I got some great feedback from Tyler, Kent and even Mrs. Kim Finch, which has been incorporated into a new draft. You will notice that there are still some placeholders, but I wanted any specialists who are working from home to have the most recent version.

Joe- I will come find you next week- I spoke with WO 410 and I think (hope) the language in Section 103 is neutral and vague enough for our current purposes.

Wishing you all a very Merry Christmas- enjoy time with your families and don't think of this again until you have to. :)

All-

Please find attached a clean copy of the first draft of the legislative report for H.R. 4532, the Shash Jáa National Monument and Indian Creek National Monument Act. I recently reached out to Tyler, Laurie, Alan, and Joe to review specific text excerpts, as noted. I also have a call with WO 410 tomorrow morning to review our response to Sec. 104.

Ed has requested that we provide a final version for his review by COB on 12/28. Therefore, I am requesting that Abbie & Kent (or acting DSD) and the District Manager (Lance or acting) respond with any necessary edits or a note of concurrence by COB on Tuesday, 12/27.

You are welcome to return comments in a Word document using Track Changes or you can make comments and edits directly into the [Google Drive Document](#). (Note: Please click the pencil in the top right corner to turn on "Suggesting Mode". If you would like to see resolved comments, you can do so by clicking the "Comments" button in the top right header bar.)

You are, of course, welcome and encouraged to delegate the review to appropriate staff members, as you see fit.
