[FY2017 Tracking Spreadsheet.xlsx](#)
[Monthly Hot Topic Snapshot for week of July 10.docx](#)

Hi Nikki and Sally, Happy Monday! The Monthly Hot Topic Snapshot for the week of July 10 is attached for us to go over at check in. The WO410 tracking spreadsheet is also attached. Please let me know if I need to set up a call line.

Thanks.

Britta Nelson, M.P.A., Program Analyst

Monthly Hot Topic Snapshot
WO-410 RMP and EIS Review
Updated 07/10/17**

Chris McAlear
Acting Assistant Director
Assistant Director (WO-400)

RMPS AND PROJECTS WITH ISSUES TO ELEVATE/DIRECTORS PRIORITIES

- **DTS# 1545. NOA of the DRMP and DEIS for the BLM Carlsbad Field Office, New Mexico.**
 - Surnamed by WO410 on June 8. **NOI package has not reached WO400.**
- **DTS# 1527. NOA of the DRMP and DEIS for the Cedar City Field Office Planning Area. Utah.**
 - Surnamed by WO410 on May 2. **NOA package has not reached WO400.**
- **DTS# 1471. NOA for the Grand Staircase-Escalante National Monument administrative draft MMP-A/DEIS. Utah.**
 - Surnamed by WO410 on April 14. **NOA package has not reached WO400.**
- **DTS# 1542. NOI to Amend the RMP for the Ukiah Field Office, California and Prepare an Associated Environmental Assessment for the Berryessa Snow Mountain National Monument. California.**
 - Surnamed by WO410 on May 2. **NOI package has not reached WO400.**
 - **Update:** the BLM Federal Register Notices update indicates the NOA is on hold at California's request.
- **Challis, Salmon, Upper Snake RMP Prep Plan. Idaho.**
 - **Update:** WO410 provided follow up comments to the responses to WO feedback (May 19), requesting data and GIS funding needs for National Trails be identified in the prep plan and following up on a WSR comment that was not responded to re: if USFS and BLM coordination on joint WSR studies would be considered. **WO410 has not received the response to comments.**
- **Appalachian Basin RMP Prep Plan. Eastern States.**
 - **Update:** WO410 provided feedback on the prep plan on March 10, 2017 (NSHT and WSR should be addressed if located in the planning area). **WO410 has not received the response to comments.**
- **Boardman to Hemmingway ROD. Oregon, Idaho.**
 - **Update:** The last update was provided for the Renewable Energy and Transmission dashboard on June 28, 2017 and indicates that coordination is continuing with the WO on the NOA for the ROD and incorporating compliance discussions with the Executive Order of March 28, 2017 and Secretarial Order 3349 of March 29th, as it relates to mitigation. **It is unknown if WO410 will participate in the process.**
- **Environmental Assessment to Reconsider the ROD Approving Segments 8 and 9 for the Gateway West Transmission Line Project. Idaho.**
 - **Update:** The BLM is directed, through the Morley Nelson Snake River Birds of Prey NCA Boundary Modification Act, 2017, to issue a ROW for the lands described in Sec. (b)(2) of the Modification Act for portions of Gateway West segments 8 and 9. The Modification Act moved the lands for this ROW from NCA status, stipulated that the mitigation framework presented in the Final Supplemental EIS will apply to the authorized segments, and stipulated a timeframe for issuance of the ROW. **It is unknown if WO410 will participate in the process.**

- **Section 368 Energy Corridor Region 1 draft review report.** Southern California, southern Nevada, and western Arizona.
 - **Update:** Revised draft Region 1 Report sent to WO100 for review prior to release for 30-day stakeholder input.
 - **Issues:** Outdated policy that categorized National Trails as 'medium potential for conflict' was used in the original draft review report. Updated solar and wind policy now categories National Trails as 'high potential for conflict'. This was addressed with WO301. WO301 indicated no further follow up needed at this time.
- **Section 368 Energy Corridor Region 2 review.** Eastern Arizona, southern Utah, and New Mexico.
 - **Update:** A schedule is being developed for the Region 2 review.
- **Lake Powell Water Project.** Arizona, Utah.

Update: This is a water removal and transportation project including a proposed hydro-power station located on GSENM. The BLM is working with Utah to perfect the License Application to FERC and to discuss the need for [REDACTED] GSENM. This would be a new license for a proposed [REDACTED] pipeline and is a discretionary authorization.

 - **Issues:** [REDACTED] hydro-power station located in and plan amendment for the GSENM.
- **Donlin Natural Gas Pipeline.** Alaska.
 - **Update:** Meeting with BLM Alaska was held on February 27 to discuss State Patent lands of concern within the Donlin project, specific to the Iditarod National Historic Trail. Although it is not feasible to get a ROW reservation for affected townships, BLM Alaska is working to get comments into NEPA for the project, including mitigation for impacts to the NHT.
- **Verde Transmission ADEIS.** New Mexico.
 - **Issues:** Potential impacts to WSR and National Trails.

Proposed route crosses Rio Grande River. Eligible and suitable WSR streams in area including additional segments of the Rio Grande WSR.

P [REDACTED] would cross the Camino Real de Tierra Adentro NHT and Old Spanish NHT.
 - ~~Next milestone is review of ADEIS (TBD). Any review is to be coordinated through New Mexico as amendment is not [REDACTED] WO210 priority list for WO review.~~
 - **Update:** [REDACTED] schedule is being revised because the public scoping period was extended. Approval of the revised project [REDACTED] schedule is pending.
- **Mancos State RMP-A NOI, Farmington, New Mexico.**
 - **Issues:** **Unknown** but WO410 is tracking because the RMP-A proposes to amend four decision types including lands with wilderness characteristics and will analyze potential impacts from oil and gas decisions to the Old Spanish NHT (RMP decisions for the NHT will not be made).
 - **As the RMP-A/EIS moves forward (alts development, impact analysis, etc.). WO410 will participate to ensure that the National Conservation Lands units are adequately considered.**
 - **Update:** draft alternatives will be completed this summer. Public release of the DRMP/DEIS is not anticipated until calendar year 2018. NMSO will coordinate with WO210 on WO review.

UPCOMING BRIEFINGS (NEXT 30 DAYS)
--

- **Cedar City DRMP/DEIS.** Utah.
 - **Director's Brief is scheduled for July 17.** AD Brief was held June 9.
 - **No issues.** 259,975 acres contain wilderness characteristics (16 areas).
 - Prioritize other uses on 190,545 acres (73%) while not protecting wilderness characteristics based on mining claims with anticipated development and other resource management priorities, mainly multiple vegetation treatments for restoring habitat from pinion/juniper encroachment.
 - 69,430 acres (27%) would be managed to protect wilderness characteristics as a priority over other multiple uses. Protective allocations include VRM class II, ROW exclusion, NSO for leasable minerals, recommended withdrawal for locatable minerals.
- **Grand Staircase-Escalante National Monument administrative draft MMP-A/DEIS.** Utah.
 - **AD Brief TBD.** Staff pre-brief was held April 25.
 - **No issues.** 471,700 acres contain wilderness characteristics. The draft MMP did not specifically address management of lands with wilderness characteristics, however these lands receive incidental management in the following zones:
 - The primitive zone (281,800 acres) allows for an undeveloped, primitive, and self-directed visitor experience without mechanized or motorized access.
 - The outback zone (149,600 acres) is intended for an undeveloped, primitive, and self-directed visitor experience, while allowing motorized and mechanized access on designated routes. Facilities are rare and are provided only when needed for resource protection.
 - The remaining lands with wilderness characteristics (40,300 acres) are in the front country and passage zones which contain more facilities and are the focal points for visitation.
- **Lewistown DRMP/DEIS.** Montana.
 - **TBD.**
 - **No issues.** 202,730 acres contain wilderness characteristics.
 - Prioritize other uses on 70,000 acres while not protecting wilderness characteristics. Underlying prescriptions include open to mineral material sales, non-energy leasables, cross-country mechanized travel, fluid minerals with minor constraints (CSU), and livestock; limited to designated routes yearlong; 400 acres of ERMA prescription (potentially); and mostly VRM III.
 - 30,000 acres would be managed to minimize impacts to wilderness characteristics while managing for other uses (13,000 acres of ACECs and approximately 15,000-20,000 acres where actions are in place to protect GRSG).
 - 100,410 acres (49%) would be managed to protect wilderness characteristics as a priority over other multiple uses.
- **Carlsbad Field Office DRMP/DEIS.** New Mexico.
 - **TBD.**
 - **Update:** WO212 has indicated Carlsbad anticipates a 1-2 year delay and New Mexico is submitting a schedule change request for the plan.
 - **Issue:** Discrepancies in acreages for lands with wilderness characteristics was found in DRMP/DEIS and range from 24,072 to 41,772 acres. **Carlsbad FO is revisiting the alternatives.**

- **WSR rationale:** The Delaware River segment was not included in the Preferred Alternative because this area has been identified as an area with high oil/gas development potential. Portions of the Delaware River segment are currently leased for oil and gas development and are surrounded by state lands. Much of the Delaware River segment carries protective allocations associated with the proposed Gypsum Soils ACEC which is included in the Preferred Alternative C.

