Hi Ryan, I hope you are well. W0410 has the NGA for the Southern ten States PMP/F&S in OTS. There are remaining scores that were to be worked out by Eastern States, W0210, and W0410 but the additional scores have not been agreed yet. Should we set some thing up, a discussion or is that something I could do?

Table A1 presents a summary of each of the four hypotheses and the tests used to evaluate them. The hypotheses are:

- H1: The impact of the BSA on the number of new cases of COVID-19 is negative and significant.
- H2: The impact of the BSA on the number of new cases of COVID-19 is negative and significant, and the impact of the BSA on the number of new cases of COVID-19 is negative and significant.

Hi Georgmann and Michael, thanks again for meeting with me a few months ago to discuss WOT10's evolution of the effect on 360EnrgyCo's carbon footprint. Following up, can WOT10 get G5's buy (s) of the carbon credits we can check against our own G5's data in the which units are affected? Thank!

Hi Mr. Malen, I really hope you are all well and have had a great week. I wanted to check in with you on the Verde Transonic design and RMP amendment. I'm hoping you can keep me updated on the progress of this project and let me know if support is needed from WO610 as the draft is being prepared.

Hi Adri - thanks for the note - I will make sure and include you on all communications on the Vo de project. Thanks for keeping me updated and letting me know what WDAIO support might be needed as you move forward. I do have a question - I saw that page 11 is still in draft for per city page 11 (transcript) and
