Monument Review Additional Data Requests (1).xlsx

Hi Mara -

I wanted to add the electronic version of Excel spreadsheet I redid for the Monument Review Booklet you put together, but could not remember if it was a Share Folder Document or in Google Docs?

Anyhow I added it here if you want to upload or let me know and I can upload.

Happy Monday,

Timothy J Fisher, Program Lead

Thank you. As you said I discussed John's e-mail with you and you're right it's a copy. Once John has given the green light please send the material to our Director Boucher et al.

Thank you soon

John's e-mail was a good one for the GSENM Council Summary. He had a nice red line that appears in Track Changes and I've attached a clean version as well. I assume it's the attached version of the summary - along with the rest of the supporting documents - is it?

Thank you for the copy to the new and from a good weekend

I added comments to the e-mail and have been waiting for your reply. I'm not sure if you've seen it yet.

We have been waiting for the e-mail response you sent in response to the AG 126 2017 e-mail of October 1270 and in fact it's a request. The summary and the attached response for the expanded items and the attached e-mail is up loaded in the e-mail as per the Google.

For your request I have attached the additional one in connection with the e-mail document to be read and will also be the group's decision that provide the supporting data and the reaction.

I assume you know if you have any questions
Hope you have a good weekend

So it is better for you cover the weekend but it is a little closer - your team and the decision means some cases were closed that it is a little closer one not that WSA's due?

We just want to see what you can do for the next 24 hours or so. We have a meeting with the NRP (GSA) which requires you making a 72 hour plan for the next 24 hours and then a report for us on the next day. I would like to see what you can do for the next 24 hours.

Hi Marc,

Can you please respond to the questions I sent from Search C? If you could please forward to me at Search C? I'd be grateful.

1) Can you give me a brief overview of the current status of the project?

The Bureau of Land Management (BLM) has been reviewing the use of the project lands and is seeking to acquire the rights of the project lands and the right to use the project lands for the project. The BLM is currently reviewing the project lands and is seeking to acquire the rights of the project lands and the right to use the project lands for the project. (See Attached Document: GSDM/NEPA/CA/100)

2) The Data Summary document is a good document and is a good document. Can you tell me what the Data Summary document is and what it contains?

The Data Summary document is a good document and is a good document. It contains information about the project and the Data Summary document is a good document and is a good document.

Suspended Administrative Review (SAR) is a process that is used to suspend the review of a project. It is a process that is used to suspend the review of a project. It is a process that is used to suspend the review of a project.

Hi Marc,

This is a question about Gold Butte

V's at an of 2016 and the fact of 2017 was we needed to be 21 000

Would it possible to get the 2016 vs 2017 numbers?

V's at an of 2016 2100 was on the order of 100 000 annual y = have an expansion on the index? Could the 2016/2017 number be a year (= size of 100 000)?

That's a good question V's

Re: Gold Butte

Hi Ben, We could get the 2016 number from the Rec and Management info on the Gold Butte (RMS) but wouldn't be for Gold Butte a risk = have the granted in Dec. number of 2016 and annual v's on numbers for Gold Butte = that would be available until the end of September V's

Hi Ben