- **Rio Puerco PRMP/FEIS.** New Mexico.

- **TBD.**
- **No issues.** There are seven areas totaling 37,524 acres of wilderness characteristics.
 - Prioritize other uses on 1,663 acres (4%) while not protecting wilderness characteristics.
 - 6,920 acres (18%) would be managed to minimize impacts to wilderness characteristics while managing for other uses. Travel limited to designated routes, closed to leasable minerals, avoid for saleable minerals and ROW, minimizing impacts and requiring use of existing routes for forest product removal, and VRM III.
 - 28, [REDACTED] acres (77%) would be managed to protect wilderness characteristics as a priority over other multiple [REDACTED] closed to leasable and saleable minerals, no new ROWs, [REDACTED] closed to forest product removal, and VRM II.

All NNA and Prop. Larrance is recommended for DTSA 1-10. NNA for the Southwestern States PRMVFED. WOISF reviewed the RMP and there are no outstanding issues. The planning area contains the higher order Lighthouse (NNA/NCE, WNA, and WNA). The WOISF BP can be found at: <https://doi.gov/woisf>. Comments provided on the Federal Register Notice (NNA) WOISF establishes National Trail Management Considerations for segments of the Potomac National Heritage Scenic Trail and the Washington-Rochester Revolutionary Route National Historic Trail, and suggested adding to the notice that it will not be a package contract.

The NNA/NCE program reviewed and doesn't have comments on the notice package. The WOISF program concurs with the NNA comments. GLE is not sure if the WOISF program but it should be fine with the language reflects the NNA or the discussion described above. No worries that the WOISF is

to Steve, Heather, Ryan, NNA, Carol

Thanks for the update!

Is NNA included in the meeting with Eastern States? GLE will, NNA should be included in discussions in the WOISF meeting.

Thanks,

Brian Nelson

All Steve, I was hoping you could provide some information on the Southwestern States PRMVFED. WOISF has the NNA for the Southwestern States PRMVFED in DTSA. There are remaining issues that were to be worked out by Eastern States, WOISF, and WOISF but I am not sure if these discussions have not occurred yet.

Thanks!

Subject: Feedback requested by Oct 20 - Review of Proposed Supplementary Rules for Canyons of the Ancients National Monument in Montezuma and Dolores Counties, Colorado
To: Ilana Cohen icohen@trn.gov, Robert Wick rwick@trn.gov
Cc: Peter Mal pmal@trn.gov, Nikki Moore nmoore@trn.gov

The proposed supplementary rules would result in the following changes to the National Monuments System:

- The Secretary of the Interior would have the authority to designate National Monuments.
- The Secretary of the Interior would have the authority to modify or abolish National Monuments.
- The Secretary of the Interior would have the authority to transfer land from one National Monument to another.

Comments are due by October 10, 2017. Comments can be submitted online at <https://www.regulations.gov>.

In Failure
Hi Paula, I am working on the DTS package for the ROD for St George/Brown Deer Wash/Dad CRRP and can't find from the notice package what the decisions are. Were there changes between the PRMP and approved plan for the NCA, link with wilderness characteristics, or NWMT?

Thanks,

Britta Nelson, M.P.A., Program Analyst
National Conservation Lands (NCL) Unit
Bureau of Land Management
902 Zeeb Drive
Henderson, NV 89002
New 11/16/11 4:04 pm

Hi Patricia, Heather, etc
We can't say with 100% certainty if there were changes between the PRMPs and the ROD, since project resolution hasn't concluded and the Governor's Appeal period hasn't ended yet (ends Dec. 1).

That said, Pam, can you please let Britta know (and copy me if the draft RODs as they currently stand contain any changes between the PRMPs and RODs for the NCA, link with wilderness characteristics, or NWMT)?

Thanks,
Paula
[REDACTED]
Jennifer, Patricia
New 11/16/11 4:04 pm
[REDACTED] has no changes between PRMP and dRMP.

Patricia, Kelly
[REDACTED]
Hi Patricia, etc, Heather
[REDACTED]
[REDACTED] is working with the assumption that there have been changes between PRMP and RODs, and will notify you if anything changes based on project resolution or a possible Governor's Appeal.

Comment: Britta Nelson
NGCISL records show that under the proposed plan, [REDACTED] is to be below W&B segments along the Colorado and Green Rivers (25,347 acres), and the Municipality W&B Segment 1 along the Colorado River was to be divided into mining (723 acres). When there been changes for W&B Basin?
To Patrick, Robert K,
My understanding is that no changes will be made between the BLM's NGC/PMPA Amendments and the REO/Approved RAMP Amendments related to areas of NEOS and areas closed to mineral leasing. Please check current use if we wrong.

[REDACTED]

to Patrick, Robert K,
I am sorry I did not know that. My BLM Colle

Correct, there are no changes to acreage between proposed and approved.

Call: G28

Comment: Britta Nelson
Re: [REDACTED]
Dm 9 (days ago)

To Patrick, Robert K,
As there are no changes between the BLM's NGC/PMPA Amendments for the Ardening Mining District Across Project, there are no NGC units but there are lands with wilderness characteristics in this project area. The FID has indicated 4 lands with wilderness characteristics inventory has been completed but this has not been said.

Thanks,

AGREEMENT TO PREPARE AN ENVIRONMENTAL IMPACT STATEMENT FOR THE AMBLER MINING DISTRICT INDUSTRIAL ACCESS PROJECT

Hi BRTA. The short answer to your turnout question is "no". We are currently drafting alternatives for our RMP revision, in which we will make those decisions on CWRs. But decisions on CWRs have not been made for this area at this point because our RMP is old (1991 for the area of the Amber Road proposal).

Hi Peter and all, we received BPA's 2023 NCE for the [redacted] Project. There are no NCE units but there are lands with wilderness characteristics in the project area. The FID has indicated a lands with wilderness characteristics inventory has been completed but this has not been added.

Thanks,

Hi Sally, currently is recommended of DOW 1626 Notice of Closure, Kaiba-Katwe Tent Rocks National Monument. I did not route the notice package to the program but can if necessary.

The notice material is [REDACTED] posted to the public on twelve days each year to allow for Pueblo de Cochiti cultural observances and BLM scheduled maintenance activities. The closure will remain in effect annually until further notice is posted in the Federal Register. The closure is [REDACTED]

Ched. Please let me know if additional information is needed. Thanks.

your WSR comment in my surname in the comment section.

Thanks, Sally

On Thu, Jun 8, 2017 at 1:03 PM, Nelson, Brian <brian@nvidia.com>

Hi Sally, surname is recommended for DYSB 1545, NOD of the DYSB/DGIS for Caribad (shared with you). An edit was made to the FRN, adding wilderness characteristics to the list of issues addressed by the plan. The updated FRN has been uploaded into DYS. A comment was made in the DYS comment box to please add to:

The WO410 EP on [REDACTED] is yours.

WO212 indicated that the NM State and front office are in communication regarding changes in alternative C, preferred alternative. NM SO thinks that since there are no acreages in the NOA notice about alternatives, NOA is not going to change with the modifications that they plan to do and wanted the NOA.p

Please let me know if you have any questions. Thanks.

Hi Bob and Carli, your review is requested of DISE ISSS, NGS of the OIRMP/DEIS for the BLM Carlsbad Field Office. The notice package, which has been shared with you, addresses special designations and wilderness values. The Notice does not address wilderness characteristics, WSA, or WSR. Please provide feedback by June 15, 2021.

The briefing paper on the WOI10 review has also been shared with you. WOI212 indicated that the NM State and Forest office are in communication regarding changes in alternative C, preferred alternative. NM SO thinks that since there are no acreages in the NOA notice about alternatives, NOA is not going to change

Please let me know if you have any questions. Thanks.

Is NIKKI included in the meeting with Eastern States? Since the ONR is a National Conservation Lands unit, NIKKI should be included in discussions on the ACEC overlap.

