Rob. Thanks again for this. Just to clarify, you all plan on sending a formal letter on your letter head based on the request right? If you sent already, just yell at me and then send it again :)

Hey guys, sorry to bother you guys again, but my boss wanted to make sure I sent this over to you all. We really want to make sure that the Organ Mountains monument gets reviewed and would be happy to help during any point of the review process by providing info. We have a number of letters of support and a number of folks on the ground who would be happy to explain the issues to anyone over there. I believe my boss may bring this up to the Secretary when he is on the Hill Thursday and I wanted to make sure I told you both first.

Please let me know how I can help.

Thanks,
