[Monthly Hot Topic Snapshot for week of April 10.docx](#)  
[FY2017 Tracking Spreadsheet.xlsx](#)

Hi Chris and Nikki, the Monthly Hot Topic Snapshot for the week of April 10 is attached. Also attached is the tracking spreadsheet. Please let me know if you have any questions. Thanks.

Britta Nelson, M.P.A., Program Analyst  
National Conservation Lands (WO-410)  
Bureau of Land Management

**April 2017  
Monthly Hot Topic Snapshot  
WO-410 RMP and EIS Review**  
Updated 04/10/17

**Chris McAlear**  
Assistant Director (WO-400)

#### **RMPS AND PROJECTS WITH ISSUES TO ELEVATE/DIRECTORS PRIORITIES**

- **Grand Staircase-Escalante National Monument administrative draft MMP-A/DEIS WO Review.** Utah.
  - **Update:** WO410 is reviewing the response to Utah's follow-up to WO410's comments on the draft MMP-A.
  - **Issues:**
    1. **GSENM.** GSENM has indicated that using livestock grazing as a management tool is not a livestock grazing program issue; it is a vegetation or fire management issue and is outside the scope of this MMP-A. This response contradicts another response which clarifies that the monument would be used as a lab for innovative grazing.
    2. **GSENM.** GSENM indicated that clarification would be provided on the use of monument lands as a lab for innovative grazing. This response contradicts the GSENM comment response that using grazing as a resource management tool is outside of the scope of the livestock grazing amendment.
    3. **National Trails.** Projected lack of adverse impacts to Old Spanish NHT resources should be disclosed within the NEPA document.
  - **Recommendation made to WO410 to surname DTS# 1471, the NOA for the GSENM MMP-A/DEIS (April 10).**
- **WO review of the Craters of the Moon National Monument Proposed Plan Amendment/FEIS.** Idaho.
  - **Update:** WO410 comments submitted April 5, WO410 has not received a response to comment. A staff level pre-brief was held on April 5.
  - **WO410 comment summary:**
    - 1) Clarification requested on how the items from the May 2016 discussion with WO210 and Idaho were addressed in the final MMP-A/FEIS. This includes a stronger scientific framework and rationale for levels of grazing, assurance to the public that the preferred alternative is scientifically sound, and clarifying "manner and degree" and grandfathered uses for WSA.
    - 2) Verification that an existing "Extensive Recreation Management Area" will be reclassified as a "Public Lands Not Designated as Recreation Management Areas" and if this approach is consistent with M8320 (Recreation and Visitor Services Planning Policy) or if changes in RMA status requires an amendment.
    - 3) Suggested adding language from the 2007 ROD to the preferred alternative to make it clear that no new livestock developments will be permitted in the North Laidlaw Pasture or Bowl Crater unless such developments can be shown to provide a net benefit to the objects identified in Proclamation 7373.
    - 4) Noted that there is no clear discussion of how the desired future vegetation condition of North Laidlaw Park and Bowl Crater would be achieved (high ecological condition).
    - 5) Suggested addressing how grazing uses affect volcanic features and geologic processes since one of the purposes of the monument is to safeguard the volcanic features and geologic process of the Great Rift.
  - The planning area is a National Monument that contains lands with wilderness characteristics and a study trail.
  - **DTS# 1515. NOA of the Craters of the Moon National Monument PRMP-A/FEIS is in DTS but has not reached WO410.**