National Conservation Lands, a WO admin review of the GSENM DRMP-N/DCS is scheduled for January 30 through February 20 with a kick-off briefing scheduled for January 31. After receiving the review file from WO210 I will share them along with a WO410 comment form on google drive. WO10 commented previously. Allison and Rob, can you provide answers to each of the following questions from your review of the GSENM DRMP-A/DCS to help guide WO121's review?

Are all National Conservation Lands units and other related areas that are situated within the planning area identified and the management addressed in the BMAP alternatives? If not, is there a stand alone plan for that unit?

Are mitigation standards identified for future land use activities that impact National Conservation Lands units and other related special areas?

Are appropriate land use allocations and/or management actions identified in the BMAP that limit or exclude land use activities that are incompatible with the management of National Conservation Lands units and other related special areas?

Has the State Director been briefed on BMAP alternatives and decisions regarding National Conservation Lands, lands with wilderness characteristics, eligible and suitable (sub-designation) WMA and Scientific Rver segments, and trails under study or recommended as suitable for designation?

[illegible]

Does the plan include objectives and associated management actions, allowable uses, and restrictions to safeguard the nature and purposes of the trail?

Does the RMP include any unique issues (e.g., associated settlement agreement) or background (e.g., anomalies included in a National Monument proclamation) that affect the alternatives? Summarize how the unique issues or background affect the alternatives.

Please let me know if you would like to discuss. Thanks, Britta

National Conservation Lands, a Website review of the Online NMDSOS, and a public meeting held January 30 through February 1 with a full briefing scheduled for January 18, after reviewing the new EIS for WOC211 will draw them along with a WOCSEI comment on arguments about the WOCSEI Briefing Paper. CAN, can provide more insight on the following questions from your review of the Online NMDSOS to help guide WOC211 review:

General

All other National Conservation Lands and other related areas that are located within the planning area identified and the management identified in the RMP alternative? If not, is there a stand alone plan for that unit?

Are any additional activities identified future land use activities that require National Conservation Lands and other related conservation areas?

Are any additional land use objectives or management actions identified in the RMP final rule and/or management action activities that are inconsistent with the management of National Conservation Lands and other related planning units?

Has the State Director been briefed on RMP alternatives and actions regarding National Conservation Lands, both with relevant characteristics, rights and interests associated with WOC and CAN, and agreements, but has not yet study as recommended as suitable for designation.

[illegible]

Does the plan include objectives and associated management actions, allowable uses, and restrictions to safeguard the nature and resources of the trail?

Does the plan include objectives and associated management actions, allowable uses, and restrictions to safeguard the nature and programs of the unit?

Other RMP Issues:

Does the RMP include any unique issues (e.g., associated settlement agreement) or background (e.g., anomalies included in a National Monument proclamation) that affect the alternatives?

Summarize how the unique issues or background affect the alternatives.

Please let me know if you wish to discuss. Thanks. Bette

Comment: Bette Nelson

National Conservation Lands, a WFO advice review of the Cedar City DRAFT RMP is scheduled for January 30 through February 6 with a kick-off briefing scheduled for January 30. After receiving the review file from WFO/DOE comment form on Google drive. The WFO/DOE briefing Page

Below is a link, can you provide answers to each of the following questions from your review of the Cedar City DRAFT RMP to help guide WFO/DOE review?

General

Are all National Conservation Lands units and other related areas that are located within the planning area identified and the management addressed in the RMP alternatives? If not, is there a stand-alone plan for that unit?

Are management standards identified for those not an activities that impact National Conservation Lands units and other related special areas?

Are appropriate land use allocations and/or management actions identified in the RMP that limit or exclude land use activities that are incompatible with the management of National Conservation Land units and other related special areas?

Are the State Director team satisfied with RMP alternatives and actions regarding National Conservation Lands, lands with wilderness characteristics, eligible and suitable open designatory BLM and federal River equestrian, and lands under study or recommended to suitable for designation?

Lands with wilderness characteristics

Does the RMP have a complete, updated inventory of lands with wilderness characteristics?

Is inventory report included in the RMP?

Are decisions made for all lands with wilderness characteristics within the planning area?

Are decisions included for decisions to implement other suitable use, (1) implement other suitable use, while applying management restrictions to reduce impacts to wilderness characteristics, and/or (2) protect wilderness characteristics over other suitable use?

Is a table included that summarizes area management, area found to have wilderness characteristics, area and the percentage of lands that fall within each of the categories described in BLM Manual 635, which include: (1) protection of lands with wilderness characteristics in a priority over other uses, (2) emphasizing other reduce impacts to wilderness characteristics; will occur and wilderness character will be maintained?

Eligible and Suitable WMA

Does the RMP comply with eligibility inventory consistent with current policy requirements (BLS 6400)?

Does the RMP comply with eligibility evaluation and determination for all eligible streams using factors and criteria from MARS?

Are suitable/unsuitable decisions made for all RMP eligible streams in the planning area?

Is the WMA Study Report included as an Appendix and is consistent with current policy?

Are appropriate management not suitable, or other resource allocation appropriate to the values, and/or is a table provided for not protecting the river values especially if implementation of the RMP will degrade or eliminate those river values?

National System and Historic Trails

Is the national trail management corridor included in the alternatives?

Does the plan include objectives and associated management actions, allowable uses, and restrictions to safeguard the nature and programs of the unit?

Other RMP Issues:

Does the RMP include any unique issues (e.g., associated settlement agreement) or background (e.g., anomalies included in a National Monument proclamation) that affect the alternatives?

Summarize how the unique issues or background affect the alternatives?

Please let me know if you wish to discuss.

Thanks, Bette

Comment: Britta Nelson

WSR - just found the original WFO comment and have provided it to Tom Wickauskas (State NCL + Rec Lead)

EWG - we are revising our alternatives per our State Director's direction. Bob Wick and Tom Mickeuskas could not reach resolution, so it went to the SD and Chris Macaluso's level. As a result, there will be no responses to these comments.

Issue: A5-01 briefing: building 10-14-16

Call 102
Comment: Introduction

National Convention Leads, WFO meet review of the GISSM DRMP ADEIS is scheduled for January 10 through February 20 with a kick-off briefing scheduled for January 11. After receiving the review from WFO2011 will share them with a WFO212 comment form on google drive. WFO12 commented previously about A5-01, can you provide an email to each of the following questions from your review of the GISSM DRMP ADEIS to help guide WFO212's review?

General

- Are all National Convention Leads units and other related units that are involved within the planning **area identified** and the management **identified** in the RMP alternatives? If not, is there a stand alone plan for that?
- An outline plan, document that lists future land use activities that impact National Convention Leads units and other related special areas?
- Are the National Convention Leads units and other related special areas identified in the RMP that are not compatible with the management of National Convention Leads units and other related special areas?
- Does the State Director have a role in RMP alternatives and actions regarding National Convention Leads, lands with wilderness characteristics, wildlife or sensitive (high designated) BLM and Sensitive River segments, and fish and wildlife use recommendations in wildlife or designated?

National Monuments/National Conservation Lands and BLM Designations

- Is a combined BLM, BLM, a review of actions specific to the BLM?
- Does the RMP identify the resources, objects, and values (BIO) for which the MNRCA was designated, and how those BLMs will be managed?
- Are the BLMs planning decisions in the RMP consistent with the purpose and objectives of the designating authorization for Act of Congress that established the BLM?
- Are new utility corridors or BLMs in the MNRCA identified as exclusion or avoidance areas?

Wilderness

Links with wilderness characteristics

- Does the RMP provide a complete inventory of lands with wilderness characteristics?
- Is an inventory report included in the ADEIS?
- Does the RMP provide a complete inventory of lands with wilderness characteristics within the planning area?
- Is a separate section for decision to C, emphasize other multiple uses, (2) emphasize other multiple uses with applying management decisions to reduce impacts to wilderness characteristics, and/or (3) protect wilderness characteristics on other multiple uses?
- Is a table included that summarizes the management, conservation, and the percentage of lands that will be used of the proposed designations in the BLM MNRCA 626, which include: (1) protection of wilderness characteristics in priority over other uses, (2) emphasize other multiple uses, (3) wilderness characteristics will be managed?

Wildlife and Wildlife

Did the 10 complete wildlife management planning with current policy requirements (B1-1400)?

- Did the 10 complete wildlife management and administration for wildlife resources using the BLM and the MNRCA?
- Are wildlife management plans for the 10 complete resources in the planning area?
- Is the BLM's RMP included in a separate section to wilderness characteristics?

