VI. Weekly Report:

Week Ahead Announcements and Actions

On November 13 - December 12, BLM-AK will host public scoping meetings for the Ambler Road Environmental Impact Statement (EIS) in Allakaket (Nov. 13); Anaktuvuk Pass (Nov. 14); Alatna (Nov. 15); Fairbanks (Nov. 16); Wiseman (Nov. 17); Anchorage (Nov. 20); Kobuk (Dec. 4); Ambler (Dec. 5); Kotzebue (Dec. 6); Shungnak (Dec. 7); and Evansville/Bettles (Dec. 12). The proposed road, which would be available for industrial use only, would further mineral exploration in the area and facilitate the development of hardrock mines. The public scoping period will end on Jan. 31, 2018.

On November 13 - 15, Kathy Benedetto, BLM Senior Advisor, will attend the Idaho Cattle Association Annual Convention in Sun Valley to discuss the Sage-Grouse issues, including the Sage-Grouse Secretary's Order.

On November 14 - 16, ASLM Deputy Assistant Secretary, Casey Hammond, will participate in meetings in Vernal, Cedar City, and Snowville, UT, respectively, to hear public comments in connection with BLM's Notice of Intent (NOI) to amend the Greater sage-grouse land use plans.

On November 16, Acting ASLM Kate MacGregor will deliver the keynote address at the Grand Junction Petroleum and Mining Club's monthly meeting in Grand Junction, CO. Entitled *DOIs Role in Energy Dominance*, her remarks will focus on the Administration's energy-related priorities, including efforts to streamline the environmental review and permitting processes, reduce regulatory burdens on energy development, and boost rural economies through job creation in the energy industry.

30 - 60 Day Look-Ahead

On December 1 - 2, Acting BLM Director Mike Nedd will attend the Western Governors' Association Annual Meeting in Phoenix, AZ.

On December 6, BLM-AK will hold an oil and gas lease sale for 900 tracts totaling 10.3 million acres in the NPR-A. There have been 12 previous NPR-A lease sales since 1999, but this one will be the first NPR-A lease to take place using livestream video. In addition, this is the first time that all available tracts will be offered for lease, which is a potential source of controversy. Further controversy is expected if BLM-AK modifies the Integrated Activity Plan prior to the sale. Bidding is expected to be moderate.

On December 7, BLM-NM will hold an oil and gas lease sale for 7 parcels totaling 2,104 acres in Eddy and Lea Counties. The sale is expected to be controversial and is likely to be protested by environmental groups concerned with the potential impacts of hydraulic fracturing on air and water quality. The bidding is expected to be robust.

On December 7, BLM-CO will hold an oil and gas lease sale for 10 parcels totaling 1,227 acres in Garfield and Mesa Counties. The sale will likely be controversial due to recent media coverage regarding leasing in the Grand Junction area overlapping with potential solar sites. Bidding is expected to be robust.

On December 7, BLM Senior Advisor Kathy Benedetto will give the keynote address at the Public Lands session of the American Exploration and Mining Association Conference in Reno, NV. Ms. Benedetto's remarks will focus on opportunities for the mining industry to work with the Administration in light of ongoing regulatory reform and energy development efforts undertaken in connection with various Executive and Secretary's Orders that have been issued since the beginning of the Administration.

On December 12, BLM-NV will hold an online oil and gas lease sale for 208 parcels, totaling 388,959.402 acres in White Pine, Lincoln and Nye Counties. At this time, bidding interest is unknown.

On December 12, BLM-MT will hold an oil and gas lease sale for 204 parcels totaling 98,889 acres in Big Horn, Custer, Carter, Fallon, Garfield, Powder River, Richland, and Rosebud Counties. BLM-MT expects minimal controversy with this sale. Bidding is not expected to be robust.

On December 14, BLM-Eastern States will hold an oil and gas lease sale for seven parcels totaling 1,185 acres in OH and LA. The sale will include five parcels totaling 350.06 acres in the Wayne National Forest, Monroe County, OH; and two parcels totaling 834.70 acres in the Kisatchie National Forest, Natchitoches and Winn Parishes, LA. The parcels being offered in the Wayne National Forest are expected to be controversial as several environmental groups are attempting to prohibit hydraulic fracturing in the area. At this time, the level of bidding interest is unknown.

On December 14, BLM-UT will hold an oil and gas lease sale for 75 parcels totaling 94,000 acres in Duchesne, Uintah and Emery Counties. The sale is expected to be controversial due to the nomination of parcels near Dinosaur National Monument. Two of the three parcels nominated by industry for consideration near the boundary of the Monument have been deferred pending consultation with the NPS.

The remaining parcel contains both BLM-managed and split estate land, with a small portion in view of the monument. The BLM, however, has applied stipulations for light and noise pollution, and to minimize impacts to air quality and the scenic view shed. Bidding is expected to be robust.

On December 14, BLM-WY will hold an oil and gas lease sale for 45 parcels totaling 72,843 acres in Laramie, Sweetwater, Uinta and Lincoln Counties. The sale is not anticipated to be controversial. Bidding is not expected to be robust.

On December 15, BLM-CA's Bakersfield Field Office will meet with the California Resources Corporation (CRC), the California Department of Fish and Wildlife, and U.S. Fish and Wildlife Service to discuss CRC's proposal to donate its mineral estate in the Carrizo Plain National Monument in exchange for mitigation credit for projects conducted in the San Joaquin Valley. The BLM is strictly a facilitator for these meetings and does not anticipate having to make a decision.

During December (date TBD), BLM-CA's Bakersfield Field Office will participate in a U.S. Forest Service (USFS) public meeting in Fillmore, CA regarding four Applications for Permit to Drill in the Sespe Oilfield, which is adjacent to a U.S. Fish and Wildlife Service refuge and a California Condor sanctuary. The USFS is the lead Federal agency for the preparation of the NEPA analysis. BLM anticipates a negative reaction to the proposed wells from local residents who in the past opposed oil and gas development and because of the presence of several active anti-oil and gas organizations in the surrounding counties.

60	SD	BLMR001545	FRN	Notice of Availability of the Draft Resource Management Plan and Draft Environmental Impact Statement for the BLM Carlsbad Field Office, New Mexico	A revision to the 1988 Carlsbad Resource Management Plan (RMP) is necessary because a number of changes have occurred in the planning area since its publication. New resource issues have emerged; new resource data are available for consideration; and new policies, guidelines, and laws have been established. The changes are in part due to continuing fluid and solid mineral extraction and energy developments in the area, and new technologies being used to extract those resources. HOLD		04/05/2017
