Thanks, and that's where they were supposed to go. Its the end of the day and my thought process is focused on attachments for other reasons.

Sorry for the confusion, we submitted all information to the Google folder set up for each monument:

[Craters of the Moon](#)
[Grand Canyon-Parashant](#)
[Katahdin Woods and Waters](#)

Let me know if you prefer a different format!

Are there attachments, or is the information coming later?

Hi Randy,

NPS has completed our response to the data call for Craters of the Moon, Grand Canyon-Parashant, and Katahdin Woods and Waters. We coordinated with BLM on the Craters of the Moon and Grand Canyon-Parashant responses.

Per your request, we have compiled information into an "Initial Data Request" folder and an "Additional Data Request" folder for each monument. We have also included Word documents that summarize responses to each question.

Please let me know if there are any questions or follow-up information requests.

Glad to hear the Bears Ears comments are sorted- many hands make light work!

Thanks,
Whitney