For segments determined not suitable, other resource allocation projects for the review, and/or is a separate project for the protection of the new values especially if management of the RMP will be able to address those new values?

National Forest and National Trails

- Is the National Forest management plan (including the National Forest) included in the ADEIS?
- Does the plan include adequate and associated management actions, decisions, and, and restrictions to safeguard the nature and purpose of the land?

Other RMP uses

- Does the RMP include any other uses (e.g., associated management, agreement or background) (e.g., associated management) in a National Monument/protection that affect the wilderness?
- Is there a plan for the unique lands or background affect the wilderness.

Please see below if you need more details. Thank you.

Issue details:

WFO MNRCA A5-01 briefing: building 10-14-16

The WFO will meet you and the National Convention National Monuments (GISSM) Group. DRMP ADEIS ADEIS will be on January 10 - February 20. To help inform your WFO address issues, please attach to this briefing an overview of the GISSM Group (DMRMA, 1-11-16) and the DMRMA and previous RMP for the WFO if you have any questions.

Please let me know if you would like to discuss. Thanks, Britta

The WFO admin review period for the Grand Staircase-Escalante National Monument (GSENM) Grazing Draft EIRMP Amendment (DRMPA) will run from January 30 – February 20, 2017. To help inform your WFO admin review, please attend this briefing for an overview of the GSENM Grazing DRMPA. I will send the DRMPA and presenters list to you in the coming days. If you have any questions,

Tue Jan 21, 2017 9am - 10am Mountain Time

(b) (5) ST HHS/DOCS Lowlands Conference Room

2) Ensure motorized non motorized transportation planning is consistent with WSA management.

AC Britta Nelson:

National Conservation Lands, a WO admin review of the GSENM DRMP A/DES is scheduled for January 30 through February 20 with a kick-off briefing scheduled for January 11. After receiving the review files from WO2101 I will share them along with a WO432 comment form on google drive. WO432 commented previously Allison and Rob, can you provide answers to each of the following questions from your review of the GSENM DRMP A/DES to help guide WO432's review?

General

Are all National Conservation Lands units and other related areas that are located within the planning area identified and the management addressed in the BHP alternatives? If not, is there a stand-alone plan for that unit?

Are mitigation standards identified for future land use activities that impact National Conservation Lands units and other related special areas?

Are appropriate land use allocations and/or management actions identified in the BHP that limit or exclude land use activities that are incompatible with the management of National Conservation Lands units and other related special areas?

Has the State Director been briefed on BHP alternatives and decisions regarding National Conservation Lands, lands with wilderness characteristics, eligible and suitable (low degradation) WMA and Scientific River segments, and trails under study or recommended as suitable for designation?

National Monuments/National Conservation Areas and Similar Designations

Does the BMP identify the resources, objects, and values (ROVs) for which the NM/NCA was designated, and how those ROVs will be managed?

Does the FIA have a complete, updated inventory of lands with wilderness characteristics?
Is an inventory report included as an Appendix?

Are decisions made for all lands with wilderness characteristics within the planning area?
Is a rubric created for decisions to: 1) emphasize other multiple uses, 2) emphasize other multiple uses while applying management restrictions to reduce impacts to wilderness characteristics, and/or 3) protect wilderness characteristics over other multiple uses?

Is a rubric included that determines to: 1) emphasize other multiple uses, 2) emphasize other multiple uses while applying management restrictions to reduce impacts to wilderness characteristics as a priority over other uses, 3) emphasize other multiple uses while applying management restrictions to reduce impacts to wilderness characteristics, and/or 4) protect wilderness characteristics over other multiple uses?

© 2004 Blackwell Publishing Ltd

Eligible and Viable WSA

Did the FO complete WSA-eligibility/inventories consistent with current policy requirements (M5-6400)?

Did the FO complete suitability evaluations and determinations for all eligible streams using factors and criteria from M5600?

Are suitable/unsuitable decisions made for all WSA-eligible streams in the planning area?

Is the WSA Study Report included as an Appendix in its consultation with current policy?

For segments determined not suitable, do other measures allocation protect the river values, and/or is rationale provided for not protecting the river values especially if determinations of the RMP will degrade or eliminate those river values?

National Scenic and Historic Trails

Does the plan include objectives and associated management actions, allowable uses, and restrictions to safeguard the nature and purposes of the trail?

Other RMEP issues

Does the RMP include any unique issues (e.g., associated settlement agreement) or background (e.g., anomalies included in a National Monument proclamation) that affect the alternatives? Summarize how the unique issues or background affect the alternatives.

Please let me know if you would like to discuss. Thanks, Britta

Please see the [GSENM Grading DMPA Amendment](#) for more details.

Hi Molly, Shiva, and Annie - I thought I'd check in on the Maricao State RMP-A to see if there are any updates, since we last communicated about the NDI back in September 2016. We have in our records that the RMP-A proposes to amend four decision types including lands with wilderness characteristics and we

Thanks!

At British Noddy:

National Conservation Lands, a WO admin review of the GSENM DRMP A/DGS is scheduled for January 30 through February 20 with a kick-off briefing scheduled for January 11. After receiving the review file from WO2101 I will share them along with a WO430 comment form on google drive. WO410 commented previously Allison and Rob, can you provide answers to each of the following questions from your review of the GSENM DRMP A/DGS to help guide WO430's review?

General

Are all National Conservation Lands units and other related areas that are located within the planning area identified and the management addressed in the BHP alternatives? If not, is there a stand alone plan for that unit?

Are religion standards identified for future land use activities that impact National Conservation Lands units and other related special areas?

Are appropriate land use allocations and/or management actions identified in the BHP that limit or exclude land use activities that are incompatible with the management of National Conservation Lands units and other related special areas?

Has the State Director been informed of BHP alternatives and decisions regarding National Conservation Lands, lands with wilderness characteristics, eligible and suitable (pre-designated) Wild and Scenic River segments, and trails under study or recommended as suitable for designation?

National Monuments/National Conservation Areas and Similar Designations:

Does the RMP identify the resources, objects, and values (ROV) for which the NM/NCA was designated, and how these ROV's will be managed?

Lands with wilderness characteristics

Does the FO have a complete, updated inventory of lands with wilderness characteristics?
Is an inventory report included as an Appendix?
Are decisions made for all lands with wilderness characteristics within the planning area?
Is rationale included for decisions to (1) emphasize other multiple use; (2) emphasize other multiple use while applying management restrictions to reduce impacts to wilderness characteristics; and/or (3) protect wilderness characteristics over other multiple uses?

Thank you, Sally. I'm sharing your clarification with the Management staff.

Colleen, Betsy (CC) (b) (6) (b) (7)(C)

Looking like it is on the latest re-OSMWA "Incubation" language from our discussion on this yesterday. Sorry again for not copying the on my original note to Ray.

Thanks, Ray. Just wanted to say "Thank you" for the meeting, it was great. I think "Incubation" is a good word. I just don't think it should be used for the weekend.

When a good one, it's

Incubation, Cynthia
Apr 14 (7 days ago)

To Sally, Ray, Andy, Matthew, me, Niki, Ryan, Timothy
All

We would like to propose language for the briefing that would clarify the issue. This involves changing the word "Incubation" to "Incubation with". Throughout the document, including the Program and Item sections 2.1.1 and section 2.1.2 we use the word "Incubation" in the BP and 2.1.2 would read:

Given that the Incubation provides the BLM with the discretion to continue livestock grazing consistent with managing objects identified in the Incubation, Alternative 2 provides a balance of livestock grazing that recognizes the importance of working to the local custom and culture with managers.

Let me know if this will work with everyone.

Thanks!

Natchez and I have
I reviewed and edited the response to Natchez's question on the 410 comments document. I don't know if this helps anyone understand our response, but just for the record to do it after the briefing notes. I haven't sent it to Andrew or Natchez.

1. We would like to better understand how soon 10% of the unit can be designated by wildfire and as a result to reduce the breeding habitat for sage grouse by 10%, but grazing is only being reduced in the preferred alternative by a few hundred acres. We would like to see stronger evidence on how to
how - how and what funding?

Response: This does not seek ways of "increasing wildfire response time" and "increasing rate of restoration efforts." These were goals in the original 2007 Plan and the National Fire Reliance Plan, and these are still in effect. But they are outside the scope of this narrowly focused plan amendment. Restoration efforts are usually slow.

