March 7, 2001

Dear Permittee:

The Arizona Strip BLM will host a training called "Community Based Partnerships and Ecosystems for a Healthy Environment" on May 15-17, 2001 in St. George, Utah. The purpose of the training is to help people in the community understand land management and it's interrelationship with communities. It will also help develop formal and informal working relationships among diverse groups of people interested in the public lands on the Arizona Strip. The course schedule attached shows the recent course put on in Cody Wyoming in February. The training is sponsored and taught by a non-profit organization originally started by the San Bernardino National Forest Association in the mid 1990's.

The training will require attending all three days from 8 am to 5 pm each day. We can invite no more than 50 participants from all walks of life. The trainers have directed that there should be no more than 30% government employees present (including federal, state, county and city agencies) so emphasis is on inviting citizens from the community who wish to participate.

As an agency, we will be holding public scoping meetings this summer for the Grand Canyon Parashant National Monument Management Plan, the Vermilion Cliffs National Monument Management Plan and a revision of the Arizona Strip Resource Management Plan. This training is not part of that public scoping effort. But we are hopeful that partnerships and a good working relationship leading to a better planning effort will come out of this training.

If you are interested in attending, please contact Diana Hawks at (435) 688-3266, email Diana_Hawks@blm.gov or return the attached form by March 19, 2001. Because we are restricted to only 50 participants, we will try to accommodate as many who are interested as possible while still getting as wide a range of participants from all walks of life.

Sincerely,

Roger Taylor
Field Office Manager

Enclosure as stated

Dear (Name):

Thanks for your participation with the Community Based Stewardship course held in St. George on November 30 and December 1, 2001. We strongly feel that Community Based Stewardship is a productive way to get communities and individuals involved in land management decision making. Your time and efforts will help us succeed with this effort here in St. George and on the Arizona Strip.

Future Community Based Partnership or Stewardship courses scheduled for this area are:

January 31 - February 1,2, 2002 Page, Arizona or Kanab, Utah
February 22-23, 2002 Page, Arizona
early March, 2002 St. George, Utah

You can help us by getting word to the people you know about the upcoming courses and their value. If you know anyone who may want to attend these workshops, please get their names, addresses, and phone numbers to Diana Hawks at (435) 688-3266 and we will make sure they are invited.

Attached is a copy of the article Gary McVicker wanted to get to all of you. Also attached is a list of all the participants on this workshop. Again thanks for your participation in the Community Based Stewardship course here in St. George.

Sincerely,

Roger G. Taylor
Field Manager

Subject: James Kent Work Dec. 10-14

We finally have the details worked out for the James Kent Associates work on December 10-14, 2001.
It is called the Discovery Process and I think you will all enjoy it very much.

Here are the folks who will be involved;

Discovery Process Leaders = James Kent, James Kent Associates
Kevin Preister, James Kent Associates

Team leader = Darla Sidles, Grand Canyon Parashant National Monument, National Park Service
Assistant Monument Manager

Team members= Paula Branstner, Grand Canyon Parashant National Monument, National Park Service
Interpreter

Linda Price, Arizona Strip Field Office, BLM Rangeland Standards and Guides Team
Leader

Laurie Ford, Arizona Strip Field Office, BLM Realty Specialist
Larry Gearhart, Arizona Strip Field Office, BLM Recreation Planner

Other Team members = Gail Tunberg, Forest Service in New Mexico
Miriam Simonds, Eastern States Office, BLM
Michael Kronthal, James Kent Associates

I will make the hotel reservations for all the James Kent Associates, Gail Tunberg and Miriam Simonds.
**All of the other BLM and NPS team members please make your own hotel reservations at the Shilo
Inn in Kanab, telephone number 1-800-222-2244 for December 9 (Sunday evening) through
December 13 (leaving Friday morning, December 14).** If you choose to commute from St. George,
you are welcome to do so. Work will begin at 8 am Monday morning and then the team will decide their
work schedule for the remainder of the week.

There will be a room (#153) at the hotel where you may meet as a group and we will also reserve the
board room at the Kanab City Library (374 North Main), which is a brand new facility near the hospital in
town.

Go prepared to have a great time and learn lots. You will need a vehicle to get around the eastern end
of the Arizona Strip (you will be working from Colorado City all the way to Page, Arizona), James Kent
Associates will provide you a notebook but you will need paper to take notes and you may want to take
some extra maps of the Arizona Strip along as well.

Thanks for your participation - I think you will like it.

Subject: Kanab work

Kay - I have reserved rooms for you all on December 9-13 at the Shilo Inn (checking out the morning of December 14), all non-smoking rooms, (telephone 435.644.2562 or 1-800-222-2244).

The Confirmation numbers on your rooms are -

James Kent and Kevin Preister	(double room with two beds)	2231101	\$69/night
Gail Tunberg	(single)	2331101	\$55/night
Miriam Simonds	(single)	2431101	\$55/night
Michael Kronthal	(single)	2531101	\$55/night

Room #153 (where you will also meet)

To hold your rooms, I put them on my government Mastercard - please make sure you put all of your rooms on your own charge cards when you get there.

I also reserved the board room at the Kanab City Library for you (374 North Main, telephone 435.644.2394) for that week. Please check with them on Monday sometime and let them know the specific hours you will need it. Their hours (and the times when you can use the board room) are;

9 - 5 Monday and Friday

9 - 7 Tuesday, Wednesday and Thursday

The only time when you cannot use the library is when they have their board meeting on Wednesday evening from 5-7 pm.

Darla Sidles from our office will be bringing over the overhead projector and a flip chart for your use. She will be commuting from Springdale (Zion National Park) all week and will not be staying in Kanab. Let me know if you need anything else and I will send it with her.

I'm also doing some front work for you before you get here. You should have some names, etc. to contact and I am still working on a community person or two to work with you. You should also be aware that Kanab is kind of a sleepy little town at that time of year. It is primarily a tourist town and so some restaurants shut down completely (Houston's for example). It won't really get booming again until spring so we don't have a lot of choice here. Other communities you will work do not depend so much on tourism. And there is also an opportunity to do more work here in St. George, Hurricane, etc.

And, no, we have not hired Pat Mellor yet. We'll work on it.
