In terms of the review, we received a data call to respond to Executive Order 13792 of April 26, 2017 and are working on responding to that now. The timeline for this data call is a short turnaround for all the monuments, due by June 2, 2017, with the exception for both Grand Staircase Escalante National Monument and Bears Ears National Monument which had an expedited due date of May 19, 2017.

We have also been asked to pull together a public comment review team of 6-8 people to begin going through comments. We should have that team organized for BLM by COB Wednesday if not sooner.

Please let me know if you have any other questions!

Hi Nikki  
During your coordination at the 3:00 meeting, you briefed the Team on the comments/reviews of the Order on National Monuments. You also spoke about public meetings or listening posts.

Would it be possible for you to share with me the list of meetings or listening posts? And also does WO 400 have an implementation plan for the Order - like the next steps in terms of gathering comments/responses, etc for BLM to meet the intent of the Order. I do have a copy of the Order.....

Thanks in advance  
Gene
