I misunderstood, Downey wants LWCF acquisitions in all NPS monuments, not just the ones under review. Please use the BLM table as format for submitting the information.

Hi Randy,

Nadine Leisz in our lands program is working to pull this information, but had a couple of clarification questions regarding this request. I am looping her in here so she can follow up with you directly.

Thanks,
Whitney

Whitney, can you get the appropriate people started on this. I am seeking clarification on whether she needs it tomorrow or Tuesday, since Monday is a holiday.

Can the Park Service please provide the same numbers that BLM has. Need this by Monday.
Thanks.

Hi Downey,

Please find attached (and below) the number of BLM acres purchased with Land and Water Conservation Funds in National Monuments that we can document since 2009. We could obtain acreage data prior to 2009, but it would require a data call and could take up to several weeks to collect all the info from the state offices.

Please let me know if this the information satisfies what you needed or if we can help with anything else.

Hello Nikki:

Here are the LWCF acquisitions, within monuments, that we can document since 2009. Obtaining acreage information prior to 2009 could take several weeks as we contact state office staffs and review several other potential data sources.

We will let you know as other data sources become available. Please let us know if this is sufficient for now.

Thanks....