Also, reduction in breeding grazing in response to fire is not a goal of the plan. Grazing management after a fire is a site-specific decision, and is not appropriate for a landscape-scale LUP decision. This work is done under the guidance of Emergency Stabilization and Restoration Plans and is outside the

Grazing already restricted after fire stabilization work and is not allowed on a burned area until desirable grasses and/or forbs have been re-established, typically two or more growing seasons. To date, previously burned areas have been seeded if the native plant community was not able to recover naturally. Once livestock is not

While many of the plan's provisions of the Monument do not prohibit, but do restrict grazing is not the cause of factor for risk. Remaining livestock would not have the effect of returning riparian. Please see the discussion on Vegetation Condition in Chapter 3 of the FES.

Planning efforts are always contingent on available funding. There is never any guarantee of funding, but there is an understanding there will be significant effort to implement any plan the BLM selects and publishes.

Hopeful if you have concerns on any of this.
Thanks,
Eric

Abstract

Hi Folks, just a quick check to see if you have feedback on the responses from Idaho to WFO comments on the Challis, Salmon, and Upper Snake RMPs going along

After reviewing the responses and looking at the updated prep plan, questions I had are:

1. I didn't see in the updated prep plan that potential coordination with USFS on WSR studies had been incorporated. Does this need to be specifically included in the prep plan?

3. The total budget for Data and GIS Needs (App B) shows: \$40K to complete WSR inventories. Is this a reasonable amount to cover costs?

Please provide feedback by May 18. Thanks.

MSI review of the Section 106 EIS (review report)	Section 106 EIS (review report)	Canadian Southern, northern, Alaska, and western Alaska	Developed in with WEIS to determine if follow up is needed on WEIS comments submitted April 14, 2013 on the regional conflict topics. WEIS100000 follow up needed by the time	addressed and rationalized Link project comments provided			The draft review report addresses National Task in accordance with national policy. The task has been addressed with WEIS100000 follow up ensuring a National Task from 10000000. WEIS100000 was not an input to the project. Comments related to the new National Task were addressed in the draft review report (review report) covering conflict. Comments were provided that the draft review report can be used to provide additional information to WEIS100000. The reviewing committee is aware of the conflict and the link project. The review committee is aware of the conflict and the link project. The review committee is aware of the conflict and the link project. the agency, but please within the hour!"

Call: 03

Comment: Betty Nelson

Revised final draft ROD for the Transborder Transmission Project for review by Sharon Knowlton on 05-18-16. Comments requested by CDB, 5-28-16. National Trails comments on ROD provided on 05-28-16. 05-26-17. Followed up on the Mitigation and Monitoring appendix which is missing details on project. It will meet Betty Nelson several options including the project in the vicinity of the designated address. The WOT has drafted a plan and is now waiting on Director's approval. Once ready, it can be shared internally with the larger BLM group.

Hi Molly, Maile, and Terry - I hope you are all well and have had a great week. I wanted to check in with you on the Verde Transmission project RMP amendment/EIS. I am hoping you can keep me updated on the progress of this project and let me know if support is needed from WO410 as the draft is being prepared.

Our records show the following project issues:

1) the project area includes eligible and suitable WSA streams including additional segments of the Rio Grande. The proposed route crosses the Rio Grande River. Section 7 of the Wild and Scenic Rivers Act requires looking at "increment" projects that are upstream, downstream or on a tributary of a designated river. Based

2) The project would cross two National Historical Trails (the Camino Real de Tierra Adentro & Old Spanish NHT's). The project needs to be considered per BLM 16C293.

j) There are no lands with wilderness characteristics per existing inventories. Inventories may have been conducted as part of the BLM's Tax Field Office/BMP Amendment of 2012. Additional inventories may need to be conducted to prepare a complete and defensible GIS for this project.

Additional project information follows:

Thanks,

Britta Nelson

Below everyone this is the first of 3 emails providing the draft final package described above. We are pleased to provide the revised final draft ROD for the TransAlaska Transmission Project and the NOA package for review. The body of the ROD is attached, along with the Mitigation and Monitoring appendix, which is a grant, Appendix F: Mitigation and Monitoring with the exceptions explained above, Appendix D: Responses to governor's consistency and FES comments, Appendix G: Alternatives Eliminated from further analysis and Appendix I: NPS requirements for access to Denali Road. Appendix B is the Plan of Development with

All comments received on the draft RCO and RCIW grant thus far have been addressed except those noted here or still highlighted in the document. For those who have previously reviewed documents, please verify we've adequately addressed your comments. The purpose of this review is to identify those missing

Our Wyoming External Affairs Office will be working directly with other tribes and the WYO to finalize the NDA package.

We anticipate finalizing the greater sage grouse and migratory bird mitigation after the technical advisory group completes its task in the first half of June. We'll add that mitigation then. When WD provides the lands with wilderness characteristics details for inclusion in the mitigation and monitoring appendices.

In order to maximize our efficiency and allow for robust review and comment we are providing this package out now for final review and comment. Still pending completion are the final RO and the P

Please respond with any suggested revisions by close of business May 24th, 2014. Subsequent emails will contain a courtesy copy of the TWS Plan of Development in 2 parts due to size limitation.

We warrant everyone listed in the first 3 emails providing the draft final guidance above. We are pleased to provide the revised final draft RCD for the Toxic Substances Transmission Project and the RMA package for review. The body of the RCD is attached, along with the Mitigation and Monitoring appendices, which it is part of. Appendix I Mitigation and Monitoring with the enclosures explained above. Appendix D Requests to Governor's Consistency and FES comments. Appendix G: Alternatives Eliminated From Further Analysis and Appendix N: Requirements for actions to Develop Road. Appendix K is the Plan of Development with the enclosures explained above.

We anticipate finalizing the greater sage grouse and migratory bird mitigation after the technical advisory group completes its task in the first half of June. We'll add that mitigation then. When WD provides the lands with wilderness characteristics details for inclusion in the mitigation and monitoring appendix.

In order to maximize the review and comment we are providing this package out now for final review and comment. Still pending completion are the Final EIS and the PA. Review of the draft EIS and the PA will be completed by the end of business May 2016, 2016. Subsequent emails will contain a working copy of the TMS Plan of Development in 2 parts due to size limitations.

Revised Draft draft EIS for the TransWest Transmission Project and the NHP package are for review by Sharon Knowlton on 05-13-16. Comments regarding CDR, 5-24-16. National Trails comments on EIS provided on 05-24-16. 05-24-17. Follow-up on the Mitigation and Monitoring appendices which is missing details on project. I will meet with current management options including the purchase of the right-of-way in the project area. The NHP has drafted a plan and is now waiting for the Director's approval. Once ready, it can be shared internally with the larger NHP group.

Comment: Betty Nelson
a Review conducted from the Wilderness Society
a WOTIS provided feedback on draft Final EIS, NHP, and NHP package (05-24-16).
a WOTIS drafted compensatory mitigation language. The issue was resolved and WOTIS agreed to the mitigation language which was not about biodiversity mitigation and not about mitigation. The compensatory mitigation package language, as modified by WOTIS, was incorporated into an addendum to the EIS on 05-24-16.

Hi Betty, I hope you are all well and have had a great week. I wanted to check in with you on the Verde Transmission project NHP amendments/EIS. I am hoping you can keep me updated on the progress of this project and let me know if support is needed from WOTIS as the draft is being prep.

The project team is currently working on the NHP amendments/EIS. The proposed route crosses the Rio Grande River. Section 7 of the WOTIS and Sonoran Desert Act requires building a "fence" project that are upstream, downstream or on a tributary of a designated river. Based on the project team's findings, the project team is currently working on the NHP amendments/EIS.

2) The project would cross two National Historical Trails (the Camino Real de Tierra Adentro & Old Spanish NHT). The project needs to be considered per BAM NHTS.

- 1) the project was not fully eligible and needed WFO assistance including additional segments of the Rio Grande. The proposed route crosses the Rio Grande River. Section 7 of the WMA and BLM's Waters Act requires looking at "downstream" projects that are upstream, downstream or on a tributary of a designated river. Based
- 2) the project would cross two National Historical Trails (the Camino Real de Tierra Adentro & Old Spanish NHT). The project needs to be considered per BLM NHTS.
- 3) There are no lands with wilderness characteristics per existing inventories. Inventories may have been conducted as part of the BLM's, Texas Field Office's BLM Assessment of 2013. Additional inventories may need to be conducted to prepare a complete and defensible GIS for this project.

Additional project information follows.

To me, Melly, Deborah, Terrence, Melly, Peter, Nikki, Caiti, Robert
Britta,

At this time, I'm not sure what our plans are relative to a WOI review of this draft EIS. I'll consult with our local management team here in New Mexico and our NHP Coordinator and get back to you on that question.