- **WO review of the Section 368 Energy Corridor Region 1 draft review report.** Southern California, southern Nevada, and western Arizona.
  - WO review of the draft report is scheduled for March 27-April 14, 2017.
  - **Issues:** 1) National Conservation Lands have been identified as an issue within the draft report for some energy corridors. 2) The draft review report addresses National Trails in accordance with outdated policy. This issue has been addressed with WO301 with follow-up occurring.
  - **Update:** WO410 met with WO301 on April 6 to address questions raised for how National Trails were addressed in the draft review report (medium potential for conflict). Clarification was provided that the draft review report uses ROW pre-application screening criteria from WO 2011-061. The screening criteria is used to assess level of conflict and to help prioritize applications. The IM identifies National Trails within the “medium potential for conflict” category. Since the 2011 IM, National Trails policy (2012) and the final Solar and Wind Rule (Dec. 2016) were issued. Per the NTSA and National Trails M6280 policy, the BLM may permit uses that will not substantially interfere with the nature and purpose of the National Trails. The final Solar and Wind Rule (43 CFR 2804.35) provides screening criteria for categorizing solar and wind applications. The final rule does not specifically include National Trails within the categories but identifies “lands near or adjacent to the National Conservation Lands which may be adversely affected” as criteria for low-priority applications (lower priority for processing due to resource conflicts). National Trails would fall under the low-priority for processing category in the final Solar and Wind rule because they are units of the National Conservation Lands.
  - **Follow-up:** 1) The Section 368 project team (WO301) will revise the 368 conflict maps to be in accordance the categories under the final rule. WO301 will contact 410 is challenges are identified with the revision. 2) The WO410 National Trails program will review 368 corridor abstracts sent by WO350 for consistency with M6280. WO301 has requested feedback by April 14.
- **DTS# 1527. NOA of the DRMP and DEIS for the Cedar City Field Office Planning Area.** Utah.
  - **NOA is routing in DTS but has not reached WO410.**
  - **No issues.** 259,975 acres contain wilderness characteristics (16 areas). This is an increase from the information contained in the original DRMP (reviewed Jan. 2015) which found 227,508 acres in 14 areas.
    - 1) Prioritize other uses on 190,545 acres (73%) while not protecting wilderness characteristics based on mining claims with anticipated development and other resource management priorities, mainly multiple vegetation treatments for restoring habitat from pinion/juniper encroachment.
    - 2) 69,430 acres (27%) would be managed to protect wilderness characteristics as a priority over other multiple uses. Protective allocations include VRM class II, ROW exclusion, NSO for leasable minerals, recommended withdrawal for locatable minerals.
- **DTS# 1401. NOA of the Boardman to Hemingway ROD.** Oregon.
  - **NOA has not reached WO400.** NOA not routed at Division level.
  - WO410 provided updated language for NSHT for the ROD to the Project Manager and WO210 (Jan 12, 2017).
- **Donlin Natural Gas Pipeline.** Alaska.
  - **No update.**
  - Meeting with BLM Alaska was held on February 27 to discuss State Patent lands of concern within the Donlin project, specific to the Iditarod National Historic Trail. Although it is not feasible to get a ROW reservation for affected townships, BLM Alaska is working to get comments into NEPA for the project, including mitigation for impacts to the NHT.

- **Verde Transmission ADEIS. New Mexico.**
  - **Issues:** Potential impacts to WSR and National Trails.
    - Proposed route crosses Rio Grande River. Eligible and suitable WSR streams in area including additional segments of the Rio Grande WSR.
    - Project would cross the Camino Real de Tierra Adentro NHT and Old Spanish NHT.
  - **Next milestone is review of ADEIS (TBD). Any review is to be coordinated through New Mexico as amendment is not on WO210 priority list for WO review.**
  - **Update:** Scoping Report is being prepared. Scoping indicates opposition to project.
- **Mancos Shale RMP-A NOI, Farmington, New Mexico.**
  - **Issues:** Unknown but WO410 is tracking because the RMP-A proposes to amend four decision types including lands with wilderness characteristics and will analyze potential impacts from oil and gas decisions to the Old Spanish NHT (RMP decisions for the NHT will not be made).
  - **As the RMP-A/EIS moves forward (alts development, impact analysis, etc.). WO410 will participate to ensure that the National Conservation Lands units are adequately considered.**
  - **Update:** draft alternatives will be completed this summer. Public release of the DRMP/DEIS is not anticipated until calendar year 2018. NMSO will coordinate with WO210 on WO review.

#### UPCOMING BRIEFINGS (NEXT 30 DAYS)

- **Lewistown DRMP/DEIS. Montana.**
  - **TBD.**
  - **No issues.** 202,730 acres contain wilderness characteristics.
    - 1) Prioritize other uses on 70,000 acres while not protecting wilderness characteristics. Underlying prescriptions include open to mineral material sales, non-energy leasables, cross-country mechanized travel, fluid minerals with minor constraints (CSU), and livestock; limited to designated routes yearlong; 400 acres of ERMA prescription (potentially); and mostly VRM III.
    - 2) 30,000 acres would be managed to minimize impacts to wilderness characteristics while managing for other uses (13,000 acres of ACECs and approximately 15,000-20,000 acres where actions are in place to protect GRSG).
    - 3) 100,410 acres (49%) would be managed to protect wilderness characteristics as a priority over other multiple uses.
- **Carlsbad Field Office DRMP/DEIS. New Mexico.**
  - **TBD.**
  - **Issue:** Discrepancies in acreages for lands with wilderness characteristics was found in DRMP/DEIS and range from 24,072 to 41,772 acres. **Following up with WO210.**
  - **WSR rationale:** The Delaware River segment was not included in the Preferred Alternative because this area has been identified as an area with high oil/gas development potential. Portions of the Delaware River segment are currently leased for oil and gas development and are surrounded by state lands. Much of the Delaware River segment carries protective allocations associated with the proposed Gypsum Soils ACEC which is included in the Preferred Alternative C.

