[illegible]

As to the two items to be removed, the first is the 1988 BLM map of the San Juan National Forest and Monument. I did not make the map, and I am not responsible for its content.

The second item is the 1988 BLM map of the San Juan National Forest and Monument. I did not make the map, and I am not responsible for its content. The map is a historical document and is not subject to the same review as the other items.

The two items are attached for your review. I am not responsible for their content.

Very truly yours,
William L. Gorman
Director, Bureau of Land Management

1. Is this a test of a WSR?
 Did the FO complete WSR at all? If yes, on what date and for what purpose?
 Did the FO complete a test of two variables and determine limits for a large data set on the accuracy of the test?
 Are all data manual data (i.e. data made for a WSR at all)?
 Is the WSR Study Report included as an Appendix in the report?
 For segments determined not to be able to do so, the test is not conducted.

Does the paper include all management activities as well as all management issues, and does it aim to subsume all the relevant and purposes of the firm?

Does the RMP include any unique or unusual use or background (e.g., historical or cultural, natural or Monument-protection) that affects the natural resources? How the unique or unusual use or background affects the natural resources.

Please let me know if you would like to discuss. Thanks! @itsa

Hi Adrian, thanks for the note. I will make sure and include you on communications on the Ve de project. Thanks for keeping me updated and letting me know what WOTD support might be needed as you move forward. I do have a question - I saw the project didn't land on the priority project timeline.

Hi Nikki,

I think this package looks good. In the initial BLM section of the Order (on page 2), I would like to request the following change:

Replace this:

"BLM's 32 million-acre National Conservation Lands System."

With this:

"BLM's 35 million-acre National Conservation Lands."

Thank you,
-Ilana

Thanks for the opportunity to review the BLM's response/strategy to the Secretarial Order signed by Secretary Jewell in October.

I see no red flags in the response/strategy. Surname is recommended from my perspective.

There may be future opportunities for us to also formulate ways to work with Tribes leading up to the 50th anniversaries of the Wild and scenic Rivers Act and National Trails System Act (2018) based on this SO; however, we are not prepared at this time to offer such an initiative in the response, given the imminent deadline. We could consider this idea as we develop our 50th strategies, as appropriate.