Dr. Tanaka, Stephen, Kelly, Deborah, Christopher, Georgina, et al.
Taniwa, Isao, and Georgina – thank you for sending us the RKN RDO for a quick review. We did notice that the RDO language used for other transmission projects appears to be missing. To meet policy requirements, we recommend the following language be added to the National Conservation Lands (NCL) section of the RDO:

To state the policy and purposes of the National Tribal System Act (NTSIA; 96), to permit a project which will not substantially interfere with the nature and purposes of the land (NTSIA Sec. 7j(3)), and to safeguard the nature and purposes of the National historic and historic Tribal (NHT); 84M USC 4280 1.4.3.3, a.3.3, a.3.3.

Avoidance and minimization measures to mitigate impacts to National Tribal System components, including the Oregon National Historic Trail (ONHT), will be required for the duration of the project. For residual (i.e. unavoidable) effects to the values and settings of the Oregon NHT, that were National Tribal System components, and will be required to be added to the system of the impacts. All mitigation measures will be durable, additional, timely, monitored, adaptive management, and reported upon.

The terms and conditions within the permit will include all identified NREI-related avoidance, minimization, and compensatory mitigation measures, which may include applicable proposed mitigation measures (e.g. design features), including the associated monitoring, adaptive management, and reporting requirements.

Our records show the following project issues:

1) the project area includes eligible and suitable WSH streams including additional segments of the Rio Grande. The proposed route crosses the Rio Grande River. Section 7 of the Wild and Scenic Rivers Act requires looking at "instream" projects that are upstream, downstream or on a tributary of a designated river. Based

2) The project would cross two National Historical Trails (the Camino Real de Tierra Adentro & Old Spanish NHT's). The project needs to be considered per BLM NE280.

j) There are no lands with wilderness characteristics per existing inventories. Inventories may have been conducted as part of the BLM's Tax Field Office BMP Amendment of 2012. Additional inventories may need to be conducted to prepare a complete and defensible GIS for this project.

I am hoping you can keep me updated on the progress of this project and let me know if support is needed from WSD as the draft is being prep.

Our records show the following project issues:

1) The project area includes eligible and suitable WSD resources including additional segments of the Rio Grande. The proposed route crosses the Rio Grande River. Section 7 of the WSD and Section 10 of the National Historic Preservation Act requires looking at "incremental" projects that are upstream, downstream or on a tributary of a designated river. Based

2) The project would cross two National Historical Trails (the Camino Real on Terra Ancestral & Old Spanish NHTs). The project needs to be considered per BLM 16230.

3) There are no lands with wilderness characteristics per existing inventories. Inventories may have been conducted as part of the BLM's Tenth Forest Office RMP Amendment of 2013. Additional inventories may need to be conducted to prepare a complete and defensible EIS for this project.

Mr. Nelson, Britta@blm.gov
National Conservation Lands Program, a new update

a website for the review of the Section 108 Energy Corridor Region 1 draft review report is scheduled for March 26.
A final draft review of the Section 108 Energy Corridor Region 1 draft review report is scheduled for March 26 through April 2016.
Following up on BLM's suggestion, I've reached out to the project team for the Section 108 Energy Corridor Region 1 draft review report.
Please let me know if you have any questions. Thanks.

Britta Nelson, M.P.A.,

Mr. Nelson, Britta@blm.gov
National Conservation Lands Program, a new update

Hi Georgetown and Michael, thank you for meeting with me on the Section 108 Energy Corridor Region 1 draft review report. Following up, can you let me know if the conditions can be checked against our terms to determine which units are affected? Thanks!

Britta Nelson, M.P.A., Program Analyst

National Conservation Lands Program, a quick heads up about the Section 108 Energy Corridor Region 1 draft review report. The report focuses on review of energy corridors in southern California, southern Nevada, and western Arizona.

WFO review of the draft report is scheduled for March 24-25. A review kick-off webinar is planned for March 15. The review will be a continuous 10/10/10 review. Information has been gathered from the 10/10/10, other agencies, stakeholders, and others for the report. The draft review report includes a summary of public comment on policy issues and if the decisions or recommendations in the draft review report are requested. The 10/10/10 with the notice package will follow the review.

As a reference, here is a press release about the Section 108 Energy Corridor Regional Review: <https://www.blm.gov/wh/press/2015/03/20150320.html>

Please let me know if you have any questions at this point. Thanks.

Hi Mr. Kelly and Mr. Wick, I've been able to get a good start on the review of the Section 108 Energy Corridor Region 1 draft review report. I am hoping you can keep me updated on the progress of this project and let me know if support is needed from WFO as the draft is being a step.

Is the project one which might include additional agencies of the BLM? The proposed route crosses the Rio Grande River, Section 7 of the WFO and some other lands. I'm hoping to see a summary of a designated area. Based on the National Historical Trust (the Central and the Rio Grande River) the project needs to be considered per BLM 100/100.

Hi, just before I go to my personal email.

On Fri, Sep 20, 2019 at 1:09 PM, Nathan, Betty [mailto:nathan@blm.gov]

Hi Mark, Abby, and Terry - I hope you are all well and have had a good week. I wanted to check in with you on the Verde Transmission project BWP amendments. I am hoping you can keep me updated on the progress of this project and let me know if support is needed from WFO as the draft is being prep.

Our request shows the following project items:

1) The project area includes rights and interests WFO resources including additional segments of the Rio Grande. The proposed route crosses the Rio Grande near Section 7 of the WMA and historic WMA. An requires looking at "historic" projects that are upstream, downstream or on a tributary of a designated river. Based

2) The project would cross two National Historical Trails (the Camino Real de Tierra Adentro & Old Spanish NHT). The project needs to be considered per BLM NHTS.

3) There are no lands with wilderness characteristics per existing inventories. Inventories may have been conducted as part of the BLM's, Tusas Draft Office BWP Amendment of 2012. Additional inventories may need to be conducted to prepare a complete and defensible EIS for this project.

Additional project information follows.

Thanks,

Subject: Final Check on the Verde Transmission Project RMP Amendment/DO

Acting National Conservation Lands/Verde Program Lead
BLM New Mexico State Office
SUS-MSA-2174
mabbey@blm.gov

Thank you for your email and for your recent meeting.

On Fri, Sep 25, 2020 at 11:09 AM, Abby [mailto:abby@blm.gov] wrote:
Hi Abby, Maib, and Terry - I hope you are all well and have had a great week. I wanted to check in with you on the Verde Transmission project RMP Amendment/DO. I am hoping you can keep me updated on the progress of this project and let me know if support is needed from NCSO as the draft is being prep.

Our research shows [REDACTED] with concerns including additional segments of the Rio Grande. The proposed route crosses the Rio Grande River. Section 7 of the WMA and Sonoran Desert requires looking at "technical" projects that are upstream, downstream or on a tributary of a designated river. Based on the project [REDACTED] the project needs to be considered per BLM NCSO.

2) The project would cross two National Historical Trails (the Camino Real de Tierra Adentro & Old Spanish NHT). The project needs to be considered per BLM NCSO.

3) There are no lands with wilderness characteristics per existing inventories. Inventories may have been conducted as part of the BLM's Trust Fund Office RMP Amendment of 2012. Additional inventories may need to be conducted to prepare a complete and defensible DO for this project.

Additional project information follows:

Hi Molly, Maile, and Terry - I hope you are all well and have had a great week. I wanted to check in with you on the Verde Transmission project RMP amendment/EIS. I am hoping you can keep me updated on the progress of this project and let me know if support is needed from WOI10 as the draft is being prepared.

The proposed project is located within the Rio Grande Wild and Scenic River (RSR) corridor. The RSR corridor includes additional segments of the Rio Grande. The proposed route crosses the Rio Grande River. Section 7 of the Wild and Scenic Rivers Act requires looking at "increment" projects that are upstream, downstream or on a tributary of a designated river. Based on the project location, the proposed route is considered an "increment" project.

two National Historical Trails (the Camino Real de Tierra Adentro & Old Spanish NHT's). The project needs to be considered per BLM NAC280

As more resources with wilderness characteristics are added to inventories, inventories may have been conducted as part of the BLM's Tax Field Office RMP Amendment of 2012. Additional inventories may need to be conducted to prepare a complete and defensible GIS for this project.

