I believe they received copies of earlier versions, such as the one you sent to Earl. However, I had specific instructions today -

Magallanes, Downey

to me

Yes just the two sections and give them by 5 to review.

Here is the report with my suggested sections on Magnuson-Stevens, moved from later in the document, and the Marine Mammal Protection Act. Is it OK to send those sections to NOAA now for a early start on reviewing them ? (just the 2 sections, not the report)

Did they Commerce/NOAA get a copy of the full memo?

Unexpected complication - the report on one of the terrestrial monuments had a section on laws that protect monument resources, and (b) (5) This includes Magnuson-Stevens and MMPA

I created placeholder sections for review here at noon, but since these are your laws (given none of FWS MMPA species are in the NE area) you really need to write these. I took both from the web - M-S a condensation from your web site, and MMPA from several, as yours seemed aimed at fishermen, not the public. I just got the OK to share these for review, and I think Downey (b) (5) The blue underlining here does not show up in the word document. She would like edits by COB today if at all possible.

DRAFT PLACEHOLDERS for NOAA revision:  
Magnuson-Stevens Fishery Conservation Act and Management Act

(b) (6)

Marine Mammal Protection Act
