Hi Cindy,

We also submitted this to ASLM last week which has the specific ROV's if that helps. Please dont distribute the table but all the information within is publicly available in the proclamations or legislation as Ilana referred to.

Hi Cindy,

Sure! Here is our most recent list of Monument/NCA ROVs. It is from late 2013, so the newest monuments are not included. Those units' ROVs could be taken from their proclamations, as you mentioned.

I hope this helps!

I am trying to find an "official" list of all of the "objects" in our Monuments/NCAs. Our Regional Solicitor's office thought that you might have such a list.

I was wondering if the spreadsheet below, with ROVs identified for each Monument/NCA might be the best we have for articulating/lining out all of the Monument Objects? We have several additional lists here at GSENM, but they don't necessarily exactly correlate with the ROV list. Of course we have the list taken word for word from the Proclamation. We also have the attachment to the Secretarial Memo for GSENM that lists the objects and goes into much more detail than the Proclamation language. Then we have the list that we use in our annual Managers Report.

Can you provide any insights?

Thanks

Cindy,

Good afternoon. I am compiling all of the information reported in all of the Manager's Annual Reports. I am unable to put numbers to all of the ROVs reported for the GSENM; we need the numbers for our performance measure calculations and for accounting. Can you please put numerical values in the yellow highlighted "Unknown" cells for GSENM on the ROVs tab in the attached Excel workbook? The ROV tables were not the same as the template provided in the IM for the reports.

I will need this as soon as possible and will try to follow-up with you next week.

Thanks
Erinn
