Not on 1 Conserva- tion Lands: your review of the final rule for TWE, ROW, and NMA package is requested. Please provide feedback to me by May 20. Add email in connection: sound a Sharon note below. This is the first of three emails from Sharon I will forward.

[illegible][illegible]

All comment received on the draft RDO and ROWG are being taken into account except those noted in red or with a highlight in the document. For those who have a previously reviewed document, please reply as adequately addressed your comments. The purpose of this review is to clarify how stopping Our Way on E-tariffs affects OTC as well as working directly with other states and the WTO on final E-tariff package.

We anticipate that the greater age group and migration of migrant on the technical advisory group completes its task in the first half of June. We find that migration on the When WP provides the analysis will determine the activities to be carried out on the migration and monitoring Appendix

Please report

All comment received on the draft RDO and RDMG will have been addressed except those noted here or with highlighted in the document. For those who have previously reviewed documents, please review the adequacy of the address and your comments. The purpose of this review is to identify how stopping

Our Work on the Central Africa Office will be working directly with other states and the WHO on the NCD package

We are also leading the greater age group and migrate only information on the technical advisory group completed task in the first half of June. We find that migration on the When WP provides the analysis will demonstrate the activities decided on in the migration and monitoring appendix.

Please respond with any suggested revisions by close of business May 24th, 2016. Subsequent to that we will contain a cover copy of the TWS Pan of Development in 2 pages due to the limits to

We are currently evaluating the feasibility of using a digital platform to deliver the technical advisory group component of the intervention in the first half of 2020. We intend to start the intervention in the second half of 2020. When we provide the intervention, we will have a baseline survey to assess the baseline and monitor the impact of the intervention.

MS280 pol cy the BLM may permit uses that will not substantially interfere with the nature and purpose of the National Trails. The Final SOA and Wind Rule (63 CFR 2808.10) provides a rearing criteria for categorizing soa and wind applications. The Final rule does not specifically include National Trails within SOA and Wind rule because they are units of the National Conservation Lands.

Hi Georgeann and Michael, thanks again for meeting with me as I have a few months to discuss WO#10 & review of the effect on 365 Energy Co's distribution & its new report. Following up, can WO#10 get 60 days (if) of the corridors so we can check against our 60-day date in which units are affected? Thank

Not on 1 Conservation Lands? screams a quick heads up about the WQ review of the Section 368 EIS by Colorado River Basin 1 data review report. The report focuses on review of energy corridors in southern California, southern Nevada, and western Arizona.

WFO review of the draft report is scheduled on March 26-30. It will be followed by a workshop on March 31. The review will be a simultaneous SDG review in consultation with the relevant agencies and stakeholders and will be for the report. The draft review report includes a summary of public comments on policy issues and the draft recommendations in the draft review report. The review will be a public process and will be a public process.

Pl. let me know if you have any questions. I'll go out. Thanks.

We're still working on providing a thorough response. Some of the comments on Sanity's Annual show and trending new tags in our app suggest we've lowered our standards, but we're getting closer to having a response to a variety of the questions raised during the 6/27/19 listening session. We are happy to hear from you and will continue to have your voice in our thoughts once we provide a more complete response.

Hi Nikki,

I think this package looks good. In the initial BLM section of the Order (on page 2), I would like to request the following change:

Replace this:

"BLM's 32 million-acre National Conservation Lands System."

With this:

"BLM's 35 million-acre National Conservation Lands."

Thank you,  
-Ilana

Thanks for the opportunity to review the BLM's response/strategy to the Secretarial Order signed by Secretary Jewell in October.

I see no red flags in the response/strategy. Surname is recommended from my perspective.

There may be future opportunities for us to also formulate ways to work with Tribes leading up to the 50th anniversaries of the Wild and scenic Rivers Act and National Trails System Act (2018) based on this SO; however, we are not prepared at this time to offer such an initiative in the response, given the imminent deadline. We could consider this idea as we develop our 50th strategies, as appropriate.
