enclosed materials, each of the five named tribes appointed a representative to the Commission and we quickly passed bylaws for the operation of the Commission. We have already met a number of times, began to develop management priorities and began to discuss management with your Regional and Field Offices.

We look forward to discussing this further with you. Please contact my attorney, Matthew Campbell, at 303-447-8760 or mcampbell@narf.org to schedule further management discussions.

Bears Ears Tribal Commission Bylaws

Preamble

In the proclamation of December 28, 2016 establishing the Bears Ears National Monument, President Barack Obama established this Commission in recognition of the leadership of the Hopi Tribe, Navajo Nation, Ute Indian Tribe, Ute Mountain Ute Tribe, and the Pueblo of Zuni (the Tribes) in bringing the Monument proposal forward. The purpose of establishing the Commission is to allow for collaborative management between the Commission and the Federal agencies, “to ensure that management decisions affecting the monument reflect tribal expertise and traditional and historical knowledge;” and “to provide guidance and recommendations on the development and implementation of management plans and on management of the monument.” The proclamation provides for the Commission to have broad discretion in carrying out its initiatives: “The Commission may adopt such procedures as it deems necessary to govern its activities, so that it may effectively partner with the Federal agencies by making continuing contributions to inform decisions regarding the management of the monument.”

Mission

We have been called to protect and enhance this sacred cultural landscape that is the Bears Ears National Monument, homeland to each of our Tribes. It has been, is, and will always remain a place to heal, to pray, to sing and dance, to gather herbs and medicines, to hold gatherings, and to pay high honor to our ancestors and descendants. We pledge to preserve and improve the land conditions of the Monument and to provide robust protection of, and access to, the innumerable cultural resources of the area. To achieve these objectives, we are committed to working collaboratively with the federal agencies.

This will enrich the practice of land management by demonstrating how using our traditional knowledge combined with Western science and notions of land management can lead to a deeper and more profound understanding of the relationship between human beings and the natural world.

We irrevocably commit ourselves, our successors, and our honor to improving conditions day by day, month by month, year by year, forevermore.
