

This seems a little off - the attachments are with the draft (b) (5) DPP, while they were supposed to be with the report, and figure 3 is upside down. Suggest you contact Kimberly Edwards in SOL about getting a copy of just the attachments and not the memo, since its my understanding that the report is what is being cleared today.

Attached are the materials referenced in the draft Monuments memo. Apparently, there were technical issues with formatting and scanning them, esp. including the map.
