Thanks Randy for the instruction. We'll get hard copies of the comment letters addressed to BLM from Jan. 20 and forward.

For Bears Ears, if we get the letters to you by June 2nd will that work?

And for the other monuments, can you identify a due date?

Thanks, Sally

I don't remember who all was still in the meeting room at the time, but we decided to use January 20, 2017 as the earliest date from which we would consider comments. Exec Sec is taking care of letters to the Secretary for us, so I would only need ones addressed to BLM after Jan 20.

Unfortunately, hard copy works best. Jennifer says loading emails in the [regs.gov](#) system doesn't go well. If possible, the printed letters - don't need tracking or cover sheets - should go to Jennifer Stevenson in room 5013 MIB - this is one of the rooms that goes behind the elevators, so whomever delivers would need to go in and then turn right.

If you need to report disposition in your tracking system, that could be "entered as public comment".

Randy,

We discussed at last week's meeting that we would provide the comments we've received in our Data Tracking System (DTS) that support or oppose monuments. Most of these letters are addressed to the Secretary and copied to the BLM. Though we do have a few that are addressed to the BLM.

We also discussed a logical date to provide comments. I suggested the date that the Secretary was confirmed. We have 100s of letters from that time and forward, and many from before when he was nominated.

Can you provide the details about if and how you'd like these comments provided? Electronic or hard copy? You mentioned coordinating with Jennifer. I can't recall Jennifer's last name.

Thanks for sharing how you'd like to proceed with the above.

Sally
