Hi there. This is not the full itinerary but includes events and meetings where briefings are needed. Note we need two different sets of talking points coordinated with Comms. **This list is very close hold please do not share or send out in its entirety to anyone.**

You can go ahead and generate these documents and send out asap tomorrow. Note he leaves Friday around 3 so I would say these need to be in by COB tomorrow so we can assume they will all be late and we can bother them up until Friday morning early to adjust as necessary. I would send separate emails to flag for people besides the google documents. This is a big trip he needs lots of prep. Thanks.