- **Rio Puerco PRMP/FEIS.** New Mexico.
  - **TBD.**
  - **No outstanding 410 issues.** There are seven areas totaling 37,524 acres of wilderness characteristics.
    - 1) Prioritize other uses on 1,663 acres (4%) while not protecting wilderness characteristics.
    - 2) 6,920 acres (18%) would be managed to minimize impacts to wilderness characteristics while managing for other uses. Travel limited to designated routes, closed to leasable minerals, avoid for saleable minerals and ROW, minimizing impacts and requiring use of existing routes for forest product removal, and VRM III.
    - 3) 28,941 acres (77%) would be managed to protect wilderness characteristics as a priority over other multiple uses. Travel would be closed except as authorized, closed to leasable and saleable minerals, no new ROWs, closed to forest product removal, and VRM II.

• In order to find out if there are any significant differences between the two groups, we can use the **post-hoc analysis** of the ANOVA. The **post-hoc analysis** is a statistical test that is used to determine if there are significant differences between the groups. In this case, we can use the **post-hoc analysis** to determine if there are significant differences between the two groups. The **post-hoc analysis** is a statistical test that is used to determine if there are significant differences between the groups. In this case, we can use the **post-hoc analysis** to determine if there are significant differences between the two groups.

Not on I Scenic and H L o C Tr s

Is the not on I all management co rder a p an included in the al arnet?

Does the p an include objectives and as sile ad management al arnet s owls n uses and ntr ct ons to calgus if the ratio n and purposes of the tr s ?

Other BMP Issu s

Does the BMP include any unique s uses e g assoc ated or tlement agreement or background e g al arnet as included n a Not on I Management pr snt ation? Not off ct the s to not use

Summar ze how the unique s uses or backg ound a fact the s terms uses

 To: Mary S. Ky Anze, Anne S. Ly Pe, Robert S. Ho, Sh.  
 Hi Mary S. Ly and Anne - I thought I'd let you know the Mexico City BMP A to use if here are any signals. I've seen all communications about the NGS back 5 days earlier. We have a new security that the BMP A proposes to amend for the 1st of 1st. I've had links with all domains (China, the US, and all

Thanks!

Nat'l Conservation Lands: a WO denied review of the GSENM DMMP-A/D/S scheduled on January 30 through February 20 will have its review scheduled on January 31. After receiving the review from WO D2131 it will share them along with a WO D238 comment form on Google drive. WO D238 comment review.  
 All on and Rob can provide you with an example of how the following question from our review of the GSENM DMMP-A/D/S helps to help WO D238 review?

[illegible]

Not on 1-Monsters  $\neg$ Not on 1-Conservation Areas and 5 in the De-great one.  
 If  $\text{NRC}$  is a combined RMP: Is there a unique set of de-greats  $\text{NRC}$  to which the NM/NCA?  
 Does the RMP deny the resource objects and areas (RNC) for which the NM/NCA was designed and how do RNCs will be in use?  
 Are all and use planning decisions: the RMP contains all the purposes and objectives: the de-greats go to (land use or Act of Congress that is allowed the NM/NCA).  
 Are new 11y (or 10y or RNC) is the NM/NCA, 1 is in use as an area or assistance area?

Not an I-Scape and H is a Tri x  
Is the natural management color a as an included in the statement?  
Does the natural management color a as an included in the statement?  
Does the natural management color a as an included in the statement?

Other HMP issue  
Does the HMP include any unique issues associated with management or background (e.g. natural or included in a Natural Management process)?  
Summarize how the unique issues or background affect the process.

me e die ai c o  
WO Re iew K ck off fir ef na GSENM Gao na ZHMP Jomendi

The WO admin review period for the Grand Staircase-Escalante National Monument GSENM Grazing RMP Amendment (DRMPA) will run from January 10 - February 10, 2017. To help inform our WO admin review process attached is a link to an overview of the GSENM Grazing DRMPA. I will send the DRMPA and permit application to the WO as of the time you have any questions.

