---

Thanks for the NE Canyons summary, and Monday will be fine for the others.

Randy, I'm attaching an executive summary for the NE Canyons and Seamounts Monument that was uploaded into the Google share drive earlier this week. I was expecting executive summaries for the Pacific monuments as well, but they aren't yet complete. Will you be in a difficult position if I submit the Pacific monuments executive summaries on Monday next week?

BLM has provided Executive Summaries for each of their monuments under review, which Downey found very helpful. Would you please provide the same for your monuments - a sample is attached.

I have deleted from all of the BLM reports, including the sample, information which is addressed in the economic reports, to avoid duplication, so please don't include economic data in your summary.

Jeff, one for Hanford Reach, one covering the Pacific marine monuments and one for NE Canyons and Seamounts might be the easiest approach for you, but if you want to do more for the Pacific, feel free.

Could both agencies have them done within 2 weeks?
