Hi Randy,

The attached map shows the location of the monument in relation to the state and Canadian border. The Katahdin Woods and Waters folks have indicated that establishment of the monument has not restricted public access- the monument lands were formerly private lands.

Please let me know if there are follow up questions, or if a different map is needed.

Thanks!

Great - see you then. Also, could you ask the Katahdin folks whether there are any borders, SState, Canadian, or ito State park or other area, where the establishment of the monument has restricted public access, and if they could send in a map showing the monument in relation to the State and Canadian borders.

Thanks, but I need to come to your office to see your screen - how about 1 pm, in case your call runs over?

Hi Randy,

I'm about to hop on a call with the folks at Katahdin, but I can swing by your office once it wraps up-- likely around 12:45pm?

Do you have time to let me look over your shoulder as you log into the DiscoverText site and let me see what you see so I can send accurate follow-up instructions to the coding group? My scheed is different due to me being the project manager, and I don't want to inadertently give inaccurate directions.

GENERAL NOTES:	
1. Property ownership data shown is compiled from deeds, plats, surveys, and other source data. This is not a surveying quality drawing and should be used for general scaling purposes only. Acreages have been derived from surveys and office compilations.	
2. The Tract Register displays the current NPS interest or the interest to be acquired by the NPS. The OWNER column identifies who the NPS acquired the interest from or the last known owner of record. Parcels that the NPS has acquired and the method of acquisition are listed in the deed column. The symbology defined in the LEGEND identifies NPS owned lands on the map.	
3. Tracts not listed have been deleted.	
4. Maine State Plane Coordinate System, Zone East, NAD83, US Foot.	
5. Dashed tract symbol indicate tract label is located outside the boundary of the tract.
