FYI...another reminder to attend the webinar on Streamlining Planning & NEPA. I know we now have a conflict with the Dino/Science Media visit but let's extend the invite to the entire ID team, so we will get some GSENM participation.
Thanks

UEL, Please make sure your line officers, P&EC leads and tribal coordination folks participate if at all possible. The ELT had a good discussion with Dep Sec. Bernhardt and ASLM yesterday. They stressed all of us squeezing all time and extraneous process delays out of our decision-making. That will take all of us and our teams focused effort to ensure we meet the deadlines and page limits. We will talk about it next week in Richfield. Thank you. Ed

This event has been changed.

Title: Webinar: Update on Streamlining BLM Planning & NEPA

This webinar is for all BLM line officers, BLM tribal coordinators, and BLM state planning and environmental coordinators. The goal of the webinar is to provide you with an update on the BLM responses to recent direction to streamline its land use planning and NEPA processes in support of energy independence, infrastructure development, and other priorities. BLM line officers are encouraged to join the webinar from a conference room in their office so that their staff can listen as well. The webinar will be recorded and posted internally for those who are unable to attend.

The final report to Secretary Zinke on streamlining planning and NEPA is available at this Sharepoint site (best viewed in Internet Explorer or Chrome's IE tab):
