I don't see any reason not to give some details. Many/most people will never see the memo. However, I'm OK with whatever Downey decides.

Having thought a little more about it, I agree. I suggest this instead, which provides some back-up for our assertions and is a little shout-out to NOAA. This is their wording condensed by me:

(b) (5) DPP

(b) (5) DPP

A large rectangular area of the document is completely redacted with a solid black box.

Did you have the previous version of the proclamation that included more text on specific protective measures, summary of Magnuson-Stevens etc?

I was presuming you had seen that and decided all the additional wording was not needed. I have no problem with a short proclamation, but thought I should check.