- Farba

When

Tue Jan 31 2017 9am - 10am Mountain Time

What is (b) (7)(C)?

(b) (5) DPP

1. **What is a cell?** A cell is the basic unit of life. It is a small, hollow sphere with a thin outer boundary called the cell membrane. Inside the cell, there is a nucleus which contains genetic material. The cell is surrounded by a fluid called cytoplasm.

2. **What is a tissue?** A tissue is a group of cells that are specialized to perform a specific function. There are four main types of tissues: epithelial, connective, muscle, and nervous.

3. **What is an organ?** An organ is a structure made up of different tissues that work together to perform a specific function. Examples of organs include the heart, lungs, and stomach.

4. **What is an organ system?** An organ system is a group of organs that work together to perform a specific function. Examples of organ systems include the digestive system and the circulatory system.

5. **What is a body system?** A body system is a group of organ systems that work together to perform a specific function. Examples of body systems include the respiratory system and the reproductive system.

Comment: In the sentence

2015-03-16  
 Comment: In the following, we consider the case where the number of nodes is even, i.e.,  $n = 2m$ . The case where  $n$  is odd can be handled similarly. We first consider the case where  $m$  is even, i.e.,  $n = 4k$ . In this case, we can partition the nodes into two sets of size  $2k$  each, and the result follows from the fact that the number of nodes in each set is even.

At this time, I'm not sure what our plans are re: at we do a WDO review of the draft EIS. I'll consult with our local management team here in New Mexico and our NEPA Coordinator and get back to you on that question.

Hi Adrian, thanks for the note. I will make sure and include you on communications on the Ye de project. Thanks for keeping me updated and letting me know what WOTIS support might be needed as you move forward. I do have a question - I saw this project cited in relation to the priority project transition.

Thanks

Hi Georgann, and Michael, thanks again for meeting me in person last month to discuss WOH10's review of the draft on 268En. I say "draft" because I don't review much. Following us can WOH10 get G-5 (one of our ideas so we can check again our review's update in new charts are affected). Thank

On Fri, Sep 20, 2016 at 11:09 AM, Neil on 8-1 to daniel@cin.gov wrote:

Hi Mr. Mai and Mr. Nguyen, I hope you are all well and have had a great week. I wanted to check in with you on the Verde Transmision cin.gov ect RFP amendment (JUS-1) in hoping you can keep me updated on the progress of this project and let me know if support is needed from WOHIO as the draft is being prepared.

Our records show the following project issues:

i) the project reaches sides of the navigable waterways including additional segments of the Rio Grande. The proposed project uses the Rio Grande River Section 7 of the Wild and Scenic Rivers Act requires doing no harm to stream project is not an upstream down stream or on a tributary of a designated river. Based

2) The project would cross the National Historical Trails (the Camino Real Trail and Adena & Ohio State NHT). The project needs to be considered per BLM NCR20

j) There are no audits with wide net characteristics (e.g. rife in long-term or ex-ante) that may have been conducted as part of the RIM's Tax Field Office (RMP Amendment of 2012). Additional reviews may need to be conducted to prepare a complete and defensible CS for the project.

Additional project information follows:

Can You  
Be a Star?

At this time, I'm not sure what our plans are re: a second WDO review of the draft EIS. I'll consult with our local management team here in New Mexico and our NHPA Coordinator and get back to you on that question.

Hi Mr Gabyd, could you please advise Mr Hei Sun's contact information? I missed the request in the original email. He is the main contact person for the project. Thank you for the help. I will be happy to hear from you.  
Best regards,  
Gabyd

Hi Ma & Mia & T - my little hope - you are all well and have had a great week. I was glad to check in with you on the Verde Transmilenio - can you get RMP amendments JUS 1 - in hopeing you can keep me updated on the progress of this project and let me know if support is needed from WOI10 as the draft is being prepared.

Our records show the following project issues:

1) the group of new rules (figure 2) as follows: means, including and/or

2) The project would cross the National Historical Trail (the Camino Real Trail or Adena/Ojibwa Trail NHT ). The project needs to be located at least 100 feet from the trail.

By 1990, the number of people in the world with access to the Internet was 100,000.

Thanks,

Cell: 573
