Subject: Secretary Zinke Trip to San Juan and Kane County

Good morning Downey This is Utah State Representative Mike Noel from Kanab. I just wanted to write and express my thanks and appreciation for Secretary Zinke's tour of Bears Ears and Grand Staircase Monuments. I also want to thank you for your attendance and professionalism in handling these high profile matters and allowing for meaningful state input to the decision process. The vast Majority of Utahans are supportive of rescinding Bears Ears and significantly reducing the size of Grand Staircase. The Patagonia "made in China" crowd are the minority voice. It was a pleasure to meet you. If I can be of any help on any of these issues please feel free to contact me. I have a 42 year perspective on land management in Southern Utah and in rural Utah in general. I have been in Washington DC since early Thursday morning and will be here until tomorrow. I have had personal meetings with Senator Hatch and Senator Lee on these monument evaluations and as you know, the Utah Delegation is supportive of rescinding Bears Ears and following the recommendations on the map that Kane County and Garfield county submitted to the Secretary at our meeting in Kanab. Again, if you have any questions about anything related to the monuments, or other public land management matters, I can be contacted at 435-616-5603 cell or 435-644-3996 office. Sincerely Mike