Our records show the following project issues:

2) The project area includes riparian and lacustrine wetlands including various components of the riparian zone. The proposed river crosses the riparian zone. Section 2 of the rule and items 1000.01 requires listing all riparian projects and agreements, amendments to the study or a separate rule. None

2) The project would cross two National Historical Trails (the Camino Real de Tierra Adentro & Old Spanish NHT's). The project needs to be considered per BLM NHP20.

j) There are no lands with wilderness characteristics per existing inventories. Inventories may have been conducted as part of the BLM's Tax Field Office RMP Amendment of 2012. Additional inventories may need to be conducted to prepare a complete and defensible SIS for this project.

_____ works again for meeting with me earlier this month to discuss WO410's review of the Section 368 Energy Corridor Region 1 draft review report. Following up, can WO410 get GIS layer(s) of the corridors so we can check against our layers to determine which units are affected? Thanks

National Conservation Lands Program, a quick heads up from BLM Energy Corridor Region 1 draft review report. The report focuses on review of energy corridors in southern California, southern Nevada, and western Arizona.

WOI review of the draft report is scheduled for March 14-16. A review risk is scheduled for March 15. The review will be a simultaneous WOI/NOI review. Information has been gathered from the WOI/NOI, other agencies, stakeholders, and others for the report. The draft review report includes a summary of public comment on policy issues and the benefits or recommendations from the draft review report are supported. The WOI with the review package will follow the review.

Comment: Britta Nelson
I update WOI/NOI with WOI/NOI on April 1 to address [REDACTED] were addressed in the draft review report (medium potential for conflict). Confirmation was provided that the draft review report uses BLM guidance concerning criteria from WOI 2011-062. The screening criteria is used to assess the WOI/NOI policy. The BLM review process will be a simultaneous WOI/NOI review. Information has been gathered from the WOI/NOI, other agencies, stakeholders, and others for the report. The draft review report includes a summary of public comment on policy issues and the benefits or recommendations from the draft review report are supported. The WOI with the review package will follow the review.

Britta,

Re: Mike Adler here at the BLM NM State Office. I wanted to let you know that I have been assigned as the Project Manager for the Verde Transmission Project. I'm also stationed here at the BLM NM State Office as well. Please email or text you include me in all future e-mails re: the Duff EC.

Thank you

Adrian Garcia
Verde Specialist Project Manager
Bureau of Land Management
NM State Office

Hi Mandy, Mike, and Terry - hope you are all well and have had a great week. I wanted to check in with you on the Verde Transmission project BMP amendments/ECs. I am hoping you can keep me updated on the progress of this project and let me know if support is needed from WSD as the draft is being prep.

Our records show the following project issues:

- 1) the project area includes eligible and suitable WSH resources including additional segments of the Rio Grande. The proposed route crosses the Rio Grande River. Section 7 of the WSH and Section 10 of the National Historic Preservation Act requires looking at "increment" projects that are upstream, downstream or on a tributary of a designated river. Based
- 2) The project would cross two National Historical Trails (the Camino Real de Tierra Adentro & Old Spanish NHT). The project needs to be considered per BLM NHP200.

- 3) There are no lands with wilderness characteristics per existing inventories. Inventory may have been conducted as part of the BLM's Tenth Creek ODF/RRP Amendment of 2012. Additional inventories may need to be conducted to prepare a complete and defensible GIS for the project.

Additional project information follows:

Comments: Airtex Solutions:
 o Update WFO400 met with WFO500 on April 2 to address concerns that National Tools were addressed in the draft review report (medium potential for conflict). Clarification was provided that the draft review report uses ROM pre-application screening criteria from WFO 2011-064. The screening criteria used to assess the M4200 policy, the ROM may permit uses that will not substantially interfere with its nature and purpose of the National Tools. The Final Solar and Wind Rule (p. 6) CFR 2804.102 provides screening criteria for categorizing solar and wind applications. The final rule does not specifically include National Tools within Solar and Wind rule criteria for units of the National Conservation Lands.

Section 268 Energy Corridors - Region 1 "Level 2" Review.

This email forwards for the planned BLM, USFS and cooperating agency "Level 2" Review, the attached DRAFT Section 368 Energy Corridor Region 1 Recommendations Report. This non-NEPA corridor revision recommendation report product is the result of the recent Section 368 West-wide Energy Corridor - Region

Please provide your review comments and suggested revisions within the attached document comment review form by COB Friday, April 14th, 2017. This provides a three (3) week review period.

Identified Region 1 "Level 2" reviewers include:
 Region 1 (AZ, CA, NV) BLM Field Office, District Office and State Office program and line management;
 Region 1 USFS Pacific Southwest Region program and line management as appropriate;
 BLM WO-200, WO-300 and WO-400 program staff;
 Region 1 cooperating agency program and line management within the FWS, BCR, NPS, BIA and DoD;

You have been previously notified through a recent calendar event of a planned Region 1 "Level 2" Review Webinar scheduled for this coming Wednesday, March 29th at 1:00 PM ET/11:00 AM MT/10:00 AM PT that will provide an overview of the Draft Region 1 Recommendation Report, address review coordination

It is important note, that the Draft Report is comprised of five (5) separate file sets as follows:

Appendix A in Microsoft Excel (attached 1.2-MB file size) or accessed via the Box link below:

Appendix B - Part 2 as a PDF file (84-MB to large to attach) to be accessed via the Box link below:

file size(s) to be accessible via the Box link below.

<https://doi.org/10.1016/j.sbspro.2013.09.006>

for each Region 5 BLM State and the USFS can be accessed and downloaded using the ANL Box 268 Project File site as follows:

https://app.box.com/files/t/V22526234829/Corridor_Abstracts

To ease your review and comment effort, please first focus your initial attention on Section 2, Section 3 and respective BLM State or USFS Corridor Recommendations. If time allows, review Section 1.0 which provides background on the 2008 Sec. 368 POB and RCD, subsequent lawsuit / settlement agreement

...rice yourself with the Draft Report, I believe you'll see the very comprehensive and high quality product that Argonne and the Region 1 Core Team has developed that is intended for use by Region 1 BLM / USFS land use planners in the future. We look forward to the re-

view comments using the attached comment form to me and/or Georgann Senak, WFO Transmission / Sec. 368 Program Lead by COB Friday, April 14th.

Oops, sent before I hit the correct Name!

On Fri, Sep 14, 2018 at 11:09 AM, Nelson, Britta <britton@blm.gov> wrote:

Hi Mark, Kate, and Terry - I hope you are all well and have had a great week. I wanted to check in with you on the Verde Transmission project BWP amendment/DLS. I am hoping you can keep me updated on the progress of this project and let me know if support is needed from WFO as the draft is being prep.

Our records show the following project items:

- 1) The project was initiated in 2016 and includes WFO resources including additional segments of the Rio Grande. The proposed route crosses the Rio Grande River. Section 7 of the Wild and Scenic Rivers Act requires looking at "segment" projects that are upstream, downstream or on a tributary of a designated river. Based on the project's location, it is likely that the project will be considered a "segment" project.
- 2) The project would cross two National Historical Trails (the Camino Real de Tierra Adentro & Old Spanish NHT). The project needs to be considered per BLM NHTS.
- 3) There are no lands with wilderness characteristics per existing inventories. Inventories may have been conducted as part of the BLM's Ten Year Draft of the BWP Amendment of 2012. Additional inventories may need to be conducted to complete a complete and defensible DLS for this project.

Additional project information follows.

Thanks,

Kate (1/1)

Our request shows the following project issues:
1) The project area includes eight miles of riparian habitat within the Verde National Monument and the Rio Grande. The proposed route crosses the Rio Grande River. Section 7 of the WMA and Sonoran Desert requires looking at "technical" projects that are upgraders, downgraders or on a tributary of a designated river. Based

2) The project would cross two National Historical Trails (the Coronado Trail and the Santa Fe Trail). The project would be considered per BLM 1002.60.

3) There are no known riparian habitat areas within the project area. Additional riparian habitat may need to be conducted to prepare a complete and defensible DO for this project.

Additional project issues are:

I've checked in with you on the Versa Transcription project RAMP Amendment 2.0. I'm hoping you can keep me updated on the progress of this project and let me know if support is needed from WGSB as the draft is being prepared.

We discuss how the following project goals:

The project will include initial and ongoing RAMP Amendment 2.0 training for the WGSB. The program will cover the WGSB's new Section 7 of the WGSB and Social Media. It requires looking at "business" projects that are completed, amended or in a voluntary or a negotiated way. RAMP Amendment 2.0 will be implemented by the WGSB.

The project will cover two historical information tools (the Census data for Tiers Adm and Old Census 1871). The project needs to be completed per RAMP Amendment 2.0.

