Hi all,

Please see attached letter from Rep Tsongas in support of the Northeast Canyons and Seamounts National Monument. I have also put a hard copy in the mail. Thank you for requesting our input.

Happy Friday,

Becky

Good Morning Congressional Colleague,

On April 26th, 2017, President Trump issued Executive Order 13792 (FRN attached), which directs Secretary Zinke to provide a thorough review of national monuments created under the Antiquities Act. Included in the review are all monuments designated since January 1, 1996, with footprints greater than 100,000 acres or that lacked adequate public outreach or coordination.

NOAA is reaching out to you as it specifically relates to marine monuments within our purview, and requests written feedback on the monument in your state/district by Monday, July 17. This would greatly assist us in ensuring that we have captured your perspectives in our analysis of marine monument sites under EO 13792.

Please send letters to me at your earliest convenience, but no later than July 17th. Do not hesitate to let me know if you have questions as it relates to this matter.

Best,

Makeda
