Lee,

Should we provide you the grazing information for Gold Butte (for that portion of the monument within Lime Spring and Mesquite Community allotments)?

Thanks again for meeting with us last week. It was a nice day out in the field.

Lorraine

Monument Managers,

Please see the email from State Director Ray Suazo and also the forwarded email from AD-400 Chris McAlear regarding the subject of monument review.

The attached Word document file "Initial Data Request Related to Review of National Monuments" contains a list of items for which information needs to be gathered for your national monument. Please begin to compile the requested information. I will contact each of you on the afternoon of Tuesday May 23 for an interim check on the progress of the data collection. All data collection should be completed and submitted to me by Friday May 26. I will review and upload the data the following week to meet the June 2 due date for the data call.

I will also forward to you the direction from DSD-Communications Amber Cargile regarding media inquiries and public comments relating to Executive Order 13792. Please assure that staff are also aware of this direction.

Let me know of any questions about the monument review. Thank you for your assistance in responding to this information request.

FYI, I will provide Ken's name as the lead who will coordinate for AZ. My preference is also that Ken be the person that loads the data in an effort to have thorough review and consistency. However, we can consider over the weekend and make a final determination on Monday.

State Directors:

National Conservation Lands received a data call to respond to Executive Order 13792 of April 26, 2017 (82 FR 20429, May 1, 2017) directing the Secretary of Interior to review certain National Monument designations or expansions under the Antiquities Act of 1906, 54 U.S.C. 320301-320303 (Act) (see attached).

The timeline for this data call is a short turnaround for all monuments, due by June 2, 2017, with the exception for both Grand Staircase Escalante National Monument and Bears Ears National Monument with an expedited due date of May 17, 2017. WO-410 needs assistance with this data call through the National Conservation Lands State Leads and from the affected Monument Managers, or the State Directors' designee, to gather up the desired information. Please review the attached word document for list of needed information and the list of National Monuments under review. We are expected to provide available data and information but not to create data or information or speculate on responses.

A Google Drive document folder is being established to easily transfer electronic files for each of the National Monuments under review. The desire is to limit access to assure consistent data collection. WO-410 is asking each of the States to provide names needing access for each National Monument and the lead

from your state to oversee/coordinate this data call.

The two Utah National Monuments will help us to streamline the process and provide more specific guidance for the other National Monuments and the work load associated with this request. A follow-up email will provide more direction for all other BLM National Monuments under review later next week.

Please provide Timothy Fisher (tjfisher@blm.gov) a list of contacts for each monument who will need access to the google drive folder by COB Tuesday May 16, 2017.

The National Conservation Lands program appreciates your support in assisting with this important data call

Thank you!