There are no lead or additional characteristics per meeting information. Inquiries may have been conducted as part of the RAMP. Tiers Adm Office RAMP Amendment of 2012. Additional inquiries may be conducted to prepare complete and definable 2.0 for this project.

Hi Mark, Mark, I have had a great week. I wanted to check in with you on the Verde Transmission project RMP amendment/DS. I am hoping you can keep me updated on the progress of the project and let me know if support is needed from NDOI as the DS is being prep.

Our records show the project is at 100%.

1) The project area includes eligible and suitable WMA streams including additional segments of the Rio Grande. The proposed route crosses the Rio Grande near Section 7 of the WMA and Section 7 requires looking at "Technical" projects that are upstream, downstream or on a tributary of a designated area. Based on the project area, the project needs to be considered per BLM NDOI.

2) There are no lands with wilderness characteristics. @blm.gov may have been conducted as part of the BLM's, Texas Field Office RMP Amendment of 2013. Additional inventory may need to be conducted to prepare a complete and defensible DS for the project.

Additional project information follows.

Mr. Nichols, Ms. Terry - I hope you are as well! We had a great week, I wanted to check in with you on the Verbo Transcription project RHP amendment. I am hoping you can keep me updated on the progress of the project and let me know if support is needed from WOOD as the draft is being put

together. Below are the following project issues:

1) The project would include English and/or Spanish translations of copyright segments in the No Grade Book Section 7 of the WBA and Standard Board Act requires logging all "Accessed" properties that are upstream, downstream or as a tributary of a designated flow. Based on the project would include two National Historical Parks (the Carolina Sea and Davis Adair) & QP (Squaw NATL). The project needs to be completed per BLM #4262.

2) There are no labels with addresses characteristic per existing inventories. Inventories may have been conducted as part of the BLM's Site Visit OGP or RHP Amendment of 2012. Additional inventories may need to be conducted to prepare a complete and defensible DCE for the project.

Additional project information follows:

If there allows, review Section 3.0 which provides background on the 2008 Section 308 PDS and the subsequent lawsuit / settlement agreement.

After you've had a chance to review the Draft Report, I believe you'll see the very comprehensive and high quality product that Argonne and the Region 1 Core Team has developed that is intended for use by Region 1 BLM / USFS land use planning in the future. We look forward to the re-Argonne please provide your review comments using the attached comment form to me and/or design team, US Transmission Line, BLM Region 1 and the COB Friday, April 14th.

If you should have any questions or need further assistance, please contact me as provided below, or contact Design team at (202) 833-7010 or Bureau Manager, Project Manager, Argonne NS (202) 833-7010.

Thank you in advance for your assistance with this review.

Jim

On 09-07-2018, Alaska Dept.
of Wildlife Management
on Twitter.com/brittan

Thanks and hope the same to you too!

All briefing was held on December 30th and Chris announced from here with a working plan to go ahead with Director's briefing and some suggestion were provided for fine tuning the presentation. Director's briefing request has been submitted but not yet scheduled.

@BrittaNelson,

Hi Betsy,

No further at all on adding about the status of our response. I appreciate you keeping it on your radar.

We have decided to go ahead and include the end user greenhouse gas emissions (GRS) estimate into the RMP and this effort is taking some time due to the complexity involved in generating current and forecasted will be production in our field office. We are close to having the production estimate sent to all.

With the upcoming holiday is only a few weeks before we are able to have this done.

If you have any other questions I would be glad to answer them.

Hi Britta,

We are still working on providing a thorough response. Some of this requires GCI analysis. Annual lease and attending meetings with cooperating agencies has slowed us down but we are getting close to having a response to several of the questions raised during the WOI briefing sent to your office. We are hoping to provide these responses.

Chad

Comment: Britta Nelson
Hello, we have drafted a brief with WOI, WOI (on Oct 4) to discuss trade with wilderness characteristics issues. Thanks again for meeting to discuss the draft. As follow up, Chad will work with Britta and Nelson on updating the briefing information related to trade with wilderness characteristics information related to WOI liability and also include other relevant information in the presentation. New Mexico to provide information in January for WOI (on Oct 4) to discuss.

Call ID: 82

Comment: Britta Nelson
National Conservation Lands, Utah is holding a pre-briefing on Tuesday May 20 at 2:00 pm EDT for WOI Program Reviewers to review the Cedar City DMAP presentation. Per Ryan's note that follows, this is the final opportunity to make adjustments to the presentation (not the plan document), make sure key points are added to the WOI 10-10 for the Cedar City DMAP (DOI) has been shared with you and shows no remaining issues. I will be on leave so won't be attending the pre-brief. Please let me know if there are follow up items from the pre-brief. Thanks.

Here's an email about the status of the WGA known that WD-430 had been in the Washington DMAP. Field Office staff have directed the contractor to make the changes that WD-430 (and Lorne Tompkins of the MTG) had recommended.

Let me know if you need anything else.

Hi Brian,

In mid-December we drafted State Director Amy Lunder on the WGA response and we are making a few adjustments to the memo response. We are also close to completing the GIS and user estimates.

The WGA team has started to discuss what submitting this response to your office promptly means, right on the priority list.

Hi Brian,

We are getting close to having our response ready to send back to your office by November 7, not December. My apologies for the confusion.

Thanks for keeping this on your radar.

Slide 1: Is left side [redacted] mean they were not used or not designated?
Slide 2: Spel out the [redacted] "Historic Trail" (it's the correct, otherwise add "Old Spanish National Historic Trail" to the list.
Slide 3: The slide says WCA are 3.5 miles, but research shows 4 miles; your adjustments best made?
Slide 4: The slide has been edited. The others seem to refer to how many units are in the planning area but not miles or acreage. Suggest changing the units and miles/ acres consistently across designations.
Managed for this wilderness characteristics: 68,630 acres (3% of COQ); 27% lands found to have wilderness characteristics¹ with "Priority for other uses on 180,545 acres (73%) while not protecting wilderness characteristics. 68,630 acres (27%) would be managed to protect wilderness
Add that this is the total lands with wilderness characteristics acreage in the PFO.

Please let me know if we need to discuss. Thanks.

Hi Betsy,

We are getting close to having our responses ready to submit. We are anticipating having responses ready to send back to your office by December 7.

Thanks for keeping this on your radar.

Chad

Hi Chad, thanks for the update. We appreciate your efforts especially with so much going on. Please let me know if anything changes on this front; we can let folks know on our end.

We look forward to working with you to close this out. Thank! Betsy

Hi Betsy,

We are still working on providing a thorough response. Some of this requires GIS analysis. Annual base and attending meetings with cooperating agencies has slowed us down but we are getting close to having a response to several of the questions posed during the NCL briefing sent to your office. We are hoping

Thanks for your patience and look forward to having your office's thoughts once we provide these responses.

Chad

On 10/11/2016, Chad Young, BLM, wrote: I met with NMFS, WDFW, and WDFW on 10/11 to discuss the Caribbea information. Thanks again for meeting to discuss the Caribbea briefing. As follow up, Chad will work with Betsy and Nelson on updating the briefing information related to the Caribbea information. NMFS and WDFW will also be included on the Caribbea presentation. New Mexico is providing information in January for WDFW review. Chad will be on 10/11/2016 at 10:17 AM.

Comments on this document:

National Conservation Lands, Chad is holding a pre-briefing on Tuesday May 20 at 2:00 pm EDT for WDFW Program Reviewers to review the Cedar City DMAP presentation. Per Ryan's note that follows, this is the final opportunity to make adjustments to the presentation (not the plan document), make sure key points are addressed

Hi Nikki,

I think this package looks good. In the initial BLM section of the Order (on page 2), I would like to request the following change:

Replace this:

"BLM's [REDACTED] on-acre National Conservation Lands System."

With this:

"BLM's 35 million-acre National Conservation Lands."

Thank you,

-Ilana

[REDACTED] Thanks for the opportunity to review the BLM's response/strategy to the Secretarial Order signed by Secretary Jewell in October.

[REDACTED] I see no [REDACTED] in the response/strategy. Surname is recommended from my perspective.

[REDACTED] There may be future opportunities for us to also formulate ways to work with Tribes leading up to the 50th anniversaries of the Wild and scenic Rivers Act and
[REDACTED] National [REDACTED] System Act (2018) based on this SO; however, we are not prepared at this time to offer such an initiative in the response, given the imminent
[REDACTED] deadline. We could consider this idea as we develop our 50th strategies, as appropriate.
